

DESERT M'INTURFF'S BANNER

Seeding Wing of People's Church Goes on Record.

MAJORITY DECIDES TO REPUDIATE

Protest is Registered Against the Church Building Methods Said to Have Been Employed by Episcopate Bishop from Spokane.

Twenty of the forty-five members of the People's United church, the organization which resulted about a year ago from the division in the ranks of the People's church, have voted to withdraw from the following of Bishop McInturff. This score embraces the majority of the members who were in attendance at the meeting when the question was discussed.

One of the leaders in the movement said yesterday that they had made repeated demands upon Bishop McInturff for the payment of the \$700 which it is said he owes on a note he once gave for money he had raised for the new church building, but he has failed so far to pay the money. They have tired of his methods of doing church work and hence decided to withdraw.

Asked if they would return to the mother church the member said that he did not know; the action taken thus far had merely been to withdraw from the leadership of Bishop McInturff. Another meeting will be called soon, when further plans will be discussed and some action looking to further church allegiance will be considered.

Results in Secession.

This is one of the final steps in the movement which grew out of the attempt to build the big edifice of the People's church, an institution which should be for all of the people and where money and position should not figure in the influence in the church. It is a good thing that the members of the church, who are in the majority, have decided to withdraw from the leadership of Bishop McInturff. It is a good thing that the members of the church, who are in the majority, have decided to withdraw from the leadership of Bishop McInturff.

In discussing the situation yesterday afternoon Mr. Wilkerson said that he had tried to secure the payment of the \$700 on the note held against Bishop McInturff, but had failed. He said they had waited long enough and, feeling that such conduct was not becoming a leader of such a church, at a meeting held last week the majority decided to withdraw from that organization. "The church has been doing a good work," he said, "and the Sunday school is getting along nicely, but we have insisted on the return of the money. We did not like that way of doing business and it looks as though McInturff, even though he may have meant all right, got into a little too deeply and cannot pay out. No, we have reached no decision yet as to our future action. I don't know when we will attempt to return to Rev. Savage's church. That has not been decided. We merely voted, a majority of those at the meeting supporting the motion, to withdraw from McInturff's leadership. The local church has been in charge of Rev. Mr. McLeod.

Announcements of the Theaters. Francis Wilson, with an entirely new company and a new comic opera, will be seen at Boyd's tonight. The new work is by J. Cheever, who has successfully fitted Mr. Wilson before. It is said to be a happy medium for the display of this popular comedian's unique talents. With "The Monks of Malabar" as its title it is easy to conceive that there must be original settings and costumes of luxurious quality. Ludwig Englander, the composer, is said to have provided some ambitious music and many tuneful melodies far above the average. Among the new faces to be seen with the company will be those of Miss Marie Celeste, Edith Bradford, Clara Palmer, Edith Hutchins, Grace Orr-Meyers, Louise Lawton and Messrs. Van Rensselaer Wheeler and Hallen Mostyn.

DUCKS COME TO SPORTSMEN Water-fowl Visit Suburban Lakes in Large Numbers and Fly Low. Several large flocks of ducks settled on the lakes in this vicinity Saturday when the snow storm broke, and sportmen of this city bagged a goodly number of the feathered fowl. It is said that at Lake Manawa the ducks flew very low and barely raised over the brush as they went in from the rivers. One man who has spent much time at the lakes in the past several years said yesterday that he never saw so many ducks on the lake as were there Saturday, taking refuge from the storm. It is said that a similar condition prevailed at Noble's lake and the ponds north of the city.

PERSONALS. Mrs. E. P. Green has recovered from an attack of the grip at Canaseraga, N. Y., by the use of Dr. Miles' Nerve and Pain Pills. Among the victims of the grip epidemic now so prevalent, F. Coyle is now recovering at Canton, O., by the use of Dr. Miles' Nerve and Pain Pills. W. E. Nihilus of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nerve and Pain Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Pain Pills. Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Ia. They all know that Dr. Miles' Nerve and Pain Pills cured him.

Prosecuting Attorney Charles L. De Waele, who has passed the three-score milestone, had a time with the grip, but when seen at his home in Rockwood, Mich., the other day he said Dr. Miles' Nerve and Pain Pills cured him.

