REDUCTION BILL IS PASSED

Much Discussed Measure Passes the Lower House After Final Brief Debate.

WASHINGTON, Dec. 15.—The house today passed the war revenue reduction bill. The opposition sought to recommit the bill with instructions to report back a measure reducing the revenue at least \$70,000,000 and including a provision for an income tax so drawn as to escape an adverse decision of the supreme court. The motion failed, 131 to 135.

HOPKINS' BILL IN COMMITTEE

Measure Fixing New Basis for Representation Gets Its First Informal Consideration.

WASHINGTON, Dec. 15.—(Special Telegram.)—The final settlement of the ratio upon which the representation in the Fifty-eighth congress shall be based is still unsettled as ever. At the census committee meeting today the Hopkins bill, placing the representation at 208,000 and leaving the house as it is at present constituted, was taken up and discussed in all its phases.

REAPPORTIONMENT BILL UP

Census Committee Discusses Changes in Numerical Strength of Lower Legislative Body.

WASHINGTON, Dec. 15.—The house committee on census began its consideration of the reapportionment bill today and by a vote of 6 to 5 expressed a preference for leaving the representation of the house of representatives at 337 as at present. This vote was not considered a finality, however, as several members were not present, but was taken mainly as a preliminary test of the sentiment of members.

WAR DEPARTMENT HAS HEARD NOTHING OF ALLEGED SENTENCE OF DEATH PASSED ON CONNECTICUT BOY

WASHINGTON, Dec. 15.—Inquiry at the War department discloses the fact that a record is on file there in the case of Linas Skinner, a Connecticut volunteer, who is reported in the news dispatches to have been sentenced to death in the Philippines for sleeping on post. This record shows that the charge upon which Skinner was tried was drunkenness on duty and leaving his post. He was convicted by court-martial and sentenced to imprisonment for six months. The reviewing authorities refused to sign the sentence for four months and it is assumed here that Skinner is now serving that sentence. So, unless he has committed another offense, a report of which has not yet reached the department (which is scarcely probable in view of the fact that he should be now serving a period of imprisonment), it is not possible that he should have been sentenced to death on the charge alleged. In fact the records on the department show that up to date no American soldier has, during the recent campaign or indeed through the Spanish war, been sentenced to death for sleeping on post.

suspicious and came to the conclusion that the men were counterfeiters. He reported the facts to George Hazen of the western division of the secret service. Mr. Hazen procured a field glass and on Wednesday went up on top of the postoffice building, where he watched the operations of the two men. His observations confirmed the conclusion that the men were counterfeiters and a search warrant was issued for their arrest and the two men engaged in "bling" ten-dollar gold pieces. The men were arrested and \$3,200 in coin captured.

WOMEN AS WELL AS MEN ARE MADE MISERABLE BY KIDNEY AND BLADDER TROUBLE

"You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever was in my life." So says Mrs. Mary Engelhardt of 2385 Madison street, St. Louis, Mo., to a reporter of the St. Louis Globe-Democrat.

WOMEN AS WELL AS MEN ARE MADE MISERABLE BY KIDNEY AND BLADDER TROUBLE

"For more than ten years I had suffered with what the doctors termed female trouble; also heart trouble, with swelling of the feet and ankles. Last summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor and took their medicines, but felt no better. The physicians told me my kidneys were not affected, but I felt sure that they were the cause of my trouble. A friend recommended me to try Dr. Kilmer's Swamp-Root and I must say I derived immense benefits almost from the first week. I continued the medicine, taking it regularly, and I am now in splendid health. The pain and aches have all gone. I have recommended Swamp-Root to all my friends and told them what it has done for me. I will gladly answer any one who desires to write me regarding my case. I most

DR. KILMER & CO., BINGHAMTON, N. Y.: Gentlemen: In justice to you I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all humanity who are suffering from kidney and bladder diseases.

How to Find Out if You Need Swamp-Root.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. So when your kidneys are weak or out of order you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel bad" begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince any one.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease and if permitted to continue fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Causes puffiness or dark circles under the eyes, rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles, makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a yellow, yellow complexion; makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize it as the greatest and most successful remedy for kidney, liver and bladder trouble.

If you are already convinced that Swamp-Root is what you need you can purchase the regular fifty-cent and one dollar size bottles at the drug stores everywhere.

SHORT SESSION ON TREATY

Senator Lodge Hopes to Secure Agreement for Vote on Measures Before the Holidays.

WASHINGTON, Dec. 15.—The senate transacted no business of consequence in open session, the entire time being spent in executive session on the Hay-Pauncefote treaty. The proceedings today consisted of a brief speech by Senator Teller, in which he suggests the substitution of the word "abrogate" for "repeal" in the treaty. The first of the amendments reported yesterday by the committee on foreign relations, the effect being to declare the Clayton-Bulwer treaty abrogated in express terms. He then made an argument in support of this suggestion, contending that any nation has a right to abrogate a treaty entered into with another nation. He said that if the committee intended the old treaty to be abrogated that word should be used.

When Mr. Teller concluded, Mr. Lodge renewed his efforts to get a time fixed for a vote.

Senator Allen objected outright to the first proposition for a vote upon the treaty at a time to be named, and when Senator Aldrich asked if a vote could not be had today on some amendments to the treaty, Senator Money objected. He said that being the only member of the senate committee on foreign relations who wholly opposed the treaty, he felt that he was entitled to ample time to state his objections, and added that it was his duty to them if it became necessary for him to occupy the entire time between today and the date fixed for the Christmas adjournment. He said that if there was an effort to drive him he would undertake to occupy all this time. Senator Aldrich responded that he had no desire to drive Senator Money or any other senator, but that his only desire was to get the treaty out of the way of other matters.

The senate adjourned a few minutes after the session, Senator Lodge expressed himself as confident of securing an agreement to vote before the holiday adjournment.

Sensor Mason gave notice of the following amendment which he said he would offer on Monday, when he would address the senate:

If the government of the United States shall construct, at its own expense, the said canal, then contained shall prevent the United States from pro-

WOMEN AS WELL AS MEN ARE MADE MISERABLE BY KIDNEY AND BLADDER TROUBLE

"You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever was in my life." So says Mrs. Mary Engelhardt of 2385 Madison street, St. Louis, Mo., to a reporter of the St. Louis Globe-Democrat.

"For more than ten years I had suffered with what the doctors termed female trouble; also heart trouble, with swelling of the feet and ankles. Last summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor and took their medicines, but felt no better. The physicians told me my kidneys were not affected, but I felt sure that they were the cause of my trouble. A friend recommended me to try Dr. Kilmer's Swamp-Root and I must say I derived immense benefits almost from the first week. I continued the medicine, taking it regularly, and I am now in splendid health. The pain and aches have all gone. I have recommended Swamp-Root to all my friends and told them what it has done for me. I will gladly answer any one who desires to write me regarding my case. I most heartily endorse Swamp-Root from every standpoint. There is such pleasant relief to Swamp-Root and it goes right to the weak spots and drives them out of the system." MRS. MARY ENGELHARDT.
