Tonight the attraction at the Dohany theater will be "A Female Drummer." The comedy is in three acts and the special scenery is wonderfully realistic. The first act introduces the company in the business offices of Smooth, Silk & Co.; the second act shows the interior view of the large department store; the third act is that of the saleslades' ball in the tropical gardens of a well known New York hotel. Considering the exceptionally strong cast and the magnificent manner in which it will be staged the play is said to be one of the very foremost successes of the season.

Republicans Expect to Properly Celebrate the Glorious Vitory Tonight.

ALL THINGS READY FOR MONSTER PARADE

Election of McKinley to Be Made the Occasion of a Triumphal Tour of the City by the Jubilant Hosts.

At the meeting of the several committees last night in County Chairman Wright's office the final details of the monster ratification blowout with which the republicans of Council Bluffs and vicinity will celebrate this evening the grand victory at the polls last Tuesday were decided on. The celebration will take the form of a big parade through the principal streets, at the close of which short addresses will be delivered by prominent speakers from a platform at the intersection of Broadway and Fourth street, where a huge tar barrel bonfire will blaze.

Congressman Dave Mercer of Omaha has promised to be present and make a short talk and the committee in charge has expectations of Senator Dolliver being here. Governor Shaw and State Chairman Weaver have telegraphed their regrets at being unable to be present. Hundreds of pounds of colored lights will illuminate the line of march and with the noise produced by the shotgun brigade and other elements everyone will be able to realize that the republicans are celebrating.

Colonel E. R. Fonda has been selected as marshal of the parade and he in turn has appointed C. B. Randlett as chief of his mounted staff. The mounted aides will be: W. A. Highsmith, J. P. Greenshields, George S. Kitchen, Sumner Knox, Ed Canning, Theodore Guittar, A. W. Askwith, Harry Brown, W. F. Sapp, William Arnd, Frank Reed, R. V. Innes, Ovide Vien and Frank Everest.

The column will form as follows: Band on right of line, at corner of First avenue and Main street; guests of honor in carriages, on First avenue between Pearl and Main streets; members of Fremont club and veterans of the civil war, on Pearl street, right resting at Grand hotel; Colored McKinley Marching club, on First avenue, right resting at corner of Pearl and First avenue; drum corps heading McKinley Guards, on Pearl street on west side of street, right resting at corner of Pearl and First avenue; Railroad and Lantern brigade, on Willow avenue, right resting at corner of Willow avenue and Pearl street; business men in carriages, on Sixth street, right resting at corner of Sixth street and First avenue; mounted men, on Willow avenue between Sixth and Seventh streets, right resting at corner of Sixth street and Willow avenue; shotgun brigade, on First avenue between Sixth and Seventh streets, right resting at corner of Willow avenue and Pearl street.

The line of march will be as follows: From the corner of First avenue and South Main street, south on Main to Seventh avenue, countermarch to intersection with Pearl street, north on Pearl street to Willow avenue, west to South Sixth street, north to First avenue, west to Eighth street, north to Broadway, east to Methodist church, countermarch to Fourth street, where column will disband.

All persons desiring to join the shotgun brigade can secure blank cartridges by applying to Sumner Knox at the Shugart building any time this morning or afternoon.

The mounted aides will assemble at the Grand hotel on the First avenue side promptly at 7:30 o'clock this evening.

All veterans of the civil and Spanish wars desiring to take part in the parade will meet at republican headquarters at 7:30 o'clock and form in line.

Nothing has been seen of Chairman Reed of the democratic county central committee since election day and it is not known yet whether he will carry out his part of the wager with Chairman Wright. In case he backs down the dummy duly labeled is ready and will head the procession in a chariot drawn by a democratic mule.

A striking feature of the parade will be a number of novel transparencies. The committees in charge request that persons living on the line of march illuminate their residences and places of business.

JIMMY DOYLE WILL BLOCK SALE.

Proposes to Tie Up Portland Stock Until His Suit is Settled.

The attorneys for James Doyle, in his famous suit against James Burns, president of the Portland Gold Mining company of Colorado, stated yesterday that they intended to push the case to trial at this term of court if possible. The suit involves in the neighborhood of $7,000,000 of the stock of the company and the hearing, it is estimated, will occupy at least three weeks. The defense has given notice that it will place some eighty witnesses on the stand, most of whom will be brought here from Colorado. It is said they will come here on a special train.

