RISKS TAKEN BY BANKERS

President Heinsheimer Debates Responsibilities Before His Associates.

SUGGESTS PRACTICAL REMEDY FOR FEAR

Would Establish a Fund to Guarantee All Deposits and Thus Conserve Confidence at All Times Among All Men.

The feature of the annual meeting of group 1 of the Iowa Bankers' association, held yesterday at the Grand hotel, was an address by D. L. Heinsheimer, president of the Mills County National Bank of Glenwood, in which he suggested that all banks be taxed on their deposits to provide a reserve fund to meet demands of insolvent banks. This he suggested as a plan to prevent panics caused by the suspension of banking institutions. Mr. Heinsheimer said in part:

Situated as we are as bankers, and at all times indebted to our depositors, subject to their call without hope of extension, should we fail to pay our debts to them on demand, it is not only our business, but our duty to our depositors, to provide a reserve fund to meet demands of insolvent banks. This he suggested as a plan to prevent panics caused by the suspension of banking institutions. Mr. Heinsheimer said in part:

How much will it cost? I have mentioned that there is an unpaid balance of \$2,000,000 in round numbers due depositors in insolvent national banks. The amount of this is in the hands of receivers remaining assets of a nominal value of \$3,847,779 and \$2,849,299 in cash, making a total of \$6,697,078, almost \$2 for every one yet due the creditors. The amount of this is in the hands of receivers, and this would indicate that the remaining insolvent banks will very nearly make up the shortage. The deposits in national banks today are about \$2,500,000,000, and 1 per cent tax would raise \$25,000,000, or \$2,500,000 more than the entire present shortage of insolvent national banks, covering the thirty-seven year history of the existence of the national bank system. The attendance was not as large as had been expected, but this did not detract from the success of the meeting. Two sessions were held, one in the morning and the other in the afternoon. Between sessions the members dined together at the hotel instead of having a banquet in the evening, as had previously been arranged. This was at the request of a number of the members who desired to return late evening.

Routine Work of the Day.

At the morning session John Berchert, vice president of the Council Bluffs Savings

bank, welcomed the visiting bankers with a few happy and well chosen remarks. E. F. Wentz of Oakland, chairman of the group, responded in an equally felicitous manner. Mr. Heinsheimer delivered his address at this session. The following subjects were discussed at the afternoon session: "Should All Banks be Under National or State Control?" "Comptroller of the Currency Duties" "Criticism of Loans to National Bank Officers and Directors" "The New Currency Bill" "Reforms Needed in the Revenue Law." One of the reforms needed in the laws, all the bankers present advocated, was the repeal of the special tax laid upon bank capital and surplus by the revenue law of 1898. A discussion of the matter developed the fact that the state association is co-operating with other associations of like character throughout the country with a view to having congress at this session grant relief from what the bankers claim an unjust tax. The officers of the group were directed to communicate with the Iowa delegation in congress with a view to having it use its influence in securing a repeal of the tax.

Group 1 of the Bankers' association comprises eleven counties, as follows: Crawford, Carroll, Shelby, Harrison, Audubon, Cass, Pottawattamie, Mills, Montgomery, Fremont and Papp. Allowing 121 banks. The election of officers of the group will be held at the annual meeting of the state association next June.

Clearing the Docket. Instead of making an assignment of cases yesterday for the December term of the superior court, which opened Tuesday, Judge Aylesworth prepared a list of cases which have encumbered the docket for an unreasonable length of time and some disposition of which will have to be made by next Monday. These are the cases which will be subject to call for trial or dismissal on that date:

Charles Dierksen, executor, against W. A. McMillan et al. James Wickham against Robert H. Hull, Day & Hess against H. P. Hantenstetter, J. Smith against L. E. Warren et al. against Minnie Warren et al. Day & Hess against Adolph Malskott et al. Chicago Lumber Company against George A. Leslie, Thomas E. Cassidy against City of Fremont and Papp, all involving 121 banks. The election of officers of the group will be held at the annual meeting of the state association next June.

Hoolihan Had Money. Receiver L. P. Murphy of the Officer & Pusey bank received a telegram yesterday morning from H. Rasmussen, an undertaker at Rawlins, Wyo., announcing the death of John Hoolihan, thought to be a resident of Council Bluffs. The telegram announced that Hoolihan's body was found a certificate of deposit on Officer & Pusey's bank, calling for \$175. Undertaker Rasmussen asked for information concerning the dead man's relatives. No

Information is given, however, as to how Hoolihan came by his death.

Hoolihan had about \$300 on deposit with Officer & Pusey, but when the receivers took hold of the bank they did not locate him. November 30 he appeared at the bank, asking for his "dividend," and when notified that the firm had been placed in the hands of receivers filed his claim. At that time he gave his address as the Aetna hotel, Omaha. It is not known that he had any relatives in this city and it is thought that he was a railroad laborer.

Smallpox at W. C. A. Hospital. The three patients at the Woman's Christian association hospital, who Tuesday displayed signs of having the smallpox, were officially declared by the city physician yesterday morning to be suffering from the disease beyond question. All three of the patients are aged and infirm, county charges. Two are men and the third is an old colored woman known as "Auntie Clay." Owing to their extreme age and infirm condition they will be left at the hospital, which will be quarantined for a further period of forty days. The city council met last evening as a board of health and took the necessary legal steps in connection with the three new cases of smallpox.

Caught Stealing Coal. James Hawkins was arrested last night by Special Officer Bewick while stealing coal from a car in the yards of the Rock Island Railway company. When taken to the city jail he pleaded poverty as the cause that induced him to replenish his coal pile in this manner, but on being searched over \$3 was found on his person. In police court yesterday morning he was fined \$15 and costs, which was promptly paid by members of his family.
