Miss Alice Neilsen in the opening pro-duction here Friday night of "The Singing Girl" attracted one of the largest and most fashionable audiences that has ranged itself before the footlights this season. It was indeed a society night and with the unusual number of excellent attractions scheduled for the winter there is promise of its frequent repetition.

The custom of visiting among the boxes is largely on the increase in Omaha and this is prophetic of the adoption of some half-dozen other amonities among box and theater parties which have for some time been little used, if not actually unpopular among the set from which society more or | Whist club on Tuesday. less takes its cue. The prevalence of street gowns and business sults even in such houses as those of Friday and Saturday night, confronts one with the really difficult problem of deciding which is more to be admired in Omaha's fashionable audiences-their in- Howe at the Gmaha club last Sunday and dependence in dressing and doing as they Monday. please or their stunning appearance when they do conform to the prescribed conventionalities, in matters of dress, and a afternoon, few other things at functions occurring after 6 o'clock.

The swell set has paid its share of election bets, too, the number being exceeded only by the variety. There are at least a dozen fashionable women in town who will pay for some stunning millinery this week that will adorn some other feminine head. But the result of the election has cost the men something besides hats, gloves and bonhons. In a few cases, where they failed to effect a compromise, the dignity of certain bachelors paid the penalty of their rash wagers.

Some people have been asking of late if the noticeable decrease in the numbr of golfers at the Country club, since the suspension of the dining room, is entirely due to the cold winds and lateness of the season

Cinrk-Squires.

Though very quiet, one of the most beautiful weddings of the year was that of Mr. Hoxie Clark of St. Louis and Miss Louise Squires, which was solemnized at high noon Wednesday at the house of Mrs. C. E. Squires, on Twenty-fifth street. It was a green and white wedding, the artistic arrangement of paims and graceful bunches of huge white chrysanthemums in the brilliantly lighted parlors producing an effect of indescribable loveliness. NEVER TOO LATE To Try a Good Thing.

1 am fifty-two years old and for forty years of that time I have been a chronic catarrh sufferer, says Mr. James Gieshing of Allegheny City; with every change of weather my head and throat would be stuffed up with catarrhal mucus

I tried inhalers and sprays and salves, which gave me temporary relief, and my physician advised me to spray or douche with Percuide of Hydrogen. But the catarrh would speedily return in a few days and I became thoroughly discouraged.

I had always been prejudiced against patent medicines, but as everything else had failed, I felt justified in at least making a trial.

The next day I bought a fifty-cent box at a drug store, carried it in my pocket and four or five times a day I would take a tablet; in less than a week I felt a marked improvement, which continued until at this time I am entirely free from any trace of catarrh.

My head is clear, my throat free from irritation, my hearing is as good as it ever was and I feel that I cannot say enough in praise of Stuart's Catarrh Tablets.

These tablets contain extract of Eucalyptus bark, Gualacol, blood root and other valuable anti-septics, combined in pleasant tablet form, and it is safe to say that Stuart's Catarrh Tablets are far superior in convenience, safety and effec- tion were entertained Monday afternoon at tiveness to the antiquated treatment by inhalers, sprays and douches.
