Dr. J. Cameron Anderson to Be Made Surgeon General.

GOVERNOR-ELECT GIVES HIS PROMISE adopted at its meeting yesterday after

Friends of Colonel Killian of th First Nebraska Want to See Him Made Adjutant General.

A. W. Jefferis and John W. Battin returned from a successful mission to Hastings yesterday, having from Governorelect Dietrich the promise to appoint Dr. J. Cameron Anderson of Omaha surgeon general of the gubernatorial staff. Dr. Anderson has also called upon the governor at his home within the last few days and his application has had the written endorsement of a large number of prominent republicans of Douglas county. The appointee has lived in Omaha for two years and holds the chair of surgery at the Omaha Medical college. He is also official surgeon at the county hospital.

While the position is largely honorary there being no compensation attached except during actual field service, the surgeon general has it in his power to be a great factor for good in the state militia if he has the time and inclination to devote to the service. The Nebraska statutes place plainants to bring action in police court. large power in his hands, giving him general supervision and control over the medical and surgical branches of the National against the proposed rules for the inspecguard. It is in his province to excuse militiamen from duty on a showing of meat inspector, was not present at the spect the hospital service and assure him-

self that the sick are properly cared for. NO FEARS FOR THE FUTURE The office has hitherto been a thing of tinsel and gold braid, but in the hands of Dr. Anderson, enthusiastic in his calling Conditions in Omaha Point Toward and possessin; private means which give him more or less control over his time, the surgeon generalship will become an appreciable part of the militia service.

Governor Dietrich will complete the delivered at the noon meeting yesterday by makeup of his personal staff without delay, W. S. Poppleton. Remarks will be made as he wistes it to be well organized and at each ensuing Wednesday meeting by acquainted with its several duties by experts on Omaha real estate and these, it ment informally to Mr. Jefferis and Mr. agents alike. Mr. Poppleton's subject was Battin that the Nebraska delegation will hold a place second to none in the inaugural parade. He has had an official intimation estate tax in Omaha is out of proportion to wishes to acknowledge the yeoman service thought, should be given more prominence done by Nebraska republicans during the with the idea of lightening the burden of campaign and that they will come in for the property owner. Frank J. Zeller is chief of the Brother hood of Locomotive Engineers No. 143. He is extremely popular among his fellow railway men, and one of the best known englneers running out of Meadville. When the announcement was made a short time ago that Frank was pretty sick it caused a great deal of regret among the boys. Soon he was missed from his engine, having had to "lay off" on account of his back. A brother of the Brotherhood of Locomotive Engineers, who had been ill with similar symptoms, some time before, and who had been pulled through, called to see Mr. Zeller, and in a brotherly way, took him a box of Dodd's Kidney Pills, the Remedy which had cured him. He advised Mr Zeller to try them, with the result that after seven boxes had been used, he was entirely well, and able to work.

In an interview Mr. Zeller states: "I had suffered for four years with thi affliction, being often kept awake at night with pains, and at times unable to work. I tried several of the advertised remedies, and found that they did me no carthly good. Finally, a member of our order, who had been cured of Kidney Disease by Dodd's Kidney Pills brought me a box and asked Shriners to Give Entertainment.

The Mystic Shriners of Omaha will give an entertainment at the Creighton-Orpheum December 13 in aid of Christmas charity. December 14 is the date set for the grand ceremonial session of the order, when neophytes will be escorted across the burning sands. Many petitions have been received from candidates in all parts of the state, and it is probable that most of the out-oftom guests will be in Omaha in time to attend the entertainment given the night preceding the initiation. A business session will be held at 3 o'clock the afternoon of December 14. At 7 p. m. the ceremon, all session will begin, and the hours from 19 p. m. to 3 a. m. will be devoted to "satisfaction of appetite." me to try them. Another practice is to tell on their victims by sending a genuine \$1 or \$2 note, or parts of the same, and representing them to be specimens of the counterfeit notes they have for sale.

Under the various names of "green articles," "green iclars," "green leaves," etc., they offer for sale counterfeit money which they aver is printed on plates stolen from the Bureau of Engraving and Printing of the government. Nat a plate of any kind has ever been stolen from that establishment.

Those who have counterfeit money for sale do not write letters requesting it

would induce a counterfeiter to trust a newcomer.

Yet thousands of criminally foolish people believe that they can purchase counterfeit money as they would butter or cheese, and in their attempts to obtain it, are robbed and an honest public sentiment says: "Serves them right."