The reported sale of the Portland company's property to an English syndicate for the sum of $15,000,000 has revived local interest in the case. Doyle's attorneys here state that the sale if carried out will have no effect on their client's suit against Burns, as the sale will be subject to the litigation now pending and the transfer of stock made with that understanding.

Doyle telegraphed his attorneys here suggesting that they go into court and tie up the stock books of the company here so that the stock could not be transferred. His attorneys, however decided that nothing could be gained by such action as it would have no effect upon the transfer of the stock.

Lena Bates Leaves Home.

With the tears streaming down his furrowed cheeks, John Bates, a well known and wealthy stockman of Oakland, this county, begged his daughter, Lena, last evening to return to her home, which she had left without giving her aged parents any notice, Thursday morning. After searching the city from end to end the aged father found his daughter in an art studio on West Broadway, where she had obtained employment. The young woman, who is 20 years of age, turned a deaf ear to her father's pleading and firmly refused to accompany him home.

Some months ago Miss Bates was keeping company with a young man of whom her parents did not approve. They finally persuaded her to drop the young man's acquaintance. The young man, it is stated, circulated stories reflecting on the good character of Miss Bates. These stories finally reached her ears and she was so mortified that she decided to leave home and go out into the world and earn a living for herself. Being artistically inclined, she sought and obtained employment in an art store on reaching this city.

Miss Bates had no complaint to make of the treatment she received at home, but she said she could not stay and suffer the humiliation of having her good name slandered. The aged father stayed in the city last night and will make another effort today to induce his daughter to return home.

TRUST FUND FOR THE DEPOSITORS.

Creditors of the Officer & Pusey Bank Are Asked to Contribute.

The committee appointed at a recent meeting of depositors in Officer & Pusey's bank to outline some course of action has prepared its report and another meeting will, it is expected, be called for the early part of next week.

The plan suggested by the committee is to have an independent examination of the books and assets of the bank made by an expert so that the depositors can form some idea of how much they are likely to get back of the money they deposited with the firm. With this end in view the committee has prepared an agreement which interested depositors are asked to sign, contributing pro rata to a fund of $1,000, the money to be placed in the hands of the committee or a trustee, to be used as suggested.

It is believed by the committee that many matters will come up during the liquidation of the bank in which the depositors will be interested and that their interests would be better guarded if in the hands of some attorney. The report made by the receivers is not considered sufficiently explicit and for this reason the committee suggests that the books and assets be examined by an expert in such matters.

William Arnd, treasurer of Pottawattamie county, has filed a petition of intervention in the receivership matter in the district court, asking that the county funds deposited in the bank of Officer & Pusey be made a preferred claim. The amount of county funds tied up in the bank does not exceed above $2,000.

In the divorce suit of Ada M. Benton against M. Benton, a writ of attachment has been issued in the district court against a team and other property belonging to the defendant.

KRAUSE OF OMAHA ON STAND

Local Cabinetmaker Testifies to Making Infernal Machine Box for Hoot.

WATERLOO, Ia., Nov. 9.—In the Hoot murder case the prosecution has in most of its evidence. Among the witnesses to be heard are the Chicago expressman who handled the infernal machine and several railroad conductors. Among today's witnesses were C. O. Perkins of Des Moines, who sold the dynamite, who was positive as to the identity of the prisoner. Adolph Krause, the Omaha cabinetmaker, told of making a box and identified Hoot as the man ordering it.

HARD WORK TO LEND MONEY.

Action of Sioux City Banks Proof of Financial Confidence.

SIOUX CITY, Ia., Nov. 9.—(Special Telegram.)—The Security National bank of Sioux City has notified its customers that hereafter it will pay only 3 per cent on three months' time certificates, on which heretofore it has been paying 4 per cent. The bank explains that it has been led to this action on account of the difficulty it is experiencing in employing its funds at remunerative rates. Other Sioux City banks are considering the advisability of reducing their rates of interest. The principal reason for the plethora of money, bankers say, is the confidence which people feel in existing financial policies of the government. Nearly everyone seems to have money, they say, and the fall demand for funds is unusually slack.

