General and Captains Have Spent

Three Weeks in the Country Studying Military Tactics and Public Sentiment.

PITTSBURG, Pa., March 26 .- K. Yatsumi, a general of the Japanese imperial army, accompanied by Captains N. Kayomi and L. Matusi, passed through Pittsburg today en route to California. They have been in this country for the last three weeks securing data for the benefit of the imperial army and intended remaining for three more months, but were called home.

General Yatsumi said: "According to the communications I have received from my government I think that a conflict between Japan and Russia is inevitable. While I have not been notified of this I think the object of my superiors in calling me home is for the purpose of making preparations for a war with Russia.

"Japan and Russia are bound to come together some time as a result of the disagreement over Corea. If such an engagement must occur Japan is better equipped at present and will doubtless hasten a termination of this long-standing dispute. Russia's ultimate intention is to seize Corea, but we shall never give up the land without a struggle."
