

MAN'S ZEAL AND GOD'S POWER

These the Elements of a True Revival, Says Rev. Mr. Cissel.

MUST BE AID FROM HUMAN SOURCES

Congregation of the Hancock Park Methodist Episcopal Church Hears a Sermon on the Subject of "Law of Revivals."

"The Law of Revivals" was the subject of Rev. Clyde Clay Cissel's Sunday morning discourse at Hancock Park Methodist Episcopal church.

"God's law prevails," he said, "not only in the material world, but as well in the spiritual. He does not come to some certain conclusion today, but it is operation and break it down tomorrow. He keeps His designs through centuries and cycles of time, perfecting them all the time in their operation."

"In the progress of the spiritual kingdom God has had a method. It has been necessary that men should do certain things in order to bring themselves in harmony with God's designs. Over the church of God there has not always reined a calm atmosphere. A perspective of past achievements does not present one, unbroken chain of mountain ranges. There are valleys and lowlands. God does not make the winter continuous summer. There are winter days when the snow covers the land and wintry blasts take the place of the balmy breezes of summer."

"We behold the same law operative in the nations of the world. There have been long decades, sometimes centuries, when the path of nations and people has been downward. There have been long years when the tendencies of different races have been toward degeneration rather than regeneration. Just so there have been seasons in God's spiritual world; such times as the onward progress of God's kingdom among men—not because God has been slack or unconcerned, but because it is impossible for God to bring these things to pass unaided by human assistance."

"The forward movements in all the churches have been in answer to the prayer in men's hearts, 'Oh, Lord, revive Thy work!' This same God, who has a method of doing things in the natural world and in the physical hemisphere, has a way of doing things in the spiritual world. God's work is revived and then only when man's zeal and service is joined with God's power. It is often argued, if God is so anxious to save the world why doesn't He do it regardless of men? In the plan of human salvation there is a large place for man, and without his assistance God is unable to save mankind."

"Men say today, 'Oh, if we could only have a revival!' God is always willing that we should have a spiritual awakening. He is more willing to give such gifts to His children than an earthly parent. All around us are avenues leading to spiritual realities and the blessings of spiritual power. But until men whose hearts burn with zeal shall arise and link their services with God's omnipotence there will be no great revival. God depends more than we think on casual consideration, on human agencies, human hearts, human hands and human industries."

"There is a tendency," said Rev. Anderson, "to substitute the billiard table for the Christian culture classes, to establish euchre clubs in the church so that the young people will not play cards under evil circumstances. They want more liberalism, more sociability and more sociology in the church. They would push aside the spirit of the fathers. We need not stand by the old methods of work, but we cannot forget for it is that the spirit, which working through our fathers has made the church a success in the past, shall be retained and that it shall be the moving spirit of the people."

Rev. Anderson recently returned from a three months' visit in Europe. He spent some time at his old home in Glasgow, Scotland, subsequently seeing the sights of the Paris exposition and making a visit in London.

OBJECTION TO CHRISTIAN CHURCH. Rev. Sumner T. Martin Regins a Series of Sermons on the Topic.

Rev. Sumner T. Martin, pastor of the First Christian church delivered the first of a series of sermons Sunday morning on popular objections to the Christian church. His subject was, "You Don't Believe in the Holy Spirit." At the close of the morning service the rite of baptism was administered to a number of applicants.

Sunday evening the pulpit was occupied by Miss Ella Reinking Towle, who presented the work of the Nebraska's Children's Home society. She aroused considerable enthusiasm in the work being accomplished by the society and in its plans for future effectiveness by telling a number of incidents proving the splendid achievements of the organization.

Rev. A. C. Hirst at Y. M. C. A. The assembly room of the Young Men's Christian association was crowded to the doors Sunday afternoon, the principal attraction being an address by Rev. A. C. Hirst. It was estimated that over 300 young men were in attendance. Speaking from the theme, "Making Our Own World," Rev. Hirst urged that a man can shape his own

RECOVERIES FROM GRIP.

Mrs. E. I. Masters, at her home in Montclair, Ind., used Dr. Miles' Nerve and Liver Pills to cure after effects of grip.

Mrs. A. E. Loper, in the little town of Modella, Minn., used Dr. Miles' Pain Pills and Nerve and Liver Pills and was well in a few days.

President McKinley is slowly recovering from grip and its after effects.

George J. Flannery was relieved of the awful pains in the head in fifteen minutes by the use of Dr. Miles' Pain Pills. Now he is rapidly recovering at his home in Buffalo, N. Y.

