the state board of control is in receipt of many requests to have patients returned to the county hospitals. Inasmuch as the state hospitals are already crowded beyond

their capacity, these requests are complied with whenever it is shown that the county hospitals are prepared for caring for the patients.

The outlook for a large meeting of the implement dealers at the meeting of the association in Des Moines, commencing next Wednesday, is good. The committee on entertainment has already received ac-

ceptances from more than 1,500 persons who report their intention of being here during the week, and this does not include the representatives of business houses. Arrangements have been made for an immense exhibit of farm implements and machinery.

Thievery Grows More Common. Information is received here that in the southern counties of the state thievery has come so common of late that farmers living in the vicinity of Farragut have formed an organization and are prepared to give a warm reception to the thieves should they again make their appearance

in that particular section of the state. The gang evidently has headquarters in Missouri and the plunder is taken across the

line, but work has been done in Farragut, Coin, Shenandoah and elsewhere. A fine horse was stolen from the farm of Marion Gray, in Fremont county, and at the same time a horse was taken which belonged to an employe on the farm. Two horses were stolen near Coin and attempts were made at several other places, but the thieves were either discovered and driven off or failed to get into the barns. H. Rogers of Farragut lost some hogs, and the theft of laprobes and harness was reported from other farmers. Iowa has been reasonably free from organized bands of raiding thieves for a number of years owing to the existence of so many local associations prepared to deal quickly with offenders, but this report indicates that the counties near the line are still in some danger. Racing Scason in St. Louis. ST. LOUIS, Dec. 30.—Racing may be re-sumed at the St. Louis fair grounds on May 11, to continue for ninety days, the limit fixed by the Missouri Breeders' law for any single track. Although the Turf Congress permits the St. Louis course to be open on April 1 the state law does not. It fixes the opening of the season at April 15 and the close at November 1. This gives St. Louis 171 days of actual racing. Between April 15 and May 11, when the fair grounds track opens, it is considered likely that Kinloch park will have a season of twenty-three days. If the Tilles-Adler-Cella syndicate track is completed by the end of the fair grounds season and the Kinloch people seek to resume at that time a fight between it and the syndicate would undoubtedly re-sult.