Crusade Against Saloons.

SIOUX CITY, Ia., Nov. 9.—(Special Telegram.)—The Sioux City Anti-Saloon league has begun a crusade against the saloons of the city and it has discovered that it will meet with other opposition than that of the saloonmen in trying to enforce the provisions of the Martin law. Superintendent Marshall of the league recently announced that all saloons would have to close at 10 o'clock at night and comply in every other way with the requirements of the statute. Now it is announced that a meeting of the Sioux City Business Men's league will be held for the purpose of formulating plans to discourage the prohibitionists in their efforts to regulate the saloons more closely. The officers of the Anti-Saloon league declare that they mean business. They will proceed by injunctions.

Creston Minister Resigns.

CRESTON, Ia., Nov. 9.—(Special.)—Rev. Henry Clark, pastor of the Baptist church, has resigned. The resignation was presented a week ago Sunday, but action deferred until Wednesday night, when the resignation was accepted at the insistence of the pastor. Rev. Clark has been pastor of the church but a short time, yet he brought the church into prominence, and his departure from the pastorate is regretted. Rev. W. W. Burks, the new pastor of the Christian church, arrived last night from Parsons, Kan., and will preach his initiatory sermons next Sunday.

Friend Will Contest Election.

CRESTON, Ia., Nov. 9.—(Special.)—Benjamin Friend, republican candidate for county clerk, will contest the election of his opponent, Hicks. The fusion candidate was elected by eight majority. It is thought the canvass of the returns by the supervisors may change the result. The republican campaign in Union county was one of the best ever managed, and to County Chairman James F. Bryan can the success of the ticket be attributed, as he had his forces in excellent working order. It was one of the cleverest campaigns ever managed.

M'KINLEY IS FAR AHEAD

Will Carry Iowa by More Than One Hundred Thousand.

WILL ISSUE CIRCULAR ON TYPHOID FEVER

Board of Health Will Take Action on Account of the Epidemic of the Disease in Different Parts of the State.

DES MOINES, Nov. 9.—(Special Telegram.)—It is absolutely certain now that the corrected returns from every county in the state will show a plurality of more than 100,000 for McKinley and as much for the state ticket. The total vote, Chairman Weaver says, will be approximately, McKinley, 308,000; Bryan, 207,500; scattering, 25,000; total, 541,000. The returns also show that the constitutional amendment and the order for a constitutional convention have both carried.

The State Board of Health, in session this morning, ordered the president and the secretary to prepare and issue a circular on typhoid fever. This conclusion was arrived at because of the epidemic of the disease in different parts of the state, and especially at Ames and at Independence.

Mary Miksell, wife of John Miksell, together with her little 3-year-old son, has disappeared from their home, and the deserted husband is greatly alarmed by their absence. He called at the police station to obtain the aid of the police and detectives in the search. He handed the officers a note which he had found lying on the table in his home. It said: "Dear John—I have been thinking about the talk we had together after we went to bed last night and how you are trying to get rid of me. And so I have made up my mind that there is no use to try to live with you any longer. If you ever get another woman my wish is that you know how to treat her better than you did me. Goodbye.—Mary."

The fear is expressed by some that the woman jumped into the river, inasmuch as it has been impossible to find her. The presence of her child with her is the strongest evidence against such a theory.

At chapel this morning at Drake university Chancellor Craig, in a talk to the students, made accusations which created a big sensation. He said that last year when the foot ball team went to Ames a large body of the students had gone with the team and on the way down played cards on the train. They were warned and the whole school was warned at that time. A week ago Friday when the team went to Iowa City another large body of students went with them. In the front coach of the train a keg of beer was set up and a young man was kept busy working the faucet. The crowd in that coach played cards and bet on the game. In the rear coach of the train a party of young girls, students in the university, were playing cards. The chancellor said these things had to be stopped.

Gentlemen—Eight years ago I suffered greatly with Kidney trouble. I consulted several physicians but their medicine did me no good. A friend of mine in the drug business suggested that I try Warner's Safe Cure. I followed the suggestion and after using a couple of bottles I noticed a slight improvement. I continued its use for about 18 months and am happy to say that it completely cured me. I have waited several years before giving this testimonial in order to see if my cure was permanent. I now believe it is. Yours truly.