The crime of which the "boodler" is guilty is covered by section No. 5480. United States revised statutes, as amended and approved March 2, 1889, and the offender, upon conviction, is liable to a fine of \$500 and imprisonment for eighteen months. It is next to impossible to obtain legal evidence against these swindlers, and were one of them arrested and brought to trial the testimony of the main witness (he who lost the money) would be weakened by the fact that he would have been a criminal if he could.

Property Owners Give a Qualified Consent to Wave Damages.

EARTHWORK IS SAID TO EXTEND TOO FAR

Begin Their Labor Promptly and Iron for Twenty-Fourth Street Structure is Now on the Ground.

The Southwest Improvement club met ast night to discuss the report of the committee appointed to secure a waiver of damages from property owners affected by the construction of the Twenty-fourth street viaduct.

The committee reported that it had met Messrs, R. S. Hall, A. L. Reed, Judge Perkins and Daniel Shull and discussed the matter with them; that the owners found fault with the plans of the viaduct as presented for the reason that the earthen embankment on the north end was too long. They believed that the spans should be high enough at all points to permit the passage of trains under the viaduct. They further claimed that the portion of Twenty-fourth street over which the viaduct would pass had never been dedicated as a public street and they asked that they be given control of the land under the coadwar.

The city engineer emphatically denied that right and it was finally decided by the men affected that if two more spans should be put into the vinduct and the earthwork shortened fifty feet, they would probably sign the waiver of damages. The matter was delayed by the death of a relative of Mr. Hall and the question will be decided upon the latter's return to Omaha.

The committee further reported that the prospect for the construction of the viaduct is bright, but the matter is completely tied up until the property owners act. The committee was authorized to carry on negotiations until the next meeting, at which, it was stated, Mr. Hall and the other interested parties would be present. It was reported that the railroad comfor the construction of the span over the tracks-146 feet.

TRAINED NURSE TELLS HER DR. GREENE'S NERVURA

Mrs. Annie G. Duggan, of 6 St. Charles Street, Boston, Mass., for fifteen rears has been employed as a nurse in the Boston Hospital. Her reputation in her profession is of the highest, and her opinion, that Dr. Greene's Nervura blood and nerve remedy will cure rheumatism, is therefore worthy of the greatest consideration

MRS. DUGGAN Says:

"I was troubled with sciatica for over four months, and was treated by three different physicians, but received no relief. As a last resort my friends advised my trying Dr. Greene's Nervura blood and nerve remedy, which I did, and in six weeks I was a well woman. Although it was four years ago, I have had no return of the trouble.

"My sister also was troubled with rheumatism, and I advised her to try Dr. Greene's Nervura, which she did, and received great relief from it. I consider Dr. Greene's Nervura a godeand to me and cladly recommend it." a godsend to me, and gladly recommend it.'

Rheumatism is a blood disease. The circulation is impaired, and the blood becomes stagnant and impure. Dr. Greene's Nervura cures rheumatism by restoring normal conditions, so that a moderate use of the remedy will cause the disease to disappear. Of purely vegetable origin, Dr. Greene's Nervura blood and nerve remedy acts in consert with natural laws and produces its permanent effect by feeding and enriching the blood supply. It is an ideal tonic when run down or exhausted, and nothing can exceed its inherent power to cure the lingering diseases that wreck the lives and hopes of men and women. Dr. Greene was many years discovering and perfecting the medicine which was finally offered to the world as Nervura, and his earnest and skillful work has been demonstrated by the record of cure which this remedy has made during

Every act was new and-wonde of wonders-not a single one of the old jokes that have done service "Since Old Ben Franklin's time" made its appearance There were new songs, new dialogues, new and original acts in the olio and some new faces. Best of all, there was nothing to offend and not a word was said during the entire performance that could not with equal propriety have been spoken in milady's drawing room. It was all clean fun and for this Messrs. Primrose and Dockstader deserve the thanks of the theater-going public.

As everyone knows, one minstrel show is as like the other as two peas in a pod. And as everyone also knows just what they are like it is unnecessary to enter into details. The burden of the work falls to the lot of five men, viz : Mr. Primrose, Mr. Dockstader, Harry Dooley, Charles Kent and Neil O'Brien. Mr. Primrose introduced several acts in his inimitable style and all of them were well received Mr. Dockstader made a hit with his mono-
