Their claim for preference was disallowed on the grounds held by the court that the administrators had deposited the moneys of the estate in open account, subject to check, and had not exceeded their authority in so doing and such deposits simply established the relations of creditor and debtor.

strength by living upon half rat ons. For that reason, if we are to cure dyspepsia, we must do it some other way besides starvation. We must eat plenty of good food and digest it by using a preparation that will perform that work for the stomach. Kodol Dyspersia Curs is such a preparation. It digests what you eat and supplies the substances needed to build up the worn out digestive organs.

Prof. J. Ivison, of Lonaconing, Md., says: "For thirteen years I suffered agony from dyspepsia and neuralgla of the stomach. I tried almost everything and doctors drugged me nearly to death with morphine, but temporary relief was all I could obtain till I was advised to use Kopol Dyspersia Cure. Twenty-three years ago I was taken with some kind of stomach trouble, and I doctored with our best doctors and they did me but little good. Then three years ago the change of life set in on me and neuralgia, and I got so poor and weak I could hardly walk, couldn't work any. My husband received a small book

through the mail, advertising your medicine He sent our little boy to the drug store and got one of your small ten-cent bottles. I began to use it. It is strange to say, but it is the truth, that the second dose I took gave me lots of relief. I kept on using it until I used it nearly a year. Now I am nearly as strong as I used to be, and can do any kind of work I want to. I recommend it to all. It seems to me it would cure anybody. I have got several to use Dr. Caldwell's Syrup Pepsin, and all say that it has done them so much good. God bless Dr. Caldwell and his medicine for doing me so much good. Yours with respect

Advice to Office Seekers.

April and May are the months when most people do their moving. The prospects are that the demand for of-fices in Omaha was never so great as it will be this spring. There are not a great many rooms vacant in

but there are among them several which are particularly choice; one directly in front of the elevator on the 5th floor; one on the 1st floor next to the entrance to The Bee business of fice; a suite of three rooms on the 3rd floor, and a very large office and vault on the ground floor facing 17th street. Besides these, there are four or five smaller rooms in various parts of the building.

The rents are reasonable and the service perfect.
