Heavyweight Pugilists to Strive for Championship Honors at Cincinnati.

LITTLE ENTHUSIASM OVER THE MATCH

Devotees of the Ring Look Upon the Meeting as a Last Resort to Keep Jeffries Before the Public.

The pext champion heavyweight pugilistic event will come off February 15 at Cincinnati, when Champion Jeffries and Gus Rublin will battle for the highest honors in the realm of pugilism-the former to sustain the laurels he has already won and the latter to attempt the task of wresting away from his antagonist the championship.

Strange as it may seem in the light of past interest aroused in the meeting between two heavyweight fighters, there is little enthusiasm abroad in sporting circles over this match. While Rublin is generally conceded to be a clever fighter and alive with enthusiasm and ambition, it is difficult to consider him in the same class with the great bruiser who now boasts the world's championship. If he should chance to win the forthcoming contest it would be one of the wonders of the pugilistic age.

The matching of the champion with Ruhlin looks to be a sort of a last resort taken by Jeffries' managers in order that the big fellow shall not entirely grop out of the public mind. The champion can go about the country whipping any number of second-rate fighters, however, and he will never quite be considered as unconquerold "Red Robert" Fitzsimmons. The popularity which the big Cornishman has with the votaries of prize fighting is recognized as quite unusual, for a defeated champion is, as a rule, in the same position as "yesterday's paper." But it exists, nevertheless, and Fitz bas all sorts of followers is as firm as the rock of Gibraltar.

Fitzsimmons, however, is maintaining an attitude of absolute indifference. That he will sooner or later meet the champion not enter the roped arena again until after the Christmas game was decided upon. the close of his theatrical season. Then be may do a little "smoking" on his own

Gardner was for a while considered the most promising candidate in the country for the bantam championship, and at one time he was relied upon to stop McGovern's successful career. Now he is getting beaten by second-rate lighters, and about the best he can do is to get draws with men he could have beaten in short order a year or so back. Gardner's hands have been troubling him a lot of late, and he has lost his ability to hit hard. He is also slowing up, a fact which is not at all surprising when his rather rapid way of living and the number of fights he has taken part in is taken into consideration. Gardner has about reached the jumping-off point, and he will soon have to join George Dixon in retirement.

He's a hustler, and he will succeed with his new league. And The Bee ventures the assertion that he will be in touch with the National before the umpire tosses the first

ball to the pitcher next April.

Neither are the men who have large sums of money-sometimes it is said millions-invested in base ball in the National league devoid of business acumen. While they have all the better of the situation in case "war" should break out, they would stand to lose a lot of money, and there is no reason to think that they are going to deliberately give themselves the worst of it if they can avoid it. To be sure, they were deeply interested in the towns the American has taken over. They had assumed franchises and obligations on which they had already paid large sums to the owners of the moribund teams; they hold leases on grounds and are otherwise pecuniarily interested. There is no question but they would have been glad to talk business to Mr. Johnson on these lines. But since Mr. Johnson and his associates elected to proceed independently it would seem merely business policy for the National league to proceed quietly to secure what is possible from the wreck and not waste good money by sending it after had unless absolutely compelled so to do by some overt act on the part of the American league. In this respect the prospect for "war" seems very

Another noticeable feature of the situation is that the most virulent advocates of 'war" are those located in towns that are in no wise affected by the present condition or which are not at all concerned in the circuits are formed. Toledo, for example, is a very betted of "war," and the dopemakers down there are slaying whole hecatombs of base ball magnates and players. Grand Rapids, too, is going in for it, and from this pair of base ball graveyards daily artse and stalk forth ghostly forms of evanescent leagues which vanish even as one tries to descry their shapes, and after hem come still others.

Omaha Citizens Know the Cure. Some people call it backache-some say it is overwork-others

<u> □∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙∙</u>

know it is simply the failure of the kidneys to do their duty. A man can't be well if the kidneys are sick. He'll have backache, lame back, headache, stomach troublebe miserable generally.

Just Kidney Ache.

It's the uric acid in the blood-poison that the kidneys ought to take out.

Doan's Kidney Pills

help the kidneys to do their work: Cure backache, urinary troubles, every form of kidney disease-have done it for hundreds of people right here in Omaha-are doing it every day. Here's proof of it-

Mr. Fred E. Hall, 508 North 32nd Street, employed at the railroad bridge two mile from the city, says: "I had

a bad back for about a year and in the winter of 1898 it became very severe. When lying down it was very difficult to get up and on stooping sharp pains caught me in the small of the back and my kidneys were weak. it was for this that I procured Dean's Kidney Pills at Kuhn & Co.'s Drug Store. Since using them I have had no occasion to complain of my back or kidneys and I have told friends my high opinion of Doan's Kidney Pills and will personally corroborate the above at any time."
