Chairman Lindsay Continues to Figure Safe Majority for Dietrich.

Sinte Committeemen Inable to See Where Popoeratie Organ Can Claim Poynter's Election.

State Chairman H. C. Lindsay with his nides went systematically about the task yesterday of checking over the state returns on governor in order to make assurance doubly sure that Charles H. Dietrich is firmly seated in the state house chair. Acting on the tacory that the Omaha World-Herald is sincere in its tabulations the committee is comparing that paper with the Lincoin Journal, The Bee and its private information to discover where the large discrepancy between the fusion sheet and the

other papers happened to creep in. With only three counties missing and 1.589. The World-Herald has been unable to account for six countles, but in the remaining eighty-four has found a majority for Dietrich of only 258. The tables are being compared by counties and wherever the newly elected members. an important difference is discovered an inquiry is sent by telegraph to ascertain the official vote. Chairman Lindsay expects to be able to announce an absolute result to-

The World-Herald gave Washington county to Poynter by 170 majority, when the are yet to be heard from. official returns secured from the county seas fix Dietrich's majority at exactly that amount. The paper conceded that the result was in a balance so delicate that a dozen votes would swing it either way and the committee concludes that the election of Dietrich will now be universally admitted

The two republican papers which have anvassed the state fully, together with our own Advices, show a majority for Dietrich running well upward of 1,000 and the final result will be in that neighborhood," said Chairman Lindsay. "As to the legislature, we have fifty-three members in the house and eighteen in the senate, or a majority of four on joint ballot. If the fusionists succeed in ruling out Oison we will still have room to spare, with accentoen

The republican state headquarters at the Her Grand virtually went out of business sesterday. Chairman Lindsay will spend a few days of this week in the city, returning toward the latter part to his home in Pawnee City. Secretary John T. The democratic state committee rooms at the Paxton hotel were abandoned yesterday and Chairman Hall has returned to his home at Lincoln. Both parties excapital during the sitting of the legisla-

ers its mission well fulfilled and has closed its quarters in The Bee building.

One of the longest and most honorable political records borne by any republican in the city is that boasted of by A. H. Redington, 1902 South Thirty-third street Mr. Redington cast his first vote for Henry whig allegiance, casting his ballot for W. the line until the formation of the repubdean party in 1852 under the oaks at Jack son, Mich. POLITICS IN SCHOOL BOARD Opposing Factions Will Bury Hatchet and Work Together in Harmony.

With five new members on the Board of F. Funkhouser, who was elected for a short has been on the board for some time. Be nard, Fred Stubbendorf and William B. Christie. Morris Levy and J. J. Smith were re-elected to places on the board.

The fight between J. M. Gillan and J. F. Burgess for the secretaryship of the Board avenue took pity on her and gave her emof Education was the line of demarkation for the opposing factions and the majority,

"I am the mother of four children," writes Mrs. Euphemia Falconer, of Trent, Muskegon Co., Mich. "My first two babies were still-born, and i suffered every thing but death. My friends all thought I could never recover. I was reduced to 100 pounds. When I was three months along for my third child I was taken with hemorrhage or flooding and came near having a miscarriage from female weakness. For two months I was under the care of our doctor, but from female weakness. For two months I was under the care of our doctor, but was getting weaker all the time until one day I happened to come across one of your little books and I read it through, and the next day I sent and got three bottles of 'Favorite Prescription' and one bottle of 'Pellets.' I improved so fast I continued to take your medicine until baby was born, and he is healthy and all right. My health has been good ever since. I now weigh 165 pounds."

CHECKING STATE RETURNS or Burgess faction, retains the following men on the board: H. N. Wood, Charles S. Hayward, J. C. Bernard, Robert Smith W. F. Johnson and Morris Levy. The Burgens supporter who retires is B. F. Thomas, president of the board. Of the Gillan sup porters E. E. Bruce, A. A. Buchanan, H. J. Penfold and J. C. Moore retire, leaving only Frederick F. Teal, Charles E. Black for which seven members struggled.

