BERLIN, March 14.—The invitation to participate in the shooting contexts to be held at Sea Girt, under the auspices of the American National Rifle association, was brought to the attention of the foreign office at the proper time by the Grindra States embassis here and by the German ambansador in Washington. The matter has been referred to the proper channels and notice has been made of the matter in the organs of the shooting fraternities. Moffet is reputed to have swindled twentyone accident insurance companies, eight or ten of the leading railway companies of the east, the street railway companies of Omaha, St. Paul, Minn., Chicago and St. Louis.
