

ITS NEXT GREAT WAR

England Seems to Fear Commercial Rivalry of United States and Germany.

EARL OF ROSEBURY RAISES WARNING CRY

American Genius for Combining Individual Fortunes a Growing Menace.

ENTERPRISE SEEKS WORLD-WIDE FIELD

German Thoroughness and Plodding to Be Feared Only Slightly Less.

EX-PREMIER GIVES WHOLESOME ADVICE

Youth of England, He Says, Should Be Sent to Learn the Best That Their Trade Rivals Have Able to Teach.

LONDON, Jan. 16.—The earl of Rosebury, responding to a toast to his health... "The Americans, with their vast resources," he continued, "their huge enterprise and their huge population, which probably will be 100,000,000 in twenty years, together with the plan they have adopted for putting accurate wealth into great co-operative syndicates or trusts for the purpose of carrying on this great commercial warfare, are perhaps the most formidable."

"On the other hand, the Germans, with their calculating and conquering spirit and the energy with which they seize and use the best and most economical methods, are but less redoubtable than the Americans."

"The Americans, scarcely satisfied with their gigantic individual fortunes, use these by combination to make of capital a power, which, wielded by one or two minds, is almost irresistible, and if this power is concentrated against Great Britain in trade warfare it will be a danger we cannot afford to disregard."

"A trust of many millions might compete with any trade in England, selling all its products at a considerable loss. This is a possible outcome of the immediate future. A curious feature, if I may say so without impertinence, seems to be that in combination with the faculty of acquisition of money there is a complete contempt for money except as a means for making power and for new conquests."

DEFEATS BOLIVIAN FORCES

New Rubber Republic More Than Holding Its Own in Struggle.

NEW YORK, Jan. 16.—A dispatch to the Herald from Rio Janeiro says: "Alarming news, unfavorable to the Bolivian forces, that are endeavoring to crush the so-called republic of Acre, is continually arriving from Manaus."

The Acre forces routed the Bolivians recently near Capatira in the rubber forest. The dispatches add that the Bolivians retreated to Puerto Alonso and are now surrounded by troops and are undergoing a siege.

LASIES' BLUFF IS CALLED

Premier Waldeck-Rousseau Furnishes Snapsheet for Which Big Sum Was Offered.

PARIS, Jan. 17.—The Figaro publishes this morning an amusing sequel to the recent declaration in the Chamber of Deputies by M. Lasies, nationalist, that he would give £100,000 to a photograph showing the premier, M. Waldeck-Rousseau, conversing with Pere du Lac, M. Waldeck-Rousseau, according to the Figaro, sent to the deputy a snapsheet taken by Mme. Waldeck-Rousseau on the occasion of the visit of the celebrated Jesuit to their country seat, with a polite request that the money be given to charity. M. Lasies, who was much disconcerted, refusing to comply, saying he had only spoken figuratively.

Danes Are Not Opposed

COPENHAGEN, Jan. 16.—The leaders of the syndicate of merchants who are petitioning the government to make investment of Danish capital profitable in the British West Indies (as cabled to the Associated Press yesterday) do not appear to have any intention of agitating against the sale of the islands to the United States. Their idea is to develop the islands in the event of their not being sold.

Muslims to Rise in Dahomey

PARIS, Jan. 16.—According to advices from Dahomey the Muslim tribes are openly preparing for rebellion. They refuse to recognize the sovereignty of King Tefa and the governor has been obliged to suspend his tour of the north country. He has asked for the recall of the functionary alleged to be responsible for the situation.

MAY HAVE CRUCIFIED THE VAAL

Capetown Disturbed by a Riot of the Boer Forces.

LONDON, Jan. 17.—The important report received from Johannesburg that General Buller has crossed the Vaal and joined forces with the Transvaal commandos, if true, probably means the concentration of 7,000 Boers with several guns for another attack. There is a rumor current in Capetown that several Boer leaders are urging an attack upon mines. It has been understood that General Dewet has been anxious to join the invaders in Cape Colony and this rumor may be spread to cover an attempt to break southward.

It is said that in several instances have worn khaki and government notices have been promulgated in Pretoria prohibiting civilians from wearing khaki and notifying all persons who wear this costume, which is likely to be mistaken for the British uniform, that they will render themselves liable to arrest and imprisonment.

In response to the government call, volunteering is said to be brisk in London and in the provinces.

Defensive measures in South Africa proceed apace. Seven thousand men have joined the city guard in Capetown and 3,000 others have volunteered in the suburbs.

A small Boer commando entered Sutherland, cut the telegraph wires, looted the stores and then proceeded northward. According to the Capetown correspondent of the Daily Mail the Boers occupied Abakona, forty miles south of Graaf Reinet on Tuesday.

A unique feature of Kitchener's fighting methods is the enrollment of 300 Matabele camp followers for riding and leading spare horses. This is likely to renew the color of the Boer army.

Bennett Burleigh, who has returned to Capetown, sends to the Daily Telegraph an enigmatical dispatch dated January 16, saying: "All our soldiers, whether from Orange River Colony or the Transvaal, look the picture of health and it is hoped that the end is steadily coming nearer. The few recent successes of the Boers are annoying. Twenty thousand reinforcements have arrived and they are very welcome in Cape Colony where the Dutch decline to rise."

The riders are sixty miles north of the town and are being pushed by our troops. This presumably means that Lord Kitchener has sent 20,000 men into Cape Colony.

MR. KRUGER IS HESITATING

Doesn't Like to Come to American Unless Assured Visit Would Pay.

LONDON, Jan. 16.—Mr. Kruger is undecided whether to visit America. He will do so if assured that President McKim will receive him officially as president of the Transvaal. The friends of Mr. Kruger do not desire the old man, in his present state of health, to undertake any arduous and fruitless journey in cold weather.

