FUSIONIST LEADER ASKED TO MAKE GOOD

Democrats Resort to Old Cry for Purpose of Letting Themseives Down Easy in Defeat.

Chairman Outrom of the republican county committee yesterday gave out the

"I have reason to believe that this charge is simply in the nature of the Whop thief to cover up the crooked work that is to be done in behalf of the fusion ticket. So far as the republicans are concerned their sole effort has been and will be to get all republicans entitled to vote at the

It will be remembered that when this charge was made in a statement printed over the name of Chairman Gilbert of the democratic city committee Edward Rosewater had him arrested for criminal libel and challenged him to produce a single person whose vote was fraudulently cast. After giving three weeks to scrape up witnesses not a single piece of evidence was produced, but Mr. Gilbert crawled out on the technical plea

Before the hearing in the office of the county clerk the secretary of state had handed down a ruling to the effect that mid-road populist candidates could go on the official ballot, but that they must be designated as "mid-road populists," and Judge Holmes of Lincoln had reversed the decision of the secretary of state.
