Woman's Club and Charity.

The following revised arrangement has been made for the meeting of the classes of Tenth street city mission: Sunday school, 10:30 a. m.; gospel service, 11:30 a. m.; Sunday school, 2:30 p. m.; evening classes, 7:30 p. m.

In addition to these gospel and industrial classes, the city missionary have arranged a play hour from 8:30 to 7:30 every Thursday evening, and this has proven one of the most effective means of reaching the children that has yet been employed.

Another serious need in the mission and industrial work is that of a public bath for children, and to establish such a bath in connection with Tenth Street mission Miss Magee is making a great effort.

Mrs. F. C. Fuller presided at yesterday's meeting of the social and political science department of the Woman's club. A paper on the work of the Young Woman's Christian association among the young women employed in the factories of the city, which was read by Miss Margaret O'Connell, the extension secretary of the association, who is superintending this work, was the feature of the afternoon.

The high school girls' class of the Young Women's Christian association were hostesses last evening at an infants' party, given in the gym.

THEY HAVE CRAZY SNAKE

Troops in Creek Nation Territory Find Little to Do.

INTEREST CENTERS IN LAND OPENING

Oklahoma City Crowded with Men Anxious to Take Up Homes—Stands to Kiowa County Next August.

The latest reports from Lieutenant Dixon, in command of the troops in the Creek nation, to the adjutant general of the Department of the Missouri, confirm the report of the capture of Crazy Snake contained in the press dispatches yesterday. The lieutenant reports all quiet in other directions.

Mr. Black Talks.

"There is but little excitement in the railroad towns of Oklahoma and Indian Territory concerning the uprising of the Creek Indians and the opinion seems to prevail that a few buck Indians have got hold of too much firewater and are making things lively, but that there will be no serious results. Persons in other states are more agitated over the reported Indian troubles than are the people who are living near the disaffected tribes," said J. P. Black, who has just returned from a trip to Guthrie, Oklahoma City and other towns situated near the various Indian nations.

"People in Oklahoma and Indian Territory are more interested in the lands which are to be thrown open to settlement in August than they are in the Indian tribes and their troubles. The uprisings are so common the white people in that section of the country are slow to credit rumors of dangerous outbreaks and fear no violence at the hands of the Indians."

"Oklahoma is filled with speculators and homeseekers who are thinking of entering the race for lands in August. In Oklahoma City it is almost impossible to get any place to sleep on account of the transients who are there. Much of the land which is to be sold is rich in minerals. Surveying parties have reported that there are mountains of asphalt in the new territory. Coal is said to abound. Many metals, including gold and silver, are said to be found in the land which will be offered for sale."

CRAZY SNAKE ON HIS DIGNITY

Leader of Insurgents Shows Diplomatic Willingness in Refusing to Discuss Situation.

HENRIETTA, I. T., Jan. 28.—Chitto Harjo, or Crazy Snake, the leader of the warring Creeks, who is a United States prisoner here, remained sullen today and refused to confer with Lieutenant Dixon. It is believed, however, that the wily chief will, sooner or later, show a friendly spirit and that the result will be a prompt ending of the insurrection.

It is argued that Harjo and his followers have been taught to have a greater respect for the army officer than they have at first. "The Blue and the Gray," while Lieutenant Dixon made friendly overtures to the prisoner.

The Indian sat, stoical and proud, in his saddle. "Tell him that the officer wishes to shake his hand as a friend," Lieutenant Dixon told the interpreter. Harjo grunted his response and slipped from his pony. In the meantime soldiers hurriedly prepared a tent for the chief, while others grouped themselves about him. A reporter pressed the interpreter to get him to talk, but Crazy Snake shook his head, and would only say: "Not tonight; maybe tomorrow."

The capture of Crazy Snake is believed here to be the most important move since the outbreak. He has been the agitator and the real leader of the dissatisfied Indians, and now that he is safely in the hands of the government it is believed his followers will soon be brought to terms.

Says Indians Are Not on Warpath.

SOUTH MALESTER, I. T., Jan. 28.—Daniel Bell, chief of the Choctaw Snakes, when interviewed today by the United States Indian agent, said that the Choctaw Indians were not on the war path and would not molest the white people or their property. Railroad property was safe. There was no danger of bridges being burned. The Indians' organization as per-

fect for mutual protection will be kept up, but not as a menace to the white people. Chief Bell claims to have authority from the president to be governed by the treaty of 1830 and none other is recognized. The Choctaw Snakes want to hold land in common and are opposed to allotment. No further trouble is expected.

Wife Falls to Prosecute.

Although Otto Heink was discharged in police court yesterday, whither he had been taken for a preliminary hearing, he was talked to in a manner which was not considered "hot air" by those who heard it. The judge told him that his wife had refused to prosecute the case and that it was a good thing for him that she had or before long he would be defending himself in the district court.

Former Fireman Loses Case.

Judge Vinzencher of the county court yesterday heard the case of Nels S. Emert against the city of Omaha and ordered judgment for the defendant. Emert was at one time a member of the fire department and after being discharged from the force he claimed that he had been underpaid \$100, which amount he sued for. The court decided that Emert had been paid his full salary.

Settled Without a Trial.

J. S. Flanagan, an administrator of the estate of George L. Flanagan, sued the widow of George L. Flanagan for the sum of \$2,500. The Flanagan family lost his life in a railroad accident near Irving City last October. The Flanagan family claimed that the damages were claimed on that account.
