Prostrated Telegraph Wire Cause Dullness on Board of Trade.

TENDENCY OF CORN MARKET IS WEAK

CHICAGO, March 11.—Prostrated telegraph wires and consequent delay in the government crop reports resulted in extremely dull markets today. Wheat, corn, oats and clover were all lower. Provisions at the close were unchanged to 10 cents.

In addition to all the other deterrents to business with which traders in wheat have had to contend, the fact that the government report giving the quantity of wheat in farmers' hands, which was due yesterday, has not yet appeared.

Wheat closed at 74 3/4, 1/4 cent higher. Corn at 35 1/2, 1/4 cent higher. Oats at 23 1/2, 1/4 cent higher. Provisions at the close were unchanged to 10 cents.

Estimated receipts tomorrow: Wheat, 300,000 bushels; corn, 450,000 bushels; oats, 250,000 bushels. The leading futures ranged as follows:
