We are frequently asked the question: Is Saturday night closing a success? Do the public approve of these advanced ideas? We say most emphatically, YES! For Omaha people are a progressive people.

It means the shortening of hours of labor. It means progressive business methods. It means a saving to the employees of four hours a week, two hundred and eight hours during the country on sixty days' leave of absence. year, or more than twenty-three days of rest and recreation, instead of as many days of unnecessary labor. It means that the ress volume of business transacted by us during this time exceeds that of any year in the history of our business. It means merit to get back to lowa, but the opportunity that has been achieved by honest business methods and due consideration for our employees.

We wish to thank the people for the hearty support they have given us during the past years.

### No successful business like ours is reared by accident.

We shall continue to close our store Saturday nights at 6 o'clock.

All prosecu-tion will be dropped and the whole matter long conference yesterday among State's Attorney Deneen, his assistants, and Guy hushed up, if the persons directly concerned Barton, K. C. Barton and Attorney Crofoot

Salsbury alleges that he took the big of Omaha and C. E. Loss, president of the roll of \$100 and \$500 bills by mistake and railway contracting firm of C. E. Loss & that he came to Chicago of his own free will, despite the fact that an indictment was voted against "one Sallsbury" several

days ago. After Extradition Paper

Soon after the indictment was voted Dectective John Hanley of the central station appeared at the office of the state's attorney and made ready to secure extradition papers from Governor Yates. It was said that the state's attorney was uncertain as to the identity of Salsbury, as he was indicted as "one Salisbury." This name in the indictment was probably purposely put in, it is now said, without the initials of the Grand Rapids city attorney, with a view of keeping the facts in the case from the newspapers.

In the meantime Mr. Salisbury heard of the action of Barton and in the press dispatches he disclaimed any knowledge of the missing \$50,000. Later, however, he gave the detectives the \$50,000 and volunteered to come to Chicago in their company. While he is not under arrest, a close watch is being kept on the Grand Rapids

official. The greatest secrecy surrounds the whole affair and it was only by entering the Michigan Central train at an Indiana station that a reporter for the Chicago Inter-Ocean was able to gain the facts. The Martin White detective, carrying the fortune in currency, remained close beside his partner and the city attorney during the trip to Chicago. He frequently placed his hand on his breast pocket and eyed closely all strangers entering the cars.

Rapids. CHICAGO, Feb. 23 .- (Special Telegram.) -Not content with the indictment voted late Wednesday night and returned Thursday night against "one Salisbury, alias William Wood," for the larceny of \$50,000 in cash from Guy C. Barton of Omaha, the persons making the charge appeared in the criminal court today for the purpose of having the grand jury vote an amended indictment. The complaint was drawn and will be submitted to the grand

jury at once. This time the complaint is against Lant C. Salsbury, city attorney of Grand Rapids, The mystery surrounding the indictment of "one Salisbury" is thus explained. In the original indictment the name of the accused was misspelled and there appeared also to be some doubt concerning his identity. Today, however, the new form of com-

SENDS STRONG NOTE TO MINISTERS

Says Lands Seized by Austria, France, Germany and Italy Belonged to Him-States Twenty Years' Occupation Invests Ownership.

PEKIN, Feb. 23.-Sir Robert Hart (chief

the Chinese imperial customs) has sent the ministers of the powers a strongly worded letter of protest against the seizure of his property to increase the size of the legation's area, which has been taken by Austria, France, Germany and Italy. The latter power had taken the ground on which Sir Robert's house was situated. He says it can only be Chinese government property in an indefinite sense, in that during the last twenty years part of his salary as a Pekin official has been given to him in houses instead of the government paying in cash. Sir Robert money into the purchase of land, in building houses and keeping them in repair. considered that having lived there for twenty years, he owned the property absolutely. It is generally understood in the service that whoever has lived that long in a house owned it, having it on rental allowance. He says Italy, especially, had suitable grounds and that it had no reason to share in the general gratis distribution of lands for the various legations. Sir Robert also points to his many years in the service of the foreign powers and to his having made the customs pay the principal and interest of loans, a thoroughly international service, and that he has even paid the interest on the loans since the trouble began, and he thinks he ought to have received more consideration. General Yamagutchie, the Japanese commander, and General Chaffee bave issued orders permitting visitors, properly accredited, to visit the forbidden city on certain days during certain hours, and that foreign generals and their personal friends can risit the city at any time. The foreign ministers consider themselves slighted. The principal topic discussed at yester day's meeting of the ministers and today's meeting was short, owing to the ministers awaiting the full text of the Chinese court's last edicts, which, though unofficially reported as absolutely satisfactory, require official confirmation.

ATLANTA, Ga., Feb. 23.-The southern tates, from Texas to the coast, were given their first taste of winter last night and this morning, snow falling in many places from Charleston, S. C., through northern and central Texas almost to the coast. The storm is central today over northern Florida, where snow is expected during the next twelve hours. The heaviest snowfall recorded is at LaGrange, Fla., where the precipitation was ten inches. In Atlanta there is five inches and at Birmingham and Montgomery about six inches Southern Mississippi reports the first snow n some places in two years. The preyou I have an ardently consuming affection cipitation at Dallas is three inches and in northwestern Texas from three to five inches. The snow is, of course, of great benefit to the growing wheat, but it is feared will cause severe loss to live stock.

A Prominent New York Specialist Says Hundreds of People Kill Themselves by Not Paying Enough Attention to the Food They Eat and to the Condition of Their Bowels.

When interviewed last week one of the New York specialists made the following statement;

Ninety per cent of the population of this country suffer from stomach trouble and 75 per cent of the 90 suffer from indigestion. any one has that uncomfortable feeling in the stomach, a headache or a feeling of repression, he should at once take a teaspoonful of Cascarine, which will move his bowels and relieve him at once. If any one suffers from indigestion and gas on the stomach, he should take Cascarine, the gentle and pleasant laxative, which I use in my practice and which is recommended by thousands of people who have used it. If you cannot sleep at night, if you are restless and have palpitation of the heart, which usually leads one to believe he has heart disease, when in reality it is nothing more than accumulation of gas in the stomach, you should take a teaspoonful of Cascarine before retiring, and after continuing for a week you will find you are troubled no more and can sleep well and sound

If your tongue is coated and you find a bad taste in your mouth, your stomach is clittes afforded. Taken in connection with out of order and requires Cascarine to put it in shape. You must not eat too much New York to the North American Trust and you must have your means regularly and eat well cooked food. There are many remedies, digestive ferments, digestive tablets, mineral waters and thousands of other so-called cures, but all have to be taken constantly in order to do any good and after using for a time become worthless. Cascarine is superior to all others. It stimulates the liver, removes from the stomach all impurities and acts as a conte on the whole system.

Mothers should be careful not to use any other laxative for the children, and the housewife who has a little bottle close at hand, ready to use when necessary, will find it to be the trest economical thing she ever bought. When you ask for Cascarine at your druggist's be sure you get Cascarine (which comes in blue and white wrappers) and not cheap tablets or pills. Insist on Cascarine and if your druggist hasn't it ask him to get it for you of his Jobber

A valuable booklet sent to any address by the manufacturers of Cascarine. Adville and New York. If you are suffering with piles, buy Red
