turned to the witness stand, said he knew members of the New York state assembly who had been marked for opposition by labor organizations because of their position on labor matters. He said the labor organizations were in the habit of wearing a lobby of eight or ten men in Albany, while the legislature was in session.

MRS. M'KINLEY'S NEPHEW DEAD Assistant Paymaster Barber Succumbs to Typhoid Fever While at Hong Kong.

WASHINGTON, Nov. 15.—News was received here today of the death from typhoid fever of Mrs. McKinley's nephew, Assistant Paymaster J. S. Barber, at Hong Kong. The news came in the form of a dispatch to the Navy department from the commander of the Monterey, to which young Barber was attached. News of the death was conveyed to the White House personally by Captain Crowles, acting chief of the navigation bureau, and caused great grief to Mrs. McKinley and the president. Mr. Barber, entered the Ohio volunteers at the outbreak of the Spanish war as a private with his cousin, James McKinley and was commended for gallant conduct. He was mustered out at the end of the war and when he received his discharge he had been shattered by the exposure and hard service which he had been subjected, he was given a commission in the navy as an assistant paymaster. He was ordered to the Philippines at his own request, being attached to the Ton Juan de Austria. When he was transferred to the Monterey, which was in the summer his health again gave way and he had been lying ill with typhoid fever at Hong Kong for several weeks past.

COTTON MEN PETITION HAY Leading Manufacturers Want Action Taken to Prevent Closing of Foreign Markets.

WASHINGTON, Nov. 15.—Secretary Hay has received a petition from nearly all of the leading cotton manufacturers of the south that he take such action as may be within his power to prevent the interference by any European power which might close the foreign markets to the important cotton manufacturers of the United States and injure other American interests. The petitioners declare that the "open door" policy is necessary to secure the retention of the important trade in cotton dress and shirtings with China, most of which are manufactured in the southern states. It is declared that the withdrawal of this trade from Manchuria would seriously affect not only the manufacturers of cotton goods, but southern cotton growers and employes and laborers in the cotton mills. The petitioners represent fully \$15,000,000 in capital and declare they have lost half their trade since the Boxer uprising and are now running on half time.

Another controversy is being waged in the Ordnance Bureau, which has been made to the secretary of war. As some of the most interesting portions of the report, dealing with disputed points between the Ordnance Bureau and the Bureau of Ordnance and Fortifications, are contained in appendices, which have not been made public, the report is not as interesting as expected. Among these features is that of field guns, which is discussed in a paragraph stating that the Ordnance Bureau is about to let the contracts for 200 field guns when the recommendation of the Board of Ordnance and Fortifications was approved, holding out for some months. It is in connection with the proposed purchase of these guns that the government has obtained what agent of the Ordnance Bureau has called the "secret of the French field gun" and which it is proposed shall be tested by this government.

Hourigan Severely Disciplined. WASHINGTON, Nov. 15.—Secretary Long has acted upon the findings of the court-martial which convicted Lieutenant Patrick Hourigan of insubordination. The court sentenced him to dismissal, but recommended clemency, so Secretary Long has commuted the sentence to reduction to the foot of the list of lieutenants in the navy, amounting to the loss of about 200 numbers.

Consul Mosely at Singapore Dies. WASHINGTON, Nov. 15.—The State department has announced that J. C. Mosely, Jr., consul general of the United States at Singapore, died yesterday at Yokohama, Japan. He was granted leave of absence by the department some weeks ago upon representations that his health demanded a change of climate. Mosely was appointed to his post January 7, 1899, from Alabama.

MOB BALKED FOR PRESENT Sheriff Decried Not to Take Murderer Porter Back to Limon Jail. Feeling is Less Tense.

DENVER, Nov. 15.—At 9 o'clock tonight it was announced that Sheriff Freeman of Lincoln county had decided not to take John Porter, the confessed murderer of Little Louise Frost, to that county at present. He declares that he wishes to avoid a lynching, if possible, and thinks that if he were to take Porter back to Limon, he will be willing to allow the law to take its course.

There has been an exciting one in Denver. Thousands of people have surrounded the city jail, where the negro was confined, and it kept the police department busy clearing the streets. The mob had no indication that any motive other than curiosity prompted the gathering. Late this afternoon Porter was transferred to the custody of Sheriff Jones of this (Arapahoe) county, taken to that county jail. Porter spent the day reading the bible and praying. He expressed penitence for his crime, but retains remarkable nerve.

