

PARK BOARD IS DISPLEASED

City Council's Action Anent Bluff Tract Park is Unsatisfactory.

NOTHING MORE WILL BE DONE AT PRESENT

Commissioner Cornish Says Lands that Have Been Designated by Council for New Addition are Too Expensive.

In placing on file the appraisal rendered on the proposed Bluff tract park and instructing the Board of Park Commissioners to prepare a new plan, the city council has taken action which is not agreeable to the commissioners.

The resolution passed by the city council requests the park board to prepare a new designation of lands necessary for the Bluff tract park, omitting the lands north of lot 5, section 3-7-15, in the former designation and including all the land fronting upon Sixteenth street from Pinkney street to the north line of lot 5, which were omitted from the former designation.

The lands ordered to be included in the new designation are: First, a tract having 296 feet frontage on Sixteenth street and 240 feet deep; second, a tract having 294 feet frontage on Sixteenth street and 140 feet deep on the west side of lots 5 and 6.

Sixteenth Street Frontage Unchanged. Under the new plan the frontage upon Sixteenth street would be the same extent north and south as Kountze park. The land ordered to be left out of the new designation is a triangular tract of land lying north of the north line of lot 5 and bounded on the west by a line parallel to Sixteenth street and 140 feet east thereof, and on the east by the Belt Line railway and extended to Sixteenth street by a spur on the extreme north.

The lands ordered included by the city council are doubtless very desirable if the property owners in that vicinity are willing to be taxed for high-priced land for park purposes. It was believed at the time the park board first designated the grounds desired that the lots fronting upon Sixteenth street would be appraised at so high a value that to include them would bring the total ward above the \$50,000 limit. It was also believed that the advantages of the Bluff street property for park purposes would not equal the cost.

A boulevard extending from Kountze park to the Bluff tract, which would doubtless be demanded by the property owners in that vicinity when they see the extent of the grounds, would answer every need. The land ordered stricken out was included for several reasons: First, it was relatively cheap land; second, it permitted a picturesque, level driveway along the Bluff one-half mile long, giving the tract an extensive appearance and commanding the entire view of one of the most picturesque landscapes in the city. At the time the land was designated the railroad company had not placed the tracks in the northern part. The exit to Sixteenth street at that point is not particularly necessary.

Will Take No Further Action. As the park board has established a rule not to institute condemnation proceedings until the people to be taxed have petitioned for the same, it is probable that the board will take no action in the matter until another petition is presented showing that the property owners are willing to be taxed for the additional expense.

The large advance sale of seats for the three performances at Boyd's theater wherein Gertrude Coghlan will appear as Becky Sharp in J. Nevins' dramatization of Thackeray's "Vanity Fair," at the popular expectation of unusual pleasure from this entertainment. The Omaha Medical college has reserved nearly 100 seats for the opening performance tonight. The piece will be repeated Saturday matinee and night.

HITS THE PIPE TOO OFTEN

Charlie Sang, a Chinaman, Gets Strange Ideas from Using Too Much Hop.

Charlie Sang, who works in a Chinese laundry at 1009 Davenport street, entered the police station yesterday evidently much perturbed, and, passing a sheet of hieroglyphics to the desk sergeant, jabbered something in pigeon English to the effect that he had received a terrible warning from a Chinese society to which he had belonged in San Francisco. As to the nature of the warning, the sergeant could understand not a word. The characters on the sheet of paper were also a dead language to him. He was just making up his mind to send for an interpreter when two other Celestials, Ling Foo and Sam Wing, entered.

When Wing proceeded to explain that Sang had written the "warning" himself and that it was one of the vagaries of an optimum delirium, he had the documents to prove it. Producing several laundry tickets that Sang had written, he pointed out that the "handwriting" was identical. The upstroke, the hooks, the shades, the flourishes were all the same, Wing said.

KNIGHTS ARE INDEPENDENT

Ak-Sar-Ben Managers Not Disturbed Over Threatened Increase of Rental on Den.

The new owners of the Coliseum declare that the Knights of Ak-Sar-Ben will not be given a new lease on the property on anything like the terms of the present lease, and the knights are just as emphatic in their declaration that they will not allow the rental to be advanced. It is therefore almost certain that the Ak-Sar-Ben will be left homeless on January 1, but as the order has a cash balance of something over \$5,000 in the bank little trouble will be encountered in securing a new den.

Everybody in the northwest knows Col. Daniel Searles, the veteran journalist and publicist of Jan. 10, 1899, the colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared, a new crop of hair has taken root, and the bald spot is being rapidly covered." Herpicide is the only preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing it to fall out. Kill the dandruff germ with Herpicide.

Announcements of the Theaters. It is pretty nearly the unanimous opinion of press and public that the best show of the season is on at the Orpheum this week. The best attention of the big crowds; the "standing room only" sign has described the condition every night this week. The engagement will, from present indications, prove the biggest of the season, which certainly fills every box seat made for "the Orpheum show," which is a bright particular magnet. Will M. Cressley and Blanche Dayne, who are appearing in the pretty rural comedy drama, "The Key of C," will present at the matinee Saturday "The Village Doctor."

Kahn Withdraws His Application. Myron Kahn has withdrawn his application for a liquor license at 413 Hamilton. The opposition to the proposed saloon was so strong among the residents of that block that there was no chance of getting a license from the Board of Fire and Police Commissioners. It was found upon investigation that the persons in the neighborhood who opposed the license were all opposed to the granting of the license. The signers of Kahn's petition were persons who live some distance from 413 Hamilton street and allowed their names to be used under a misapprehension of the facts in the case. Residents of Walnut Hill declare that they will fight any attempt to open a saloon in their district.

\$1,000 Worth of Good. A. H. Thurnea of Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. Other medicines only gave relief. After taking Foley's Kidney Cure the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. Foley's Kidney Cure has done me \$1,000 worth of good." KEELEY INSTITUTE IS READY

Establishment Brought to Omaha Through Influence of the Commercial Club.

Among the several new business institutions which have been recently secured for Omaha through Commercial club influence one of the most notable is the Keeley institute, located at Nineteenth and Leavenworth streets, and which opens for business this morning.

The institute will be under the management of Matthew Gallagher, recently of Minneapolis, and the medical department will be in charge of Dr. S. L. Brown. The treatment will be identical with that administered at the parent institute, Dwight, Ill. The remedies will come direct from the Dwight laboratory. The Omaha institute in point of equipment will be up-to-date, comparing favorably with the branches in the larger cities. The establishment of a Keeley cure in Omaha is regarded by business men as an item worth consideration. It is so much as it will attract to this city not only those who are in need of treatment, but friends who will accompany them. Another feature is the fact that by receiving victims of the drink habit more producers of wealth will be added to the community.

Cloak Room Hints. Very likely you haven't yet decided on the gift for your friend. Suppose you put your mind on furs. Just before Christmas furs begin to advance. They always do, but this is the one store that is always ready to help you out by buying when the opportunity presents itself. Early in the season when the blue bird was worrying the fur makers, we made our holiday selections, and today our furs cheaper than any other house in Omaha. When our present stock is gone then you and we can only do the best we can. Now is the fur buying opportunity. Will you take it? People generally comprehend our advertising. Some criticize us for not advertising more. The question anent various bargains not advertised, is always in the air, "Why don't you tell us of these in the papers?"
