conmissioners, but they refused to order the company to make a change. Today the railroad commissioners rendered another decision in the same case, refusing to order the change of the station to a point threequarters of a mile nearer town. The reason for the refusal is that to move the station to the proposed site would be to piece it on a grade of thirty-six feet to

the mile, which is the maximum grade of the road between Chicago and Omaha, and it is impracticable to cut the grade down further. The company is now engaged in cutting the grade from fifty-two feet to the mile to the lesser grade. But the commissioners have ordered that the company