That John Porter is the ravisher and murderer of 11-year-old Louise Frost there remains no doubt. His confession has been confirmed by the finding of the girl's pocketbook in the vault at the Limon railroad depot, where Porter admitted that he threw it. A dozen citizens of Limon, who were sitting on the train when it started for Denver on the morning of the journey to the jail at Hugo. Five hundred determined men, most of them ranchmen, have gathered at Hugo, and they make no secret of their intention to lynch the young murderer. Their feeling is such a pitch that the return of the murderer's father and brother, who appear to have been in the lynch mob, and who are carrying a demand for small calibre machine guns, may be sacrificed in atonement for the terrible crime.

There is nothing for me to do," said Governor Thomas today, when asked if he would later on prevent a lynching. "The civil authorities have the prisoner and it lies with them to protect him."

A special to the News from Limon, Colo., says a mass meeting of citizens from all parts of Lincoln county was held tonight and resolutions adopted requesting Sheriff Freeman to bring John Porter, the negro murderer of Louise Frost, to the county jail at Limon. The resolutions were adopted and it was positively asserted that Porter will be executed when brought to the county, no odds how long the delay. Much dissatisfaction was expressed at the decision of Sheriff Freeman to hold the prisoner in Denver for the present.

COLORED SPRINGS, COLO., Nov. 15.—District Attorney McAllister refused this morning to issue an order for the removal of John Porter, the young negro who confessed that he murdered Louise Frost at Limon, to Hugo, in Lincoln county, where the crime was committed. McAllister based his refusal upon the ground that preparations were openly being made at Limon and Hugo to lynch Porter.

DENVER, Colo., Nov. 15.—Porter said today to Police Surgeon Miller, in reply to a question, that he confessed in order to save his father and brother sharing the fate that he believes awaits him. He insists that he told the truth and that he is also guilty.

Texas Negroes Hanged by Mob. JEFFERSON, Tex., Nov. 15.—Three negroes who had been arrested by Sheriff Hayward for waylaid and attempting to kill Mr. Stallcup were taken out of the jail last night by unknown persons and hanged to the railroad bridge across Cypress bayou. The negroes had confessed to the crime. The mob that did the hanging overpowered the jailer and cut the telephone line so that the jailer could not communicate with the sheriff's office.

ORDNANCE BUREAU REPORTS Most Interesting Portion of Document Not Made Public.

DISCUSSES SOME TECHNICAL SUBJECTS Progress Made in Modernizing the Artillery Equipment of the Cavalry, and Work on Field Guns.

WASHINGTON, Nov. 15.—The report of General Burnham, chief of the Bureau of Ordnance, has been made to the secretary of war. As some of the most interesting portions of the report, dealing with disputed points between the Ordnance Bureau and the Bureau of Ordnance and Fortifications, are contained in appendices, which have not been made public, the report is not as interesting as expected.

EXECUTORS ARE RESTRAINED Philadelphia Woman Secures Injunction Against Trustees of Will of Late W. L. Strong.

NEW YORK, Nov. 15.—Judge Lacombe of the United States circuit court today, on the application of Eliza T. Griswold of Philadelphia, granted a temporary injunction against Wm. U. Strong, P. Bradley Strong and Albert R. Shattuck, individually and as executors and trustees of the will of the late William L. Strong, which retains them from parting with or disposing of certain mortgages, bonds and stocks and other securities claimed by the complainant.

The bill of complaint states that prior to November 2, 1899, the complainant entrusted to the late William L. Strong certain moneys, approximately amounting to \$102,000, for the sole purpose of investing the same for her benefit and account; that Mr. Strong advised her from time to time that such investments were made in good and safe securities, bonds and stocks and other securities.

The papers also assert that on the death of Mr. Strong the defendants took possession of his estate, including the property which the complainant claimed as her own, and that they refused to deliver to the petitioner, and she therefore asks that the three defendants or their agents be restrained from selling, delivering or parting with the property mentioned. The objection of Mr. Strong to the bill was overruled and the bill was granted.

Admiral O'Neill on the Deal. Admiral O'Neill, chief of the Bureau of Ordnance, said of the result: "The agreement is not a reasonable one, but more than reasonable. We get what we want, and the government gets what it wants. It is due not only to Secretary Long's able management, but also to the very reasonable spirit in which this whole thing has been handled."

The Hayes faction spent the morning in the discussion of the Chinese exclusion act. The general sentiment was that the act should be continued in its present form and that no action should be exercised against paragon immigration with more care than ever, owing to the new possessions of the United States. Both conventions are still holding forth in separate halls without interfering with one another. The Hayes faction has the books and papers, or claim to have. The Parsons faction is relying on the courts.
