Phillips Continues to Be Bugaboo of the Corn Market.

THREATENED PINCH ADVANCES DECEMBER

Cornerer Later Lets Out 400,000 Bushels, but Market Closes Strong-January Wheat Closes Shade Higher-Oats Are Very Dull.

CHICAGO, Dec. 5 .- At one time today the wheat market showed good gains on strong cables, but later reacted on local selling, January closing steady and ½c higher. December corn closed ½c higher and May a shade lower. Oats closed unchanged and provisions 7% 20c improved.

At the beginning of trade the wheat marwas treated to a surprise by an advance at Paris equal to 14,97%c. Liverpool was also higher. There was a fair outside de-mand and a disposition on the part of local shorts to cover. January opened %c higher 71% 272c and during the first hour sold at 71%472c and during the first hour sold to 72%672c. On the bulge the outside demand fell off and the trade, which had been fairly active, became quiet and professional. A desire for profits on the part of longs, who were influenced by the continued liberal receipts, resulted in a decline to 71%c. Here the market steadled and January closed &c up at 71%471%c. New York reported 40 loads taken for export. Seaboard clearances in wheat and flour were equal to 182,000 bu. Primary receipts aggregated 742,000 bu., compared with 790,00 bu. last year. Minneapolis and Duluth reported 500 cars, against 429 last week and 329 a year ago. Local receipts were 49 cars, none of contract grade.

ago. Local receipts were 49 cars, none of contract grade.

Corn was very strong early, chiefly because of a fear of a squeeze in the December delivery under the same management that made a success of the November deal. Of the 214 cars received today but 1 graded contract. This so impressed shorts that December, which opened %60% higher at 37% 4037%; railled sharply to 38c. Here Phillips let out 400,000 bu, purchased yesterday and relieved the tension. The close was strong, %c up, at 37%c. May was easier, selling between 30%c and 36% 4050%c. May corn was influenced considerably by wheat.

Oats were exceptionally dull. The De-

Provisions opened strong on light hog receipts and higher prices at the yards. Following this the market ruled easier for a time under the belief that a leading bull was seiling December lard. Later a demand for lard by this bull resulted in covering by shorts and a raily ensued. January pork sold between \$12.07\frac{1}{2}\$ and \$12.25\$ and closed 20c higher at \$12.22\frac{1}{2}\$. January lard, between \$6.82\frac{1}{2}\$.626\$.85 and \$6.90, closing 10c up at \$6.90, and January ribs, between \$6.25\$ and \$6.25\frac{1}{2}\$. with the close 7\frac{1}{2}\$c improved at \$6.20\frac{1}{2}\$.90\frac{1}{2}\$. with the close 7\frac{1}{2}\$c improved at

MOVEMENTS OF STOCKS AND BONDS.

Continued Movement of Currency to Interior Promises Active Market.

NEW YORK, Dec. 8.—Today's market somewhat reversed the speculative conditionary tendency. London took its cuel from the depression here yesterday and sold the Americans, offerings from that source amounting to some 30,000 shares. The professional traders also continued bearish and sold stocks short, but it became obvious during the course of the day that there was no urgent pressure to liquidate. The decline in prices brought no large offerings and the bears were dishipted to the came obvious during the course of the day that there was no urgent pressure to liquidate. PARIS, Dec. 5.—Business started on the bourse today on continual sales of Spanish 4s for provincial account in consequence of yesterday's unsatisfactory attitude. Kaffirs were easier. Tramways and tractions started firm, but relapsed. Later there was an all-round improvement. Rio tintos and industrials were in good demand at the close. Three per cent rentes, 101 56c for the account; exchange on London, 25f 10c for checks; Spanish 4s, 69.45.

BERLIN, Dec. 5.—Prices on the bourse today opened easier, owing to unsatisfactory western advices. Home funds, Italians and Hungarian crowns were in good demand at the grands, Spanish 4s, Argentines and locals were weak. Toward the end there was a partial recovery. Exchange on London, 207 1434 pfgs. for checks. Discount rates: Short bills, 34 per cent; three months bills, 44 per cent.

HOGS—There was only a fair supply of hogs on sale today and as the local demand was in good shape and reports from other points favorable the market here was generally 10c higher. Buyers started out bidding only 507%c higher and succeeded in getting several loads at \$4.75, but the market soon firmed up, with the bulk of the hogs selling at \$4.75%1 and the long string at \$4.77% It was a good, active market ffrom start to finish and practically everything was sold in good season. As high as \$4.82% was paid for a prime load of heavy hogs. The official number of cars of stock brought in today by each road was: C., M. & St. P. Ry. 1 O. & St. L. Ry. 1 Missouri Pacific Ry. 10 Union Pacific system. 27 C. & N. W. Ry. 5 F., E. & M. V. R. R. 23 state was sold in good season. As high as \$4.824 was paid for a prime load of heavy hoge.

As will be seen from the table of average prices, the market is now at the highest point reached since November 25 and is almost as high as it was two weeks ago today. Representative sales:

SHEEP—The sheep market was in hardly as good shape at it was yesterday. Other points reported slow and weak markets and about the same conditions existed here. Some sales were made that looked about steady and others were undoubtedly lower. Wethers sold as high as \$4.10 and lambs at \$6.00. It was a slow, draggy market and it was late before the pens were cleared. Feeders also seemed to be a little weak in sympathy with the market on fat stuff and the trade was slow. The demand seemed to be as large as ever, but buyers did not take hold with as much life as usual and the morning was well advanced before much of anything was done.

Wool Market.

Wool Market.

BOSTON, Dec. 5.—The Wool and Cotton Reporter will say of the wool trade tomorrow:

The tone of the market has been decidedly quieter the last week, although a fair-sized business has been transacted, the sales amounting to about \$5.00,000 pounds. The bulk of these sales, however, consisted of some large lines moved by threse or four houses, the rank and file of the trade representing a dull market. The sales so far as reported have been made at practically unchanged prices. Nearly slit the holders in the west are still firm. News from abroad is of a more encouraging character. Cables received the last week from London indicate a firmer market and slightly better prices, while in Bradford the stuation is represented as distinctly better. Manufacturers, however, awaiting more favorable developments in the goods market. The sales of the week in Boston amounted to 2.596,267 pounds domestic and \$50,000 pounds foreign; total, \$517,500 pounds, against a total of 4.725,800 pounds for the corresponding week last year. The sales since January 1 amount to 135,486,600 pounds, against 334,806,775 pounds for the corresponding time last year.