Speaker Henderson is again in the chair in the house of representatives after a severe attack of grip.

J. C. Helfrey, foreman at the Westinghouse factory in East Pittsburgh, had a severe attack of grip, but he used Dr. Miles' Nerve and Liver Pills and was soon back in his place.

Rev. C. Body was in a serious condition at his home in St. Paris, O., but Dr. Miles' Nerve and Liver Pills pulled him through all right.

GETTING UP NEW ENERGY

Auditorium Committees Are Going After Stock Subscriptions.

THEY WILL MAKE UP FOR LOST TIME

Hustlers Hope to Push the Fund to the \$150,000 Mark by the End of the Current Week.

Stock subscriptions for the Auditorium will be sought most diligently this week. Several weeks ago the Auditorium directors decided to ease up in their work until merchants and other business men had balanced on the old year and cleared the decks for the activities of the new year.

Every member of the board of directors is expected to forget that he has a business of his own this week and devote his whole time and exclusive attention to the public movement. Therefore all those who have not yet taken stock in the Auditorium company may expect to be pressed to do so this week.

There are a number of big corporations who draw their dividend-paying income from the people of Omaha who have not subscribed for Auditorium stock up to date, it is asserted, and a special effort will be made during the week to bring them into line. Pressure will be brought to bear also upon several of the city's wealthiest men who have thus far made no subscriptions.

RECIPROCALITY IS SUGGESTED

"Any man who has grown wealthy through the growth of the city ought to subscribe generously to the Auditorium fund," declared one of the directors yesterday. "If this city is good enough to make a man rich it is certainly good enough to deserve that rich man's patronage. All citizens should contribute to the upbuilding of Omaha in proportion to the benefits they derive from the city."

Men who have large property interests here help themselves as much as they help the city when they aid in the establishment of such public institutions as the Auditorium.

Frederick Paffenrath, chairman of the committee on miscellaneous revenue, will receive the first shipment of 20,000 brick badges within a week or ten days and every man that touches the pavement of Omaha is expected to buy one and thus prove his loyalty to the city. Each brick will entitle the holder to one share of stock in the Auditorium. Mr. Paffenrath expects to have the bricks on sale in all of the first-class stores of the city, where such enticing signs as "Hit Me with a Brick," "Take a Brick Home to Mother-in-Law" and "Don't Be a Sticker, but Buy a Brick," will be displayed.

President Sanborn, who returned from Salt Lake City yesterday, has called a special meeting of the Auditorium directors, to be held at the Commercial club at 10 o'clock this morning.

J. A. Lambert of Rachel, N. C., writes: "I heartily endorse Foley's Kidney Cure. It does what you claim it will do, and there is nothing equal to it, except, of course, for the good it has done me. Accept no substitute. For sale by Myers-Dillon Drug Co., Omaha; Dillon's drug store, South Omaha."

BRENNAN'S WARM RECEPTION

Police Meet a Sioux City Visitor at the Railway Station. John Brennan was given an unexpected reception when he arrived here from Sioux City Sunday morning, for he was met at the depot by Detectives Heelan and Johnson, who escorted him to police headquarters on the strength of a telegram saying that Brennan was wanted in Sioux City for stealing \$300 worth of jewelry from a watch-

The search of Brennan's clothing revealed a note signed by one Frank Jones, in which he agreed to meet Brennan at the corner of Sixteenth and Douglas streets at 11 o'clock Sunday morning. The man who answered the surprise party in which the detectives were again the prime movers. Instead of Jones, he found the two officers of the law, and in a few minutes he was in a cell adjoining that which held the Sioux City man.

The jewelry which was taken consisted of watches, rings, bracelets and pins and is said to have been sent on ahead, for none of it was found on Brennan at the time of his arrest. The officers said later that they were in a hurry because of a tip they had gained during the day, to recover all of the property within a day or two.

Brennan has been in Omaha before, and is known to the police. During the Trans-Mississippi exposition he posed as a clog dancer. His pal, Jones, is considered a general hobo. He is, in particular, a hustler, according to his own account during the winter months, but in the summer he handles the caviar for circuses.

M. E. Pollis, chief of detectives of Sioux City, arrived in Omaha Sunday afternoon to take charge of the men.

"Influenza Is Epidemic."

At the first symptom take "Orangeine" powders as directed to abort attack.

LOCAL BREVITIES.

