CATARRH THIRTY YEARS.

Remarkable Experience of a Prominent Statesman.

CONGRESSMAN MEEKISON GIVES PERUNA A HIGH ENDORSEMENT.

CONRESSMAN MEEKISON, OF OHIO.

Hon. David Meekison is well known, not only in his own state, but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time" he became widely known as the founder of the Meekison Bank of Napoleon, Ohio. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the state.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tennelous grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as the result.

······ "I have used several bottles of Peruna and feel greatly ben-efitted thereby from my catarrh of the head. I feel encourged to believe that if I useit a short time longer I will be able to fully eradicate the disease of thirty years' standing."-David Meekison, Member of Congress.

While many people have been cured of chronic catarrh by a single bottle of Peruna, yet, as a rule when the catarrh becomes thoroughly fixed more than one bottle is necessary to complete a cure. Peruua has cured cases innumerable of catarrh of twenty years' standing. It is the best, if not only internal remedy for chronic catarrh in existence.

But prevention is far better than cure should take Peruna at once at the slightest season of the year and thus prevent what is almost certain to end in chronic catarrh. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased
