MONEY TO LOAN-CHATTELS.

DO YOU NEED MONEY?
We loan \$10.60 and up on furniture, panos, borses and other chattels.
SALARY LOANS
Without mortgage, to people holding permanent positions. You can get the money in a few hours after making application, and take 1, 2, 3, 4, 5, 6 months or more in which to pay it back, and you need not pay for it one day longer than you keep it. We charge nothing for papers and we give you the full amount in cash. There are no lower rates than ours, our terms are the easiest, our business is confidential and our motto is "try to please."
Omaha Mortgage Loan Co.,

B Company of Pennsylvania and the Jakota Mining company of Deadwood have Mountain district. The ore is said to have a value equal to that of the Homestake ore. Should this ledge open up into something big, it would mean the erection of stamp mills by the Golden Reward com-

pany. Reilley & Barry, merchants of Central City, have purchased of the Dakota Mining company, the 200-ton cyanide plant, which was used by that company for expxeriment-Leave. Arrive. City Passenger. a 6:00 am a 5:10 pm ha Passenger. a 6:00 am a 11:10 am Jack Pot mines. The plant will be started up immediately on ore from a mine in Sawpit gulch.

Omnha Capital at North Stay.

Sinking is to be resumed this month in the North Star shaft, eight miles northwest of Custer. Numerous Omaha people are putting up the capital to develop the property. The shaft is now down over duced nearly one-half, the remainder hav-300 feet. The ore ledge dips to the west and at the lowest level, it was found 110 chlorination works and, in the last three feet from the shaft bottom. The shaft is years, from the cyanide plants. It is now to be sunk 200 feet deeper. The North Star mine has one of the best verticals of plants in the next twelve months will ingold ore to be found in the Southern Hills. It is right north of the North Star mine, that the Saginaw Mining company of Michigan has commenced opening up a ledge of gold ore.

The organization of the Vulcan Mining company at Keystone, by Colonel James A. Clark and Detroit associates, will mean the opening up of the Vulcan property, located two miles northwest of Keystone, on the Keystone belt. A shaft of 100 feet deep has struck a big ledge of free-milling ore The new company proposes to install a

steam hoisting plant and mill. The Belt Development company of Colo-

An Interesting Parallel and a Valuation of the manufacture of macaroni. It is claimed that it will prove to be an especially good grain for this soil and climate, and the results of Professor Shepard's experiments will be awaited with much interest.

THISTLES AND DANDRUFF.

CORNELIUS VAN COTT, Postmaster.

rado Springs, Colo., has put on an increased force of men on the excavation for the site of the new steam hoisting plant. O. B. Amsden, the company's expert and superintendent, has opened an office in Lead.

Fourteen Cyanide Plants.

Fourteen cyanide plants are now in opera-

tion in the Black Hills, twelve in Lawrence

ounty and two in Pennington. For twenty-

five years the Black Hills people have been experimenting to find a process that would successfully treat low-grade ores. Smelting, hlorination and other processes have been used on the richer ores with success for ten or more years, but the great quantities of \$8 and \$10 ore could not be profitably treated with any of these methods. The average value of the ore in the Black Hills is low, perhaps about \$12 per ton in gold. The condition of mining affairs in the Hills bas been enhanced fifty fold by the advent of the eyanide process, which is performing cyanide plant on the old site of the chlori-nation works, which were destroyed by fire ores. Colorado men say that Black Hills PATENTS.

Marcy Sts. Telephone 329.

INVENTORS. GOT AN IDEA? We handle paterts, copyrights and trade marks; you give us the bare idea and we will do the rest; modern equipped machine shop and foundry in connection; Official Gazette on file; guide book free. Mason, Penwick & Lawrence, patent lawyers, 1408 Howard Eastern Special, Chicago and East. Chicag tallings. The same is true of the Holy Tering company of Pennsylvania and the Da-kota Mining company of Deadwood have of ore extraction that is destined to be the most successful and commonly used will be

> rolls or stamps. Two Yew Mining Companies. It is known in Deadwood that capitalists of Colorado Springs, Colo., stand ready to organize two new mining companies just as soon as it is conclusively determined that the Spearfish Mining company of that city is a success. The company has built a 250ton eyanide plant at Ragged Top, which is the largest plant of that kind in which ore is crushed in the Hills. The Homestake company will have a larger takange capacity, but no crushing of ore will be done in the plant, for the reason that it is intended to treat the tailings of the stampmills only. The cyaniding of ore is especially attarctive to Colorado mining men, and there is reason to expect that a number of new companies will be organized this winter to operate in the flat formations in different mining camps in which the grade of ore runs

> the cyanide process, either wet or dry, with

from \$6 to \$10 per ton.

Output of Gold \$1,000,000. The output of gold from the Black Hills to date has been about \$100,000,000. Of this amount the Homestake company has proing come from the placer diggings, smelter, expected that the output of the new cyanide crease the output of gold one-third and in five years' time it is predicted that twothirds of the bullion will come from ore cyanided.

At the Deadbroke mine in the Blacktail district ore is being mined for 25 cents per ton. It is handled economically and the manager of the cyanide plant which treats the ore states that the gold is extracted for 76 cents per ton, making a total of \$1.11 for mining and milling the ore. This particular ore runs about \$8 per ton in gold and the ledge is over 300 feet wide and extends several miles. Homestake Company's New Plant.

The Homestake company will have its 1,200-ton cyanide plant completed soon. It is expected that practically all of the values that remain in the tailings from the mills, about \$1.50 per ton, will be saved, which will mean a saving of about \$40,000 per month to the company.

The twenty-ton cyanide plant in the North

Lead district, owned by Lead men, has been

enlarged to fifty tons capacity. The Portland Mining company of Clinton, la., has arted up its new fifty-ton plant at Centra City and the first runs have been very satisfactory Sioux Falls capitalists have purchased the Wealthy group of mining claims located about four miles northwest of Keystone on the Kelstone ere belt. There are six claims in the group and a two-campartment shaft.

which is down 100 feet. A twenty-stamp mill goes in the sale. It is asserted that the Holy Terror ledge of ore has been found passing through the group. The property will be developed thoroughly. South Dakota Incorporations. PIERRE, S. D., Jan. 20.—(Special.)—Articles of incorporation have been filed for the Castle Rock Gold Mining and Milling company at Spearfish, with a capital of \$1,000,000.