W. Crawford was picked up by the police in a dazed condition at the corner of Twenty-fourth and Clark streets Sunday morning. On examination at headquarters a cut more the shape of the letter H than anything else was found on the back of his head. The only explanation he could give for returning to consciousness was that he had received the injury by falling on the pavement.

The auditorium for boys at the Young Men's Christian association was opened with the meeting Sunday afternoon, which drew out an attendance of 150 lads. The women of the First Methodist Episcopal church have undertaken to enlist the interest of the women of all the Methodist churches of the city in the furnishing of the reading room for the junior department, so that it may be known as a Methodist room. It is proposed that this work will include the stocking of the room with magazines and papers of interest to the boys.

TWO NEWS CASES REPORTED

Walter Lake and Wife of 3223 South Twenty-fourth Street Ill with Smallpox. Two more cases of smallpox were added to the list, according to the reports received at police headquarters Sunday evening. Dr. Solomon was called to attend Walter Lake, 3223 South Twenty-fourth street, and found that he had symptoms of smallpox. Mrs. Lake has been ill since last Tuesday and Sunday was heavily pocked. Both members of the family were, therefore, reported ill with smallpox.

Mr. and Mrs. Lake live in a two-story frame structure, the first floor of which is occupied by John Nettles, a saloon keeper. The second floor, with the Lake family, resides an elderly woman and a small boy, while ten other persons have rooms there. The police reported the case to City Physician Ralph for an investigation, which he will make this morning. Lake was employed in one of the packing houses of South Omaha.

"I had been in bed three weeks with grip when my husband brought me Dr. Miles' Nerve, Pain Pills and Nerve and Liver Pills. I was cured."—Mrs. J. Reimler, Franklin, Ind.

BACK FROM SALT LAKE CITY

Delegates to Live Stock Convention Talk of the Meeting.

ATTENDING PHYSICIAN SAYS TYPHOID FEVER HAS DEVELOPED.

Senator H. H. Aldridge's sickness has developed into typhoid fever and his physician, Dr. W. O. Bridges, said yesterday that the senator will probably be confined to his home for two or three weeks. Since Wednesday Senator Aldridge has been bedfast, but it was not known positively until yesterday that he was suffering with typhoid. Although he is very sick, there is nothing alarming in Senator Aldridge's condition. He will be cared for during his sickness at his home, 2965 Pacific street.

A Cure for Lumbago. Sufferers from lumbago or rheumatism in the back will be pleased to know that quick relief may be had by applying Chamberlain's Pain Balm. Mr. W. C. Williamson of Amherst, Va., says: "For more than a year I suffered with lumbago, finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." For sale by all druggists.

WON'T LEAK. We sell the kind of Water Bags that do not leak. We warrant them. When you have a toothache, earache, backache, stomach ache or sore throat, there is nothing that gives quicker relief than a bag filled with HOT WATER and applied to the parts. We sell a good 2-quart Hot Water Bag for 50c. OUR VERY BEST FOR 75c. The larger sizes are just a trifle higher. Write for Rubber Goods catalogue.

UNCLEAN LOGGING HOUSES

Sanitary Officers Pursue Their Crusade with Results. Three lodging house keepers will have the opportunity of refurbishing their houses today if they wish to continue in the business. Sanitary officer Woolridge said Sunday afternoon that the furnishings of three places would be confiscated this morning. The houses against which this decree has gone forth are: The Cambridge hotel, A. Gordon, proprietor, Thirteenth street and Capital avenue; K. Robinson, 307 South Twelfth street; A. Gordon, 216 South Eleventh street.

These lodging houses were inspected last week and the proprietors were ordered to clean up. A subsequent investigation revealed the fact that this has not been done and that the furnishings are in as bad condition as they were last week. The mattresses and bedding have been used for months, if not for years, and they have never felt the softening influence of soap suds. The excelsior or hay, of the mattresses has been replaced by accumulations of filth, while it is said that the bedding will stand on end in the corner of the rooms.

Gordon was given credit for having three good "comforters" and one good mattress in his South Eleventh street house, but the remainder of the equipment for the dozen or more rooms will be given a free ride in the garbage wagon this morning.

The Ravitz house, 307 Twelfth street, was examined in connection with these three and the officers decided Sunday that it was in a fairly good condition. All of these lodging houses are of the class that draw a pittance of from 15 to 25 cents for a night's lodging.

Save doctors' bills by giving Foley's Honey and Tar to infants and children in time to prevent pneumonia or croup, which are fatal to so many thousands of babies. For sale by Myers-Dillon Drug Co., Omaha; Dillon's drug store, South Omaha.
