#### HOME PATRONAGE CRUSADE

Omaha Label League Has Perfected Plans for Campaign.

MEANS ENCOURAGEMENT OF LOCAL TRADE

League Leaders Arranging for a Conference with the Commercial Club Relative to Co-operation -General Outline of Plan.

The Omaha Label league has perfected arrangements for a campaign in the interest of the local factories and wholesale houses of the city. As soon as the matter can be arranged a conference will be held with the Commercial club and that organization will be asked to co-operate in the organization of local societies, whose members will be pledged to buy no goods made outside of the city where goods of like character are manufactured in Omaha.

The league was formed a few weeks ago by a number of men connected with the Central Labor union of this city and the first local organization is composed of only active workingmen engaged in the factories The propaganda at first was confined to union workingmen for the reason that the promoters of the scheme thought that i' the demand for locally made goods came from the workers the manufacturers would appreciate the active effort at co-operation, and the spread of the league would be assisted by them. In this they have been successful beyond their expectations in all directions but one, and in this direction the local union of the trade will' take up the matter in earnest.

At the last meeting of the organization the by-laws were amended so as to create the positions of second and third vice presidents. Heretofore there has been but one vice president, and the idea in adding two is to give one of the positions to a member from South Omaha and the other to a woman. Referring to an earlier lecture on Confucianism Minister Wu said:

Dr. Hoyt and some other clergymen, from their addresses, seemed to think that it charged all missionaries with crying out for vengeance. Let me read the exact words I used: "Love your enemy is Christ's command, but at this moment some Christian missionaries are crying out for vengeance and bloodshed. Note that I used the word some.

I am inclined to think that the reason why some clergymen, and I am grad to say that there are not many, took offense at what I said in my address on Confucianism is that I took this opportunity in making a comparison between Confucianism and Christianity, which they supposed was done to the disparagement of the latter. There was certainly no intention on my part to make an attack on Christianity. Surely it is no crime to say that Christianity is too high for trail humanity and that Christians are not acting up to its tenets, just as it is no disgrace to acknowledge that Confucianisms in China do not live up to the teachings of Confucianism. It seems strange that some elergymen should resist any attempt to compare Christianity with any other systems of belief, while they themselves do not scruple to attack other religions. In other words, they do just what they do not want others to do.

Slice my address was delivered I have seen Confucianism condemned right and left. It has been called a failure. It has been dubbed "effete," vague, "unworthy of attention, "rotten to the core, "totering to its core, "etc. I do not quarrel with those who apply sich opprobrious epithets to our belief. If Confucianism were as band as its detractors try to make it out to be it is strange that after twenty-tour centuries it should be able to count millions and millions of people as its adherents. The noble and sublime teachings of Christianity need not fear criticism. Much less friendly comparison.

I believe that all religions teach men to be good. If every man would reasily try to act the to the doctrines enjoined by his religion the wo

Local politicians are plready evincing considerable interest in the much-talked but preparations are being made for one

Several candidates for mayor have been mentioned by the democrats. George Parks, the well-known contractor, appears willing to take his chances and already by Minister Wu's recent utterances in New his friends are framing up plans to secure the nomination for him. While not an avowed candidate, Dr. Ensor, it is reported is quietly working for the nomination. Ed Johnston, whose term in the city council cover some method of reducing loss in Boers is promised for western Nebraska Weston, director of the society, introduced expires, would like to occupy the executive chair for another term and his friends are putting in a lot of quiet licks for the nomination. Johnston prepared the greater portion of the proposed charter and his experience in municipal affairs came in good stead when serious questions had to be considered.

Most of the talk about an election in the spring appears to be among the democrats, but republicans are also considering the matter. Mayor Kelly has announced to his friends that he will not under any consideration be a candidate for re-election. Wesley P. adkins, president of the council, is considered a good man and it would not be at all surprising if he was tendered the nomination by the republicans. In the event of an election Frank Koutsky would most tikely be a candidate. for re-election as city treasurer and Sam Shrigley would more than likely be offered the nomination of city clerk by the demo-
