

DIETRICH ISN'T WORRYING

Please for Places at Lincoln Fail to Disturb Him.

DOUGLAS COUNTY'S QUOTA IS FILLED

Future Appointments Will Be Made From Other Sections of the State—Young Men Will Be Preferred.

Governor-elect Dietrich, who spent a few hours in the city yesterday, is not being worried by office-seekers. "It is as easy for me to say 'no' as 'yes' when I want to," said the governor, "and for that reason the office-seekers, of whom there are a great plenty, are not giving me anything like mental anguish. I have taken the position that only good men who are fitted morally, mentally and physically for the particular places they seek shall be appointed, and I have also made up my mind to infuse new blood into the state government by giving preference to young men in making appointments. The appointments from Douglas county already reported are about all that will be given to it. Any other appointments from this county will be held over for some time. It must be remembered that I have but one place to give out for every four counties, and I am endeavoring to distribute the appointments throughout the state as equitably as possible. I think that Douglas has been treated very liberally."

TO OUTLINE THE FUTURE POLICY.

Colonel Bryan Will Map Out Plans at the Jacksonian Club Banquet.

Colonel W. J. Bryan, who will be the principal speaker at the annual banquet of the Jacksonian club, to be given Monday evening, January 7, has announced that he will on this occasion talk about the future policy of the democratic party. As this will be the first public declaration, since the election, of the late presidential candidate's ideas on the future policy of the party, the speech will be one of national interest.

The other speakers on the program, which has been completed, will be Governor Beckham of Kentucky, J. Hamilton Lewis of Washington, Congressman Shallenberger of Nebraska, Will M. Miller of Iowa, and for the press, and Harry O'Neill, who will make the response for the club.

General Fitzhugh Lee and Senator J. S. C. Blackburn of Kentucky will be among the guests of honor. The speakers and distinguished guests will be entertained at luncheon at the Omaha club at noon, and during the entire afternoon a public reception will be in progress at the rooms of the Jacksonian club.

CAPABILITY CUTS NO FIGURE NOW.

Appointments Clarior for Spills Regardless of Public Interests.

There are signs to indicate that the fusionists are going to grab every crumb on the local pie county within their reach soon after the election of the year. A couple of county officers of the popocrite faith have persisted in retaining republicans as chief deputies on the ground that the competency of the men made them preferable to any new appointees. But the leaders of the local democracy have taken up a continual cry of "the spoils and all the spoils," and the office holders are about to yield to the party clamor. A. Steere, jr., the capable chief deputy in the office of the clerk of the district court, is slated to go in order to make a vacancy for Andy Gallagher. It is understood that Clerk Broadwell has promised the party managers that this change will be made in the very near future.

NORRIS BROWN IS THE WINNER.

Buffalo County Man Appointed Deputy Attorney General.

The announcement comes from Lincoln that Norris Brown of Kearney has been appointed deputy attorney general. It was rumored a few days ago that Attorney General Froot was disposed to select his deputy from Douglas county and a number of Omaha's aspiring lawyers were looking hopefully toward Lincoln and Beatrice. The appointment of Mr. Brown, who is one of the leading members of the Buffalo county bar, will give general satisfaction to republicans generally and relieve the anxiety of the Omaha candidates for the position, who were Charles H. Morgan, A. W. Jeffers, C. W. Miles, Carl Herring and George A. Day.

A DOUBTING THOMAS.

Had His Falling Hair Stopped, and Dandruff Cured, Without Faith.

H. B. Fletcher, Butte, Mont., Oct. 20, 1899, says: "Like many other people, I have been troubled for years with dandruff and within the last few months my hair came out so badly that I was compelled to have what I had left clipped very close. A friend recommended Newbro's Herpicide. I confess that I doubted his story, but I gave Herpicide a trial; now my hair is as thick as ever, and entirely free from dandruff. "Destroy that cure, you remove the effect." At drugists, H. 0. Herpicide is a delightful hair dressing for regular use."

HOLIDAY RATES

Via Rock Island Route.

West of the Missouri river, one fare for the round trip. East of the Missouri river, one and one-third fare for the round trip—to points within a distance of 200 miles. Tickets on sale December 22, 23, 24, 25 and 26. Return on January 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31 and January 1. Good for return until January 2. City ticket office, 1323 Farnam street.

HOLIDAY RATES

Via Missouri Pacific Ry.

December 22, 23, 24, 25, 26 and January 1. For further information call at company's office, southeast corner Fourteenth and Douglas streets.

A. O. U. W. Attention.

There will be a meeting of the stock subscribers at the building at 110 and 112 North Fourteenth street on Tuesday, December 18, at 8 p. m. By order of the central committee.

Removal Notice.

The Keeley Institute formerly located at Blair, Neb., has been removed to Omaha, corner of Nineteenth and Leavenworth streets, where our patients are cured of alcoholism, cocaine, morphine and opium habits.

Smallpox at St. Paul.

St. Paul, Neb., has taken a position with North Platte in the matter of smallpox. Alfred Ballen came to Omaha from St. Paul a few days ago to visit relatives. He was suffering with a slight cold when he left home, but before he had been in Omaha three days he had a well defined case of smallpox. Sunday evening he was removed to the emergency hospital. Ballen is a young man about 22 years of age and was employed at husking corn before he came to Omaha. He says that there are several cases of smallpox in St. Paul, but that he did not know he was exposed to the disease.

