its author, furnished the Associated Preas the following: My object in presenting the bill was two-fold. In the first place, it was intended to keep down public agitation by taking away from sertain agitators the oppor-tunity to arouse periodic furors against the Mormons directly, and indirectly against the state of Etah, and for that reason its primary purpose was for the good of the state. I believe that a general law upon our statute hooks, in conformity with the laws of Minnesota, Michigan, Iowa, North Dakota and Oregon, and even more liberal laws, would create much less agitation throughout the country than the practice which has heretofore been restorted to of arresting every few weeks some Mormon and having the arrest announced in glow-ing headlines by all those newspapers throughout the country which can be in-duced to take up an anti-Mormon crusade. Everybody knows that these arrests have been made for political and religious pur-poses and not with any patriotic desire to enforce the law. lights for the city. Three times a vote has been secured for this purpose, but. through the limitations imposed by the special charter under which Elk Point was organized or through a defect in the proceedings, the project has failed. A Chicago firm which arranged for the purchase of bonds voted two years ago afterwards declined to accept them without another vote, on account of an alleged defect in the proclamation calling the election.

Many digestive compounds and tablets are recommended to cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fail in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspepsia are caused by indigestion of fats and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is KODOL DYSPEPSIA CURE, which digests what you eat, and has been used with remarkable success,- not a single failure to curo being reported from the many thousands who have used it.

J. E. Peabody, Pitcairn, N. Y., says: "The first dose of Kodol Dyspepsia Cure relieved my son of stomach and heart trouble. and four bottles of it cured him. I heartily recommend it."

On account of its frightful hideousness, Contagious Blood Poison is commonly called the king of all venereal diseases. It may be hereditary or contracted. Ones the system is tainted with it, the disease may manifest itself in the form of scrofa-la, eczema, theumatic pains, stiff or swollen joints, eruptions or copper-colored spots on face or body, little ulcers in the mouth or on the tongue, sore throat, swollen tonsils, halling out of the hair or eyebrows, and finally a leprous-like decay of the flexh and bones. If you have any of these or similar symptoms, you are cordially invited to call at our offices immediately. If your fears are unfoinded the burden will quickly be removed from your mind; but if your constitution is in-fected you will be told so frankly and shown how to get rid of it. My special treatment for Blood Poison is practically the result of my life work, and is indersed by the best physicians of America and Europe. It contains no dangerous drugs or injurious medicines of any kind. It goes to the very bottom of the disense and forces out every particle of impurity. Soon every sign and symptom disappears completely and forever. The blood, the tissue, the flexh, the bones and the whole system are cleansed, purified and restored to perfect health, and the patient pre-pared anew for the dutics and pleasures of life.
