Straight Front Corsets . . .

Straight front Corsets have come to stay, but there are plenty of women who would rather change their name than change the make of their corsets. More women are wearing straight front every day and women who have worn it once will never go back to the old styles. We have all the good makes of straight front, from La Vida (for which we are sole agents) to a special corset at 50c. There is no doubt about our being able to fit you with "La Vida." Prices from \$4.50 to \$8.00 each. At \$1.00 each we have all the leading makes in "straight front" corsets; bias gored, trimmed with lace and ribbon, made of batiste or coutille, price \$1.00 each.

lots. It reached 34 on the vote in caucus, which was as follows:

Table with 2 columns: Name and Vote. Includes names like Rose-McKilroy, Currie, etc.

After the caucus a ballot on an intermission was taken for lunch. On reconvening it was found that many members had either retired or gone to their homes, making a nomination in their absence improbable, so a recess was taken to 8 o'clock tomorrow night.

Formulate Reply to Hanna. During the evening the so-called anti's held a meeting of their own. They had received telegraphic messages from Chairman Hanna asking them to help the caucus and break the deadlock and tonight they formulated a reply to be sent by wire, recasting their opinion on Thompson. Besides the names of the nine walk-out men the name of Rohrer is attached to this pronouncement.

Fusionists Oppose Bill. The fusionists were in caucus two hours tonight in an endeavor to reach some conclusion as to what action they would take in regard to the bill introduced at the suggestion of Governor Dietrich which has for its object a large reduction of the salary of the clerk of the supreme court and by a vote, which was far from unanimous, it was decided to oppose the bill, the agreement advanced in behalf of this action by Hamilton and others being that, in possession of such a lucrative office, Mr. Herdman would be in a position to swell the fusion campaign fund in a material manner.

Such action was opposed by Loomis and Taylor, the latter contending that the fusion party, which had always cried economy, could not afford to vote as a party in favor of allowing a man a salary of \$12,000 or \$15,000. His protests were of no avail, however, when the question of opposing the bill was put it was carried and unless some of the members bolt the action of the caucus the fusionists will vote as a unit against the reduction of Clerk Herdman's salary.

TWO MORE STAND BY CAUCUS

Thompson and Rosewater Each Gain Two Votes on the Joint Ballot.

LINCOLN, March 21.—(Special Telegram.)—No election resulted from today's ballot for United States senator, but Thompson and Rosewater each pushed ahead by two votes toward the goal. Thompson's gain came in the votes of Martin and Cain and Rosewater's in those of McCargan and Wilkinson. The anti's tried to boost Meiklejohn and sten. His falling hopes by sending him Ziegler and Broderick and prevailing on Van Boskirk to vote for him again. It would have taken sixty-six to elect, Thompson being still short six of the required number. Totals: Allen 33, Martin 24, Rosewater 21, Currie 19, Thompson, D. H., 18, Hinshaw 17, Thompson, W. H., 15, Hitchcock 4.

HOUSE HAS A WARM SESSION

Legislation and the State Fair Bills Furnish Occasion for Much Oratory. LINCOLN, March 21.—(Special.)—Representative Lane's bill to appropriate \$35,000 for permanent state fair grounds and Senator Tromp's osteopathy bill brought out a display of fireworks at the morning and afternoon session of the house today. The former was reconsidered for passage by the committee of the whole and the latter was considered under the jurisdiction of the sifting committee.

The appropriation provided by the state fair bill is for grounds and buildings, but there is no provision in it which prevents all or practically all of the money being spent for the grounds. In the discussion it was said that the cost of the land with the buildings thereon could be purchased for \$22,000. As amended the bill authorizes the Board of Public Lands and Buildings to select the site.

Two Bills Passed. Two bills were passed during the morning session, one being Senator Currie's measure relating to reform schools, and the other by Sears, to authorize State Board of Purchase and Supplies to purchase supplies for state institutions in yearly lots.

After an extended discussion the house on a motion of Tanager took Senator Tromp's osteopathy bill out of the hands of the judiciary committee and placed it on the general file. Coffey and Fowler favored the motion and were opposed by Hathorn. This action places the bill where it can be advanced by the sifting committee.

The senate then resolved itself into a committee of the whole to consider the committee of bills on the sifting committee's file, some of which brought out lively discussions, while others were recommended to pass without any discussion whatever. The following were disposed of by the committee:

Senate file 293, a bill introduced by Senator Meredith, which gives the city authorities in towns having a population of less than 5,000 inhabitants the right to demolish and tear down the bill, after some discussion, was recommended for indefinite postponement.

Senate file 273, by Johnson, was recommended for passage. The bill changes the length of the term of town officers from one to two years.

Another bill recommended for passage was senate file 174, by Liddell, which provides for the admission of crippled and diseased children into the Home for the Friendless in the state of Nebraska.

The bill introduced by Senator O'Neill providing for the appointment of a deputy auditor of public accounts, for the insurance department, was indefinitely postponed.

Qualifications for Teachers. Senate file 255, by Currie of Custer, which provides that the graduates of any college in the state, who are incorporated in the public instruction, have completed in their respective institutions an equivalent of the courses in the State university for said degree and of said courses of training prescribed by the faculty of the university, shall be accredited as teachers.

A bill creating another municipal appointive office for the city of Omaha was recommended for passage this morning. It is senate file 257, by Liddell, and provides as follows:

Section 1.—It shall be the duty of mayors of metropolitan cities immediately after this act becomes a law to establish in said cities a free employment office, to be appointed a labor agent who will have charge of and perform the duties assigned to him as follows:

Sec. 2.—When such free employment office has been established and the labor agent appointed, the labor agent shall be charged to perform the duties of his office faithfully and honestly and the labor agent so appointed shall hold office until the expiration of the term of office of the mayor by resignation or shall receive for his services not to exceed \$100 per annum.

Sec. 3.—The labor agent shall cause to be posted in the front of his office on a signboard the name of the building where such office is located and the name of the labor agent. It shall be the duty of the labor agent to receive all applications for labor and of those desiring to employ labor and to refer to employ labor. He shall record their names in a book kept for that purpose, and shall be charged to perform the duties of his office as follows:

Sec. 4.—The city council shall provide suitable office with furniture, books and stationery for the labor agent. He shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 5.—All labor agencies or labor bureaus desiring to employ labor through said office shall be charged to pay to the labor agent a fee of \$100 for each year for the use of the office.

Sec. 6.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 7.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 8.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 9.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 10.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 11.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 12.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 13.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 14.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 15.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

Sec. 16.—The labor agent shall be charged to receive from any person or persons whomsoever desiring to employ labor through said office. Said labor agent shall receive for his services not more than three months.

taken on the McCarthy amendment, resulting in its defeat by 37 to 15.

PRESIDENT'S TRIP WEST

McKinley to Pass Through Nebraska, Wyoming and Colorado. MERCER CALLS AT THE WHITE HOUSE. Is Informed Army Appointments from This State Are in Hands of Adjutant General, Who Will Select Best Now in the Field.

WASHINGTON, March 21.—(Special Telegram.)—President McKinley has about completed the general plan of his trip to the Pacific coast and the details have not all been worked out. The president will go by the northern route to California, stopping in Louisiana and Texas. From California he will come east in all probability by the Southern Pacific, stopping in Utah, Idaho and Montana, and will take one of the passenger steamers from the "Zenith City of the Unsated Seas," as Proctor Knott, called Duluth, to Buffalo, where the chief executive will inspect the Panamerican exposition, much after the same manner as he inspected the Transmississippi exposition in 1898. It had been the president's desire personally to open the Buffalo exposition and to launch the Ohio from the Union iron works at San Francisco early in May, but it is impossible for him to be present at the opening, and he therefore postpones his visit to the Panamerican exposition until his return from California.

Mercer and Party Return. Congressman Mercer, Mrs. Mercer and the baby returned last night from their trip to Cuba, whether they went, together with members of the river and harbor committee of the house, on a tour of inspection of the southern coast of Florida and Cuba. Mercer was at the White House this morning on matters connected with his army appointments, and after his interview with the president he said that he could not indicate who would receive the appointments from Nebraska, that the matter was in the hands of the adjutant general, who would make the best possible selection of the Nebraskans now in the field. When asked if it was his intention to return to Nebraska Mr. Mercer said that he had not made up his mind, that the senatorial situation held out no inducements to him. Upon the Cuban situation he said that the Spaniards and other property owners were seeking annexation to the United States and that he believed the ultimate outcome would be a happy solution of the pending difficulties between the island and the United States. He said that the Cuban population led by Juan Gomez was trying to have a republic established, one that will acknowledge no intervention from the United States.

This class of people is after office," he said. "If the United States would assure the people that they would be taken care of the protests now being made against Senator Platt's amendment would soon be forgotten."

Death of Alfred W. Gannett. Alfred W. Gannett, who had many friends in Omaha, his son Herbert being at present a resident of that city, died at his home on Desales street, this city, Wednesday night, and will be buried Saturday in Massachusetts. Mrs. Gannett is a sister of Mrs. Flanagan, who is Mrs. George C. Flanagan of Omaha, whom she visited last summer. Mr. Gannett was many years connected with the Treasury department in this city and was held in high esteem by his superiors and associates.

Army Rations Satisfactory. WASHINGTON, March 21.—The War department has received a number of commendatory communications from commanding officers in the Philippines regarding the ration of the army there. A suggestion made that the allowance of sugar be increased has been already acted upon by the commissary department, and this is about the only change recommended.

Internal Revenue Commissioner's Instructions for Having the War Tax Stickers Redeemed. WASHINGTON, March 21.—The commissioner of internal revenue has issued a circular relative to the redemption of documentary and proprietary stamps. It says that "whereas documentary and proprietary stamps, issued under the provisions of the war revenue act, for which the owners have no use, may be redeemed, but in all cases there will be deducted the percentage, if any, allowed to the purchaser. Application for the redemption of such stamps should be made to the collector of internal revenue from whom the same were purchased, who will supply the applicant with form 35 and necessary instructions relative to the preparation of his claim.

Claims for the redemption of adhesive documentary and proprietary stamps, if purchased from a collector, must contain his certificate as to the date and amount of purchase. If purchased from a dealer in stamps such dealer's certificate as to the date of sale to him and the certificate of the collector as to date of sale to the dealer must be furnished. Stamps that are not in the same condition as when issued will not be redeemed unless their condition is satisfactorily accounted for.

Claims for the redemption of stamps can be redeemed only when presented in quantities of \$2 or more face value, and no claim for the redemption of or allowance for such stamps can be allowed unless presented with ten years after the purchase of said stamps from this government.

All claims for the redemption of stamps imprinted on checks, drafts and other instruments must be entered on record and forwarded by the collector of the district in which the order for the imprinting of the stamps was purchased. If the claimant resides in a district other than that in which said order was purchased his claim should be prepared and deposited with the collector of the district in which he resides.

Directions are then given with reference to the forwarding of stamps for redemption and other details.