It has been rumored that there is a disposition on the part of the two opposing factions to bury the hatchet and join with the new members in creating a board which is not divided against itself. The relirement of President Thomas necessitates the election of another president, however, and it will take a generous amount of diplomacy to prevent the old fight from entering into the contest. In former years it has been customary to select a president from the members who have been on the board a long time. Three members of the present board, Teal, Hayward and Black, are serving for the third time and are seeking the office. Mr. Howard has also been suggested as a probable candidate.

In case the seven supporters of Burgess stick together in the reorganization it is not probable that Teal, Black or Howard will be acceptable to them as chairman. those republican The Bee's reports show a If the seven members who represent the old majority for Dietrich of 1.176. Wise politicians are speculating as to which way the new members will turn, but the guesses are as varied as the guessers. Some forecasters predict that Christie and Theodore Johnson will unquestionably line up with the remnant of the minority party dence that there is a large jagged hole in and that Funkhouser will be in line with the majority faction. With Barnard and sists in its claim that Poynter will land on J. J. Smith still in line and with Funktop. R. L. Metcalf, editor, remarked this houser on their side the Burgess men would

Senator W. V. Allen is in the city and in company with several congenial spirits, attended the informal obsequies of Bryanism at the Paxton hotel yesterday. In local attorney the senator admitted that the fusionists had lost the legislature, but when a reporter for The Bes approached him on the subject he denied he had ever made such an assertion.

"It all depends on the count in Douglas county," he said. "It will be very close As to the gubernatorial situation, I think we have Poynter clected."

MRS. HANSEN'S SAD QUEST

Old and Poverty-Stricken, She Goes About the City in Search of Her Lost Children.

Mrs. Mary Hansen called at the police station Friday, as she has called many times during the last six months, and asked to see her son, Joseph, and her pect to maintain headquarters at the state daughter, Oxalina. She received the same old answer: "We have no such persons in here." Then she tried to explain, as she The republican county committee consid- slways does, that they had given assumed names, and essayed a description of her lost children, but the poor old woman can speak scarcely a word of English and the desk sergeant could not understand her He gathered only that her reason is totter-

RIVALS INDULGE IN FIGHT Sultors for a Young Woman's Smiles Indulge in Mix-Up and Land in Court.

They rolled in the grass in front of the Schwatka home, 1407 Dorcas street, Otto Ryder vainly striving to break away from Carl Morris' half-Nelson, while Minnie Schwatka stood by screaming. That is where Minnie made her mistake. If she hadn't screamed the neighborhood would not have been aroused and Officer Carroll wouldn't have arrested Ryder and Morris for disturbing the peace by fighting. But Minnle, fearing a murder was imminent, acted from impulse, and so bungled things and had to tell all about it in police court. Otto and Carl are rivals for the hand of Minnie. Friday night Carl called, only to a mail train left Omaha which did not find that the young woman had left a carry copies of the latest edition of The moment before with Otto, destined to the theater. OMAHA JOBBER'S PROTEST When election night arrived everything

EXPENSE WOULD BE EXCESSIVE

Omaha jobbers in boots, shoes, hats, caps, notions and millinery are up in arms against on the west wall of the New York Life a proposed change in the western classification which contemplates the requirement that all boxes of such goods be wired. Secassisted by the commercial representatives

The railroads have contended before that boxes of such goods should be wired, asserting that their losses by claims made for goods lost are so large that some relief is needed, and they believe this relief would come if the boxes were more securely wired. The expense to the jobbing interests, however, in case such a rule were put into force would be a big item, so large in fact that the commercial men are unalterably opposed to it. It is conservatively estimated that the cost of wiring such cases would be 7 cents each, and the number of cases sent out annually numbers into the hundreds of thousands with some of the larger firms.

Expense Falls on Jobbers. The jobbers maintain that the entire extra expense would have to be met by them, inasmuch as competition is so strong that it would be out of the question to attempt to make the retailer share a portion of the burden. And then, too, the Omaha jobbers alone, two presses being drafted into would have to pay the expense of wiring not only the goods shipped out by them, but as well on all shipments received from the manufacturers and distributing wholesalers. In this way the jobber would have to pay In official classification territory east of the Mississippi river no charge is made for wiring cases, so that the Chicago and St. Louis jobber could get his shipments from basement they were placed on the presses the eastern wholesaler or manufacturer
