New York Mining Stocks. NEW YORK, Feb. 14.-The following are quotations on mining stocks:

NEW YORK, Feb. 14.—A seat on the Stock exchange is reported to have sold for \$51,000 to some person whose name the officials of the exchange have not divulged. This is the highest price on record.

Coffee Market.

Coffee Market. NEW YORK, Feb. 14.-COFFEE-The market for coffee futures opened steady at a docline of 5 points under strugging room and foreign seiling, prompted by lower markets abroad and heavy receipts in the orop country. The market rallied still later on covering and demand from reac-tionists and on a bellef that the trade here was over short and long interest about eliminated. Trading was slow all day, busi-ness being of a professional origin. The market closed with a steady tone and prices unchanged to 5 points higher. Total sales reached 15,750 bags, including: Yeb-ruary, 5.60c; March, 5.50c; May, 5.65c; No. 7 Rio. 7%c.

Evaporated and Dried Fruits.

Evaporated and Dried Fruits. NEW YORK. South Omaha Chicago Kansas City St. Louis 20,958 Totals Contraction of the State of the

Members of Mayor Kelly's official family are commencing to worry about the over-lap, which now appears to be inevitable. At the last report of the city clerk, the judgment fund contained only \$2,500, and At the last report of the city clerk, the judgment fund contained only \$2,500, and out of this the sum of \$958 was taken to pay J. M. Tobias for the construction of the Second ward fire hall. J. B. Watkins has a claim in for lumber furnished for sidewalks amounting to about \$1,000, and when these claims are paid there will be very little left in the judgment fund. There is still \$900 in the general fund, which amount will be spent long before the next levy is available. Of the \$8,313 levied for water purposes this entire amount has been paid out for hydrant rentals. The police fund is now exhausted and as

The police fund is now exhausted and as the department is costing \$1,200 a month

it can easily be seen that there will be an overlap in this fund of \$7,200. More than likely the salary fund will hold out, as the councilmen look to this fund for their monthly stipend. Then there is the public fund. The lights now cost the city on an average of \$1,000 a month, and an overlap of not less than \$6,000 is apparent at this

time. There is also a shortage in the street repair fund, but some money will come to this from the county road fund. Unless some arrangement is made, however, no extensive improvements on the streets can be made until the next levy is available. Enough money has been paid into the so-called "conscience fund" to pay for the hose wagon recently ordered, but the ques-

tion is where is the money to come from for the borses, hose, harness and other equipments needed.

The hose for this new wagon, which is destined for the Second ward, will cost

Squatters' Ordinance Signed.

Yesterday Mayor Kelly attached his signaure to the ordinance requiring the chief of police to remove all buildings found on public streets and alleys. This matter was brought up in the council last December and after a report had been rendered by the city ngineer it went through, taking the regular course. Engineer Beal reports about seventy-five structures of various kinds located on city property. Every ward in the city is included. It appears to be the intention of the city authorities to have all buildings removed from city property in order to prevent the acquisition of property by ten years' undisturbed residence.

Improvements Contemplated.

Local Manager W. E. Davis of the Omaha Gas company stated yesterday that his business here was increasing to such an extent that the mains would be considerably extended this year. Between a mile and a mile and a half of new mains are under contemplation and the work of constructing these will be commenced as soon as the pipe, which is already ordered, arrives. Under ordinary circumstances the pipe cannot reach here before the frost is out of the ground and then a large force of men will be put to work excavating for the extensions.

That Cooper Strike.

There was no change in the cooper strike situation yesterday. In the early morning pickets selected by the strikers were posted in positions so as to watch the plant, but no demonstration of any kind was made. Manager Weish reiterated his statement of the day before last evening by saying that the plant would remain closed indefinitely. Members of the Coopers' union are meeting regularly in the Trades and Labor Council chamber and it was intimated that a correct statement of existing affairs would
