# NEW RAILROAD IS PLANNED RESPLENDENT AS A PALACE

MEETING AT FIRST NATIONAL BANK The room has been entirely refurnished

### Officials of the Kansas Southern Company Come to Omaha to Enlist **Co-Operation** in Proposed Enterprise.

Preliminary arrangements looking to a ager, I. L. Mossler, is to give the public the new railroad line from Omaha to the south best shoes at popular prices. The line inwere made at a meeting held at the First National bank building Friday.

line from Omaha to the southern line of Nebraska by Omaha people and from that point to Emporia, Kan., by the Kansas Southern Railroad company. At Emporia the road would form a junction with the Santa Fe route, reaching into New Mexico, and the Missouri, Kansas & Texas rall road, which now has a line into Galveston, Refers to Century Dictionary and Cy-Tex. The line when built will give Omaha almost an air line to a gulf port and will open up to Omaha trade a territory now exclusively held by Kansas City and St. Louis

### Means Much to Omaha.

The construction of the line would mean much to Omaha packing houses, as it would permit the delivery of live stock from the southwest on the Omaha market at a rate at least as low as that prevailing at Kansas City. In another way it would do much to create a grain market at this point, as the immense wheat fields of Oklahoma and Kansas would be brought as close to this city as to Kansas City. It would aid the farmers in those communities, as it would put them on a more direct line with the mills of the northwest.

At the meeting held Friday the president and accretary of the Kansas Southern were present and the Omaha men in attendance were: Guy C. Barton, Herman Kountze, Frank Murphy, E. M. Andreesen, George H. Hoagland, J. E. Baum, E. E. Bruce, G. W. Wattles and Arthur Smith. They expressed themselves as being in hearty sympathy with the movement provided the road could he maintained as an independent line. The matter will receive further consideration at their hands and it is probable that been prepared, including Oriental dances. Omaha capital will be interested in the funny comedians, soubrettes and wrestling line to connect with the Kansas systems.

### CLEANLY WOMAN.

#### Erroneously Thinks by Scouring Her Scalp that She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day and yet have dandruff her life long, accompanled by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide killing the dandruff germ leaves the hair free to grow as healthy nature intended. De stroy the cause, you remove the effect. Kill the dandruff germ with Herpicide.

The prices we sell at will bring your neighbors when they see what you have bought and how much money you have uaved. Read our ad on page 7-Hayden Bros.

When called upon by a representative of The Bee and asked his opinion of The Century, Mr. Trefz replied: "I regard The Dictionary and Cyclopedia Century and Atlas as a work of inestimable value to all men and women who are interested in life and education in all the phases. # Boy's Clothing

The clothing of so many boys at this store means that we are not only right in kind, but we must be right in price. It's astonishing to see the beauty in Little Boys' Suits at \$1.00 to \$6.00. Beauty does not consist entirely in pretty clothes-ob no-the fit, the tailor's art and twist is a part of it. It's astonishing the quantity of good clothing ruined because the fit and trimmings are not what they should be. So many clothes are made up to accommodate the merchant who, from lack of business, must just so often advertise a bankrupt or dissolution sale. Of course you do not expect the best in fit, style and construction in one of these sales-if you do you get
