MAN'S MALADIES MASTERED

I made up my mind, soon after graduating from college, that no one man was great enough to master the entire field of medicine and surgery. Many physicians have tried to do this, but they have met with results usually disappointing to themselves and often disastrous to their patients. For this reason I determined early in my processional career to confine my practice strictly to a single line of disease and to originating and perfecting cures for them. I therefore treat only what I am absolutely certain that I can positively cure to stay cured—VARICOCELE, STRICTURE, CONTAGIOUS BLOOD POISON, NERVO-SEXUAL DEBILITY and all reflex complications and associate diseases and weaknesses of men. To these maladies alone many of the best years of my life have been earnestly devoted and on them all my faculties are concentrated. Our consultation and operating rooms are thoroughly equipped with every scientific apparatus, instrument and device essential to the most modern methods of practice and our references, both professional and financial, are among the best citizens of this vicinity, who have been cured by us and made happy. I want every afflicted man to freely and fully investigate our treatment, Each case is treated separately, scientifically, closely watching it and carefully foliowing its symptoms with remedies varied through every stage. The diseases that constitute my specialty are more fully commented on below and are well worthy the careful perusal of all men in need of medical attention.

Varicocele

Whatever may be the cause of Varicocele, its injurious effect is well known. It depresses the mind, weakens the body, racks the nervous system and ultimately leads to a come te loss of sexual power. If you are a tellm of this dire disease come to my office and let me explain to you my a com te loss of sexual power. If you are a ... citm of this dire disease come to my office and let me explain to you my process of treating it. You will then not wonder why I have positively cured hundreds of cases of Varicoccie during the hast twelve months. Under my treatment the patient improves from the very beginning. All pain instantly ceases, Screness and swelling quickly subside. The pools of stagmant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness, all indications of disease and weakness vanish completely and in their stead come the pride, the power and the pleasure of perfect health and restored manhood.

Stricture

It matters not how long you have suf-fered from Stricture, nor how many dif-ferent doctors have disappointed you. Our ireatment will cure you just as certainly

Specialist in Diseases of Men and Consulting Physician of the State-Electro Medical Institute, 1308 Farnam St., Omaha, Neb.

as you come to our office for treatment. I will not do it by dilating or cutting. My treatment is new, entirely original with me and perfectly painless. It completely dissolves the Stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge allays all inflammation reduces the prostate gland when entarged, cleanses and heals the bladder and kidneys when irritated and congested, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

Nervo-Sexual Debility

Cure

Contigous **Blood Poison**

finally a leprous-like decay of the fiesh and bone. If you have any of these or similar eymptoms you are cordially invited to consult us immediately. If I find your fears are unfounded I will quickly unburden your mind. But if your constitution it infected with syphilitic virus I will tell you so frankly and show you how to get rid of it. Our special treatment for Contagious Blood Poison is practically the result of our life work and is endorsed by the best physicians of America and Europe. It contains no injurious drugs or dangerous medicines of any kind. It goes to the very bottom of the disease and forces out every particle of impurity. Soon every sign and symptom of blood poison disappears completely and forever. The blood, the tissue, the fiesh, the bones and the whole system are cleansed, purified and restored to perfect health and the patient prepared for the duties and pleasures of life.

Associate Diseases

In curing an aliment of any kind we never fall to remove all Refrex Compilications or Associate Diseases. If the case is Varicinele, the weakness caused by it disappears if it is Stricture and has developed into Prostatio, Bladder or Kidney Affections, the injured organs are all restored to a perfectly healthful condition. If it is contagieus Blood Poison, any and all Skin, Blood and Bone Diseases arising from the teint are entirely and permanently eliminated from the system. If it is impotency, the many distressing symptoms following in its train and indicating a premature decime of physical, mental and sexual power are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ills and reflex compilications, which may be properly termed Associate Diseases, and which, in fact, are offen more serious than the original allument that gives rise to them—all, we say, disappear completely and forever with the cure of the main malady.

Correspondence

Men, many of you are now reaping the result of your former folly. Your manhood is falling and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standatili. With it you can make no compromise. Either you must master it or it will master you and fill your whole future with misery and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very miliar with them as you are with the very miliar with them as you are with the very miliar with them as you are with the very miliar with them as you are with the very miliar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very miliar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many cases of this kind that I am as familiar with them as you are with the very many the contact of its frightful hideousness to tend to call at our office, write us a full in the consumers. Blake and Rothholz of Triangle No. 54. put the work on in the best of form. After the business session a merry time was had for a couple of hours, songs and 31 speeches being in order. Chancellor Com-

mander Walsh of Nebraska No. 1 made hit with his "copyrighted" song, "There's a Hole in the Bottom of the Sea." Refreshments were served, cigars smoked and everyone present was of the opinion that Antiers lodge was "the best ever." Among those present from Omaha were: Mesara, Walsh, Cady, N. Rothholz, Weinberg, Wulpi, Berg, Connoran, Dennis, Fife, J. hoolz, Heath, Joy, Malone, Kalteire, Cowgar, Blake, Matthews, D. Rothholz and
