No better indication of the conditions of Saturday, October 6-Gnancial prosperity existent in the entire Transmissouri region at present could be cited than the statement of carnings and expenses of the Union Facific Railroad company for the months of July and August Wednesday. October 2-The statement includes the gross receipts for these two months of the Union Pacific. the Oregon Short Line and the Oregon Railway & Navigation company, and after deducting all expenses, including taxes, shows a net surplus of \$3,272,724.15. This surplus is considered almost beyond

The leading mills and factories of the country ship us their goods direct, as our tremendous wholesale business throughout the Trans-Mississippi country puts us on the same footing as the largest jobbers. We thereby save the middleman's profit which ordinary buyers through second-hands are compelled to pay.

What store in America can boast of handling exclusively the product of such great mills and factories as the Amoskeag Flannel Mills, the famous Chicopee Mfg. Co., the well known Ellerton Mills, the Victoria Mills, the Appleton Quilt Mills, the Windsor Cotton Mills, the White Star Percale Mills, the Arlington Mills, the Atlantic Mills, the Lawrence Lonsdale Co., the Brookfield Linen Works, York Street Spinning Works, Goodall's Celebrated Woolen Mills, Farnsworth Worsted Mills, Arkonia Mills Co., Foiwell Bros., Wm. F. Read, the Star and Crescent Works, Penobscot Linen Mills, the Lowell Worsted Mills, the Botany Worsted Mills, the leading mills and factories of the country?

The Big Store stands between the people and attempted combinations and alleged trusts cannot force us to maintain their exhorbitant prices. We know the factories we have contracted with and that we will have no difficulty in obtaining more goods when these immense purchases are disposed of. We fearlessly break their prices.
