Last of the Contests.

The last of the legislative contest cases were disposed of this morning when the the Fifteenth districts. From the Fourhouse, practically by a unanimous vote, teenth district no counties are to be taken, adopted the report of the privileges and but two counties-Phelps and Perkins-are elections committee, which recommended to be added to the present district. that the fusion members from Douglas Fifteenth will be taken Box Butte and county be allowed to retain their scats. Representative Hibbert of Gage county dissented from the finding of the committee to the Johnson case, but agreed that Representative Hunt should not be unneated. Representative Mullen, republican member from Douglas county, took no part in the cases and was not asked to sign the committee's report.

The findings of the committee, prepared by Chairman John A. Whitmore, treated all of the allegations made by the contestants, but did not sustain any of them. It was found that Hunt received a majority of 261 votes over Youngs, and Johnson a majority of fifteen votes over his republican competitor. The official returns gave Johnson a majority of only thirteen votes, but the recount showed that he was entitled

## IN PUBLIC FAVOR.

#### A Remedy for the Cure of Piles Which Has Met With Remarkable

There are many popular medicines that are known in every household in America. There are blood purifiers, nerve tonics, headache powders, dyspepsia cures and cough cures which are sold in every drug

But all of these must divide popularity with many rivals; no one remedy has the field to itself, with the single exception of pile cures for it is a singular fact that among the host of remedies there is but one pile cure that con be considered as having a national reputation without a rival and the remedy referred to is the Pyramid Pile Cure, which for seven years has steadily worked into public favor by reason of its extraordinary merit and a method and a record of remarkable cures, until it is known from Maine to California and from

Manitoba to the Gulf of Mexico. It is true there are many pile remedies having a small local reputation for a year or two, but the Pyramid Pile Cure has rapidly supplanted them all and really has the field to itself when anything like national popularity is considered.

The explanation is simple. It is because piles is in no sense an imaginary trouble. that a simple salve or cintment will cure, but an obstinate, painful and often dangerous trouble and a remedy to give satisfaction must possess positive and very apparent merit. A person suffering from piles will not experiment for months with a remedy; it must give relief and a cure in short order or it is condemned.

The worst cases of piles are relieved on the first application, and being in suppository form is convenient to use and cures without interfering with daily occupation. Medical men use it in preference to surgical operations because it is so safe and

painless, and the cost, compared to benefit given, is a mere triffle as all druggists sell it at 50 cents. If suffering from any form of piles,

the Pyramid Pile Cure will cure you and add another to its thousands of friends.

FIFTEEN ARE NOT THERE to fifteen. After the report was adopted pied for several years by the Western Normal college, which was operated under his joy by treating all members to cigars. It had been rumored that a minority re-port was to be submitted in one of the cases, but that this report was unfounded been unoccupied. was evidenced by the unanimity of the vote in the house today.

Investigation Committees Named. Committees to investigate the charges of Decides to Join in the Inquiry Into orruption that have been made against senatorial candidates were appointed today by Lieutenant Governor Savage for the senate and by Speaker Sears for the house of representatives. Each consists of five members and it is a significant fact that a majority of both, exclusive of the fusionists, are supporters of either Meiklejohn or Thompson. Following is the personnel of the committees:

Senate-Harlan, chairman; McCargar, Owens, Ransom, Ziegler. House-Wilkinson, Hall, Tweed, Laffin,

The senate committee was named on authority granted by a motion that was intreduced by Senator Francis Martin.
