#### ZOLA IS AGAINST AMNESTY Realist Predicts Terrible Fifth Act in Which Kaiser Will

Take Leading Role.

PARIS, Dec. 22 .- 5 a. m .- The Aurore publishes this morning a seven-column let ter from M. Emile Zola to President Loubet, protesting in characteristically eloamnesty bill, which he stigmatizes as a "grave fault" of the government.

M. Zola says: "I am confident the day has arrived when this error of amnesty is recognized, as well as the fact of the gross betrayal by the second condemnation of Dreyfus. It is the duty of the government to put the Dreyfus case again in the hands of the court of cassation and to allow all the cases connected with it be fought out, thus giving to the French nation a lesson in truth and equity without which it will never be appeared. The gov ernment, however, has decided upon an opposite course, decided to stifle the truth. thus plunging the country into a nighmare certain to last so long as the Dreyfus iniquity is not repaired."

He enumerates the accusations of the famous "J'accuse" letter, each of which he says has been proved so, and he emphasizes the injustice to himself in "including me among a number of guilty men who escape under cover of the bill." "I predict," he says, in conclusion, "that

the affair is not yet finished. The fourth that night and that he had kept faith with the would be able to get back. I don't them and they should do the same with him.

COLUMBUS, O., Dec. 2L—James Considine, who broke into the Granville (O.) postoffice, was today sentenced to five years in the penitentiary by United States Judge Thompson. An effort was made to have the sentence suspended on account of the prisoner's past good record, but the court declined to take such action.

Considine, whose home is in Detroit, made one of the most remarkable pleas for elemency ever heard in a court. He declared that he was innocent and begged the court to suspend sentence for two years. He said that Governor Pingree of Michigan would stand sponsor for his good behavior and that the governor had authorized him to use his name in the plea. Judge Thompson, however, refused to credit Considines avowals and refused even a suspension of the sentence until a writ of appeal could be made to the circuit court. No Mercy for Postoffice Robber.

Miss Nellie E. Cleland, of Lewis, N. Y., writes of her weak, despondent condition: "I feel I ought to inform you of the benefit I received from the use of Dr. Kay's Renovator. I was out of health for more than a year, Steadily grew worse and became so weak I became confined to my bed. While in this helpless and despondent condition I tried Dr. Kay's Renovator. I had not finished the second bottle before I was up and attending to my household duties. Its effect has been marvelous, and I would advise all who are sick and despondent to give it a trial."
