> Captain Lothrop Succeeds in Arousing Governor's Interest and the Latter Instructs Attorney General to Investigate Claim.

DES MOINES, Jan. 30 - (Special Telegram.)-Governor Shaw today directed the attorney general to make an investigation into the claims of the state of Iowa against the United States on account of the equipment of troops during the war of the re-

bellion. Ex-Senator Lothrop of Sloux City presented a statement showing that the state can collect \$420,000, and the governor and other state officers have become convinced that at least a large part of this can be collected.

When Captain Lothrop first appeared be fore the council to ask a commission to collect this sum members made an unofficial examination into the matter and reached the conclusion that he was mistaken. Today he convinced the members of the council that there is a just claim against the government, but they are unable to tell how much. The claim is on account of money expended in equipping regiments of volunteers during

the rebellion and interest on money bor-

rowed at that time.

the movement.

F. Emory Lyon of Chicago, special agent for the Central Howard association, is in lowa for the purpose of organizing a state branch of the association, which is concerned in the care of ex-prisoners and reclaiming wayward persons. The fact that lowa has no parole law, but that the governors have for years issued pardons in the form of paroles, gives the associa-

tion an opportunity to accomplish much in this state. It is intended to organize a state branch with headquarters probably at Cedar Rapids and branches in the various counties. A lecturer will be engaged to travel in the state and interest the people in the movement. Mr. Lyon spoke in Des Moines this evening and will go to Fort Dodge tomorrow. The members of the State Board of Control, the governor and other tinued fealty to the Catholic church, ex-

state officers, have lant their influence to lowans Pay in Silver.

FORT DODGE EXPECTS TO IMPROVE.

Contemplates Erecting New Churches in Addition to Court House. FORT DODGE, Is., Jan. 30.-(Special.) The most important public improvement. projected in Fort Dodge during the year 1901 is the \$15,000 steel viaduct, which is to connect two parts of the city hitherto

separated by a deep ravine. The viaduct will cross the tracks of the Minneapolis & St. Louis and Rock Island roads. It will be 700 feet long and fifty-three feet in height at its highest point. The city will furnish \$1,800 toward its construction, the

county, \$2,800; the railroads interested, \$5,000, and private capital, \$5,000. The new court house will be completed and occupied during the year, at a cost of \$100 .-

Members of the Corpus Christi church are now engaged in raising funds for the erection of a convent to replace the one recently destroyed by fire. The building will

Both the legislative and executive authoritics are determined to permit the utmost freedom of worship, but Judge Taft, president of the United States Philippine commission, said today that it was undetermined where they ought to draw the line in localities where the presence of the friars may tend to cause unrest and disturbance. The attempt of Buencamino and his conferees at Tondo to oragnize an evengelical church was precipitated by arrests. made on the information of priests, of certain alleged supporters of the insurrection. The question of the release of some of

There is much speculation as to the extent to which Buencamino will be able to control religious sentiment in his ward, in which reside the poorest class of natives. Little interest in the matter is apparent in the

ults entirely averted.

of the president to designate the order in

command whenever he comes in contact with an officer of like grade.

Thus, if the president wishes MacArthur o retain command in the Philippines and that officer cares to remain after Wade's arrival, it will simply become necessary to allow MacArthur's commission as major

general to antedate Wade's, and that will be done if MacArthur remains. But it has been understood for several months that MacArthur, having served quite as long in the tropics as is consistent with health and sound military practice, he is likely to come home in the late spring. By the same understanding General

Chaffee has been assigned as his successor and present indications afford no reason for a change in the belief that if Mac-Arthur cares to come here-and that is left to his own choice-his natural successor will be General Chaffee.

MacArthur's Casualty List.
