If you have "a good mind to write to Dr. Pierce" take pen in hand and begin. Then you'll avoid the experience of Mrs. M. P. Davis, of Honaker, Russell Co., Va. She writes:

I had four doctors and they said I could not be cured......After the doctors said I could not be cured I wrote to Doctor Pierce for advice...... I followed the advice he gave..... I feel better than I ever did. My friends say I do not look like the same woman. I am sorry I did not take Dr. Pierce's medicine when I first began to have poor health. I could have saved what I paid to humbugs."

No one ever regretted writing to Dr. Pierce for advice. Many have regretted not writing sooner.