John A. Mulholland, representing a group of American pro-Boers, with W. T. Stead, visited Mr. Kruger a fortnight ago and invited him to visit America. Afterward, while Mr. Kruger was saying his good-byes to him to do so. He has since recovered and has declared he is willing to make the trip if he could be satisfied that his visit would tangibly help the Boers. He tells his friends that his reason for hope for the czar's moral support.

The operation on Mr. Kruger's eyes, at Utrecht next week, although slight in itself, will necessitate absolute quiet for some time.

BLOODY RIOT IN PROGRESS

Several Persons Are Reported Killed at Corbin, Kentucky.

STORE WITH ITS INMATES DYNAMITED

How Starts with Shooting of James Shotwell by Rollie White Because the Former Did Not Want the Other for a Son-in-Law.

CORBIN, Ky., Jan. 16.—A riot is in progress here tonight as a result of the shooting this afternoon of James Shotwell by Rollie White and several persons have been killed and injured. Shotwell is in a precarious condition tonight and is not expected to recover. Trouble grew out of the fact that White had been paying attention to Shotwell's daughter against the latter's will. After the shooting White was arrested and was placed in his brother's grocery store, where a guard was placed over him.

At 6:30 p. m. a terrific explosion took place under the grocery. So severe was the shock that it tore the building literally to pieces. There were about a dozen persons in the building at the time. Several escaped with slight injuries, while several remain in the debris dead. No one at this time can say how many are killed. Immediately after the explosion there was rapid firing in the neighborhood by unknown parties.

The shooting of Susan Cox was found dead near the wrecked building, having been struck by a stray ball. Citizens are afraid to visit the rioting district tonight and the number of killed cannot be ascertained until morning.

MEMORIAL TO RABBI WISE

American Hebrew Congregations Decide to Raise College Endowment Fund of \$500,000.

CINCINNATI, O., Jan. 16.—The seventeenth annual convention of American Hebrew congregations concluded tonight. The body will meet in St. Louis in 1902. A standing committee was appointed on circuit preaching, and this committee will have power to employ field secretaries to organize country congregations and others for such missionary work as the Hebrews have not done heretofore.

The recommendation of the committee on finance to require every Hebrew congregation of the country to join the council union was adopted. There are 700 Hebrew congregations in the United States and only about 150 of them are in the union. Memorials in respect to the late Dr. Isaac M. Wise were adopted. Most of the day was devoted to the consideration of the proposition to raise \$500,000 to be called the Wise memorial fund, for the endowment of the Hebrew college in this city. The rabbis of all congregations were instructed to assist in raising this fund.

A resolution was adopted creating a standing committee of twenty-one members to control the Isaac M. Wise national memorial fund, with headquarters in Cincinnati, and to make a final report at the next meeting in St. Louis. It was reported that over \$100,000 had already been secured, \$40,000 of it from Cincinnati.

The committee on civil and religious rights reported, condemning the cruelties to Jews in Europe, and appealing for the relief of the Russian and Rumanian Jews. This committee also recommended a closer union with the independent Order of the Bnai B'rith in all matters pertaining to equal rights all over the world.

The following new members of the executive board were selected: Lewis Gans, New York; B. F. Teller, Philadelphia; I. Michaels, St. Louis; Morris Cohn, Little Rock; Ben Wild; Milwaukee; A. Mahler, Cleveland; I. Oppenheimer, Buffalo, and M. A. Seidel, Rochester. The members of this board held over or were re-elected.

Funds for Upper Missouri

The adoption by the house of an amendment offered by Representative Thomas of Iowa, providing appropriations for the upper Missouri river improvements will no doubt result in more adequate funds for this purpose. The bill as reported by the house makes available \$100,000 for Missouri improvements above Sioux City. The amendment today provides that this amount shall be expended at Sioux City and above that place on the Missouri. This recognition by the house will be the basis on which additional appropriations will be asked when the bill is taken up in the Senate.

Chairman Edmiston replied and said that such a slander from a state official with a record such as Porter's was not humiliating.

LEE'S VIEWS ON CUBA'S FUTURE

Declares That American Guardianship is Necessary to Prevent English Invasion.

LITTLE ROCK, Ark., Jan. 16.—General Lee who arrived here today to inspect Fort Logan H. Root, was honored with a series of receptions by different civic organizations. This afternoon he accepted the invitation of the Arkansas legislature and addressed the house and senate in joint session. In reference to Cuba's future he said: "The geographical position of that beautiful island is such that the United States must always keep some sort of supervision over it. Any hostile power holding Cuba could shut up the Gulf of Mexico. If the United States withdraws its troops and complaint should go to England that English interests on the island were not protected, in less than six or seven years we would see an English sailing into Havana harbor, and if it got there it is doubtful if any other power could get possession of the island."

SELL OIL AT SHORT WEIGHT

American Lined Oil Company Held Liable for a Large Amount.

CHICAGO, Jan. 16.—By a ruling of the appellate court, in a decision handed down by Judge Horton yesterday, the Lined Oil trust became liable for damages which may aggregate a large amount. The case is that of Heath & Milligan Manufacturing company against the National Lined Oil company, which was reorganized two years ago and became the American Lined Oil company. The court found that the custom of the company in selling 7 1/2 pounds of oil as constituting a gallon was illegal and amounted to short weight. In so holding the court reversed the finding of the court below and ordered the entry of a judgment against the company for \$12,012, with costs. The case was a test one, brought by Heath & Milligan after the discovery by A. M. Heath that a gallon of lined oil in reality weighed 7 1/2 pounds instead of 7 1/2, as sold by the trust.
