CLAIRVOYANTS.

ZENO. CLAIRVOYANT AND HEALER.
Zeno is undoubtedly the most gifted prophet of modern times. It is a matter of history, from the remotest age to the present time, that there are a few who possess occult power sufficiently to enable them to accurately reveal the past and give a correct forecast of the future. Zeno does not claim to be the greatest clairvoyant or only medium on earth, but he does honestly do just what he claims he can do. He has no "ready made" story to give each caller, but tells you just what you want, and what you came for. Tells all about your business affairs. All about your love and domestic affairs. Zeno will not consent to have his ability measured by another standard than his own, for there are always partially developed clairvoyants and mediums and cheap pretenders found in every city who bring disrepute upon the profession. Zeno appreciates the fact that many would like to compult a good, reliable clairvoyant if they felt sure and positive that they would receive full satisfaction, yet many hesitate for fear of spending their money without receiving any good from it. Zeno does not advertise any catch penny business by which to get you to call upon ness not advertise any catch penny busi-ness by which to get you to call upon him and then attempt to fleece you, but he gives you a reading that pertains ab-solutely to facts, and his charges are rea-sonable. 1915 Farnam. 8-796 17*