After an illness of five weeks from the grip Mrs. Harriet Jackson is again about and looking fine. She began taking Dr. Miles' Nerve and Pain Pills when she was in Wareham, Mass., remark on how well she is looking.

Union Pacific President Returns from Salt Lake City. HAS NOTHING TO SAY OF HIS TRIP

Other Sources Reveal, in Part at Least, Some Features in the Status of the Affairs of Recently Consolidated Roads.

President Horace G. Burt of the Union Pacific is home from his trip to Salt Lake City. He returned late Saturday night with the members of his official staff on a special train. When seen at his home yesterday afternoon President Burt refused to give out any information concerning the meeting.

William R. Kelly, general solicitor for the company, is also home from Salt Lake City, although his trip was entirely independent of that of the other officials from Omaha. It will be remembered that the arrival in Salt Lake City of Mr. Kelly and Lawrence Greer, assistant to the general counsel for the Union Pacific, whose office is in New York, was the signal a week ago for the start of the reorganization of the company, as all of its information on that subject came from the newspapers. He said that the trip of himself and Mr. Greer to Salt Lake City had been to arrange the details of the reorganization, which is to be transacted at the meeting of the stockholders in that city March 22.

"At that time," said Mr. Kelly, "the stockholders will be called upon to vote an increase of \$10,000,000 common stock and a loan of \$10,000,000 to care for the reported deal with the Southern Pacific. As far as our going there to arrange for the reorganization of the company is concerned, all that we went to accomplish is patent on the face of the advertisement which is published in several places calling for its meeting on March 22. All information concerning the combination or the absorption of the Central Pacific by the Union Pacific would come out from the offices in New York and I have heard nothing of that except the newspaper reports."

The meeting of the general officials at Salt Lake City, it is learned from another source, was considered the semi-annual roundup. At this meeting the officials of the Union Pacific, the Oregon Short Line and the Oregon Railway & Navigation company discussed the affairs of the three lines relative to the improvements and extensions that are to be made this season so that there shall be no waste of money by friendly lines.

Changes Are Necessary. It is learned, also semi-officially, that the deal between the Union Pacific and the Southern Pacific, by which the former is to take possession of the Central Pacific, will necessitate some important changes in the plans for the work of the year, as some of the money allotted to the improvement fund of the Union Pacific will have to be diverted to the Central Pacific, where it is said the lines are sadly in need of repair. The Alton road, which is one piece of the work which will thus be allowed to go over this year.

Roads Will Harm No Town President Winchell Says Memphis and 'Frisco Arrangement is Not Consolidation Nor a Merger.

SPRINGFIELD, Mo., March 10.—B. L. Winchell, president of A. S. Dodge, general traffic manager, and R. H. Hammond, general superintendent of the Memphis railroad system, arrived here from Memphis after a trip over the system. President Winchell, in speaking of the unification of the Memphis and 'Frisco railroads, said: "There is now a great deal of interest between the two roads, but no consolidation. There are some people who own stock in both roads and naturally want both to succeed. Each will feed the other, but there will be no merging. Both will be operated separately."

"The people will soon see it demonstrated that the roads have no interest in tearing down any city on their lines. The roads cannot prosper unless the country they are dependent upon does. No city has anything to fear and if President Yoakum in this statement. The roads will not try to divert business from its natural course."

Must Cut Out House. The officials of the Chicago Great Western railroad, according to telegraphic information, have taken a decided stand of temperance and honesty among their employees. A sweeping order is said to have been issued forbidding the use of liquor either while on or off duty. The penalty of immediate discharge is promised for disobedience of this order. It is said that the men are also advised to pay their honest debts.

New Resort Contemplated. According to the reports which have been sent out from Laramie the Union Pacific officials are considering the establishment of a new resort.

Having a Run on Chamberlain's Cough Remedy. "Our druggists have had such a run on Chamberlain's Cough Remedy that they have had to order more and today there is none in the town. I went for a bottle this morning and the druggist said: 'Chamberlain's goes quicker than any other kind.'" says H. Goddard, Edgewood, S. Dak. There is a good reason for its popularity. No other remedy will loosen and relieve a cold so quickly. No other will prevent a cold or an attack of the grip from resulting in pneumonia. No other is more pleasant or safe to take. For sale by all druggists.