Marriage Licenses.

The following licenses to wed were issued at the office of the county judge yesterday: Name and Residence. Age. Henry E. Lydion, Omaha, 25. Annie Martin, Omaha, 25. George Myers, Omaha, 26. Richard Oliver, Omaha, 25. Miller L. Durham, Omaha, 25. Nettie Talman, Davenport, 20. Happiness is but another name for perfect health. Use Prickley Ash Bitters and be happy. It keeps the vital organs healthy and well regulated.

SELECT AUDITORIUM BRICK

Committee on Miscellaneous Revenue Approves Design Submitted and Orders 20,000 Shipped.

The auditorium brick, which is expected to mark the coat lapel of every man interested in the progress of Omaha, will make its appearance within the ensuing fortnight. After two months of consideration and after careful inspection of a score of models submitted, the auditorium committee on miscellaneous revenue reported yesterday that it had decided upon a design for the brick badge. Chairman Fred Paffendorf held a model of the favored design before the admiring eyes of the auditorium directors yesterday and they voted unanimously to accept it and to authorize the chairman to order a first shipment of 20,000 at once.

The design selected has the brick suspended from a pin button. The button has a rich royal purple background, upon which appear the words: "I own a brick in the Omaha auditorium." The lettering is in a circle around the edge of the button and across the center runs a white bar, in which the badge is numbered in red figures. The suspended brick is made of celluloid, is brick red, and is "half as wide as it is long and half as thick as it is wide." On the brick the words, "One share stock," are embossed.

The bricks are to be sold at \$1 each and with each brick goes one share of stock in the auditorium company. Bricks bearing favorite numbers will be sold at auction and are expected to bring handsome premiums. President Sanborn yesterday put in a bid of \$100 for brick No. 1, but Mr. Paffendorf said he would probably have to bid higher to get it.

BIG CONSIGNMENTS OF TEA

Omaha Bonded Warehouse Filled to Overflowing with the Fragrant Chinese Product.

The bonded warehouse at Omaha is filled to overflowing for the first time in several months, and if the increase in the volume of business is maintained the officers intimate that additional warehouse space will be required.

The greater part of the importations now in the building consists of tea, of which there are over 5,000 chests to be delivered to importers upon the payment of the duty. The latest consignment to arrive was the largest ever received at this port, consisting of 4,130 chests, or ten carloads. Up at the customs house the clerks are now engaged in calculating the amount of duty to be paid. This will require a day or two, as the tea is in several grades with varying tariff charges. It will, however, be the largest amount of duty ever paid on any one consignment at this port.

The customs officials are highly gratified with the present showing, as Omaha is one of the few towns approximating 100,000 inhabitants, as given by the last census reports, where a bonded customs warehouse is maintained and where importers can receive their goods from foreign ports and withdraw them as they desire. Each year the location of these bonded warehouses comes up for the consideration of congress and from time to time efforts have been made by eastern congressmen to have several of the warehouses at western ports discontinued. Officials of the Omaha office are confident that they will be able to make a showing that will insure the retention of the office in this city.

GOING AFTER LOCAL CROOKS

Extension of Bertillon System in Effect and a Woman is the First Victim.

The police department yesterday inaugurated the change in the application of the Bertillon system, promised some time ago, whereby local offenders are to be photographed and measured according to methods formerly applied only in cases of confirmed criminals of more or less national repute. And, oddly enough, the first person to experience the effects of this new ruling was a woman.

Mrs. C. B. Payne, the shoplifter, with a police escort, called about 9 o'clock at the gallery which has the contract for doing the city's photographic work, and, as if from force of habit, began primping before the large pier glass. She arranged her pompadour with great care, applied a little powder from a chamois skin puff, and gave attention to the symmetry of her tie. Then, when it came to the pose, she insisted upon holding her head so a little more on one side of her nose would not show in the picture.

The photographer didn't have to ask her to look pleasant, for by the time he was ready to press the little rubber bulb her head was poised cozily on one side and her countenance wreathed in smiles. Oscar Karbach says this "prettygraph" will be an interesting addition to his art gallery.

Just Saved His Life.

It was a thrilling escape that Charles Davis of Bowerston, O., lately had from a frightful death. For two years a severe lung trouble constantly grew worse until it seemed he must die of consumption. Then he began to use Dr. King's New Discovery and lately wrote: "It gave instant relief and effected a permanent cure." Such wonderful cures have for 25 years proven it's power to cure all throat, chest and lung troubles. Price, 50c and \$1.00. Every bottle guaranteed. Trial bottles free at Kuhn & Co's drug store.

Very Low Rates east, west, north.

December 22-3-4-5, 31, JANUARY 1.

THE NORTHWESTERN LINE.

1401-1403 Farnam St.

Wanted, a good man to do canvassing in the country. Good pay for right man. Address E. 4, Bee.

FOR TRY THAT COUGH

Why not try a bottle of Schaefer's Cough Syrup? It has helped others and it certainly won't cost much to give it a trial. "Children can take it like they like it because it's pleasant to take."
