NEW YORK, Dec. 8.-The indoor cycle seventh mile, which was ridden in a 1:50 racing season was inaugurated at Madison Square Garden tonight under the auspices of the American Cycling association. The board track, at an angle of forty-five degrees, was banked at the turns, and although there were a number of spills no serious injury resulted. The preliminary "stunts" cround the track, in which nearly everyone of the contestants took part, were brimfull of accidents, none of which were of a serious nature. The majority of the men rode with a recklessness that showed they were absolutely

If it is Contagious Blood Poison, any and all Skin, Blood and Bone Diseases arising from the taint are entirely and permanently eliminated from the system. If it is Impotency the many distressing symptoms following in its train and indicating a premature decline of physical mental and secural power are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all the resulting ills and reflex complications, which may be properly termed associate diseases, and which, in fact, are often more serious than the original ailment that gives rise to them—all, I say, disappear completely and forever with the cure of the main malady.
