

MATCH FACTORY FOR OMAHA

Proposition is Outlined Before Commercial Club Committee.

SPECIAL COMMITTEE WILL TAKE ACTION

Proposed Excursion of Wholesale Men Through Southern Nebraska is Discussed Along with Several Other Propositions.

At the meeting of the executive committee of the Commercial club J. H. Huber of Chicago presented a proposition for the establishment of a match factory in Omaha.

Through some imaginative source a report gained currency to the effect that the Commercial club had refused to take action on the proposed bridge across the Platte river at Cedar Creek for the reason that it was a stock yards proposition.

The excursion of the Omaha wholesalers into southern Nebraska was brought up on the report of the secretary and no definite plan had been outlined the matter was passed over until the next meeting.

It was decided to appoint a committee of five to ascertain the proper action for the club to take relative to the bill introduced in the Nebraska senate by Senator Haldrige which has for its purpose the regulation of sales of stocks of merchandise and requiring all persons to notify their creditors before disposing of stocks.

The committee appointed to investigate the establishment of a summer theater at Krug's park, to investigate the location of a medicine factory in the city and to return findings in the proposed electric line to Fremont reported progress and were granted further time in which to formulate reports.

The committee having in charge the complimentary banquet to be tendered General Lee next Monday reported that all arrangements had been made and that the banquet would be spread at 6:30 o'clock at the club rooms.

PLAY TRICK ON DEMPSEY

Detective is Made the Victim of a Medical College Joke.

Detective M. F. Dempsey has recently become outwitted in his denunciation of hazing, the reason being that he has had a taste of it himself.

The other day Dempsey was sent to the Omaha Medical college to investigate the theft of a letter containing a draft for \$68. The draft was the property of a student named H. J. Arbogast, better known to his fellow students as "The Nation's Growth."

Every day the victim of the theft would inquire: "Any clue to the thief?" "Abernethi," Dempsey would reply.

Finally the students became a trifle restive. Some of them wanted to toss Dempsey in a blanket, but the majority prevailed, so they got a pickling vat full of some kind of villainous fluid, carried it to the landing at the head of the stairs and dumped it down upon Dempsey's head.

Dempsey reported the matter to police headquarters and the bench at the medical college is now vacant. At last accounts Abernethi was still out of his \$68.

MILLINERS FLOCK TO TOWN

Makers of Women's Headgear Here to Gather Latest Ideas of Fashion.

The town is full of milliners. They are here from Iowa, from Missouri, from the Dakotas, indeed from every western state and territory, and they are still coming.

They are here to ascertain what kind of fowl and how many colors of ribbon it will be proper to serve with the 1901 spring hats.

When she has finished her studies she has a number of model hats which she takes home for her fashionable patrons. These pattern hats usually bring a little higher price than the hats made in the local house, as they are in most cases the first of the latest designs to reach the town.

The great day at the wholesale house is when the out-of-town milliner begins to make her purchases. From all quarters are brought the newest things in frames, ribbons, plumes, flowers, foliage and the things and one thing which go to make up modern feminine headgear.

CROWE AND PAL AS HEROES

Woman Who Believes Her Life Was Saved by Kidnaping Suspects.

Pat Crowe and James Callahan figure as the heroes in a life saving incident that happened about two years ago in Council Bluffs, Mrs. Jesse Simpson, now residing in Sioux City, owes the fact that she is alive today to Callahan and a friend who was known as Ed Johnson, but who the Simpsons believe was Pat Crowe.

The Simpsons at the time lived at the corner of Avenue A and Thirty-first street, Council Bluffs, next door to the Joe Kelley home. When Mrs. Simpson was ironing one day she was startled to see the blaze from her gasoline stove rising rapidly to the tank of fluid which supplied the burner.
