Judge Vinsonhaler of the county court. who under the law appointed all of the election boards in Douglas county, testified that he asked the republican and u-m ocrati: county central committees about six weeks before election to submit to him lists of judges and clerks whom they would recommend for appointment. The democratic committee submitted practically a complete list and the appointments recommended thereby were made by the judge, but the republican committee did not send in a list of judges and clerks for the South Omaha precincts and Judge Vinsonhaler appointed as judges and clerks in that city the men whose names were brought to him by George Sherwood, a bailiff in Judge Baxter's court. When Sherwood submitted the names to Judge Vinsenhaler he stated that they were the men recommended for appointment by the republican county committee. The judge further testified that Mayor A. R. WILL SETTLE CHAMPIONSHIP

Lincoln and Omaha to Determine Disputed Foot Ball Supremacy in This City Christmas Day.

For the third time in two months' time foot ball gladiators of Omaha and Lincoln will line up on the Vinton street gridiron Christmas afternoon and attempt to establish the supremacy of one team over the other. The latter part of November such an effort was made, but it resulted in a tie game; last Saturday a second effort was made and it resulted in a tie. The contest Christmas day will be the third one and if there be any merit in that old belief that the "third time is the charm," one side or the other will surely come out victorious.

Much interest is already manifested in the game. The splendid material composing the two elevens and the rattling good exhibitions put up in the memorable struggles that have been fought out this season insures that the coming game will be one after the heart of the foot ball enthusies: after the heart of the foot ball enthusiast. Both teams will have the same line-up as in last Saturday's game.

DANDRUFF WON'T WASH OUT.

The Germ that Causes It Has to Be Destroyed, to Cure Dandruff. Many a woman spends an hour twice a week scouring her scalp, thinking scrubbing off the scurf will cure the dandruff. Two hours a week at the age of 40 years, she has spent 260 days of 12 hours each, or twothirds of a year of her life, in that vain hope: vain, because you can't cure dandruff without killing the dandruff germ, and the only hair preparation on earth that will do that is Newbro's "Herpicide"-also a delightful hair dressing, and thoroughly antiseptic against all contagion from use of other's hair brushes. The horses and hose cart belonging to fire half No. 1 were brought in yesterday by a farmer who lives near Deerfield.
