South Omaha News

This is the day set by law for a revision of the registration of last fall and the board will be in session from 8 a. m. until 9 p. m. These places have been designated for registration. First Ward—First precinct, Sloane building, Twenty-fifth and N streets; Second precinct, Taxender building, Twenty-fifth and Q streets; Third precinct, Broadwell coal office, Alhambra. Third Ward—First precinct, Evans' hotel, Twenty-eighth and R streets; Second precinct, Kiker hotel, Thirtieth and Q streets. Fourth Ward—Mert's barn, Thirty-second and K streets. As the registration today will be made up largely of changes of residence, which mean transfers, it is not expected there will be any increase over the registration of last fall. On the first day of registration, October 18, 1900, the total registration was 2,087; on the second day, October 26, it was 1,776 and on the third day, November 3, it was 1,139, making a total registration of 4,972. The registration this spring will not increase the total to any extent, although it is contended that there are more voters here now

than six months ago. On account of the lack of interest being taken in the campaign it is figured that the vote Tuesday will be light as compared with the registration.

Democratic candidates have become alarmed and yesterday the Brennan-Roberts-Wolfe combination circulated the story through Brown park that if the republican candidates were elected the name of the Joekmann school would be changed. Bohemians who are interested in this school and who have children attending there called upon a number of prominent republicans to find out what was doing. Inquiry developed the fact that the story was a fabrication pure and simple and rumor has it that it originated in the office of the superintendent of public instruction. Dr. Wolfe is making the effort of his life to hold his job and he knows that if the republicans secure control of the board his time will be short. In speaking about this matter one of the democratic members of the board said that even should the democrats succeed in electing a majority, which was not probable, Wolfe would have to walk the plank. It is understood that all persons who registered last fall will be entitled to vote at the school election Thursday. Cultivating Sugar Beets. Business men in South Omaha are interested in the cultivation of sugar beets and

it is more than likely that the acreage this year will be larger than one year ago. Contracts are being made for the planting of beets with a view to retaining the best factory here. It is stated that the owners of the plant will move unless there is a certain amount of beets contracted for. It is the intention of business men to see that as many contracts as possible are made before the season opens in order to insure the retention of the factory here.

About Billy Bennett. "Billy Bennett is the best man that could have been named for tax commissioner," said a prominent business man last night. "He owns enough property to know values and he is thoroughly identified with the interests of the city in every respect. His four years' service in the city council has taught him the ins and outs of the road and he will be the best man the people can elect for the position. My suggestion is to elect Bennett and thus secure an increase in the valuation. This will certainly be done if he is elected." Women Are Hunting. In the interest of the republican candidates for members of the Board of Education the women in all parts of the city are taking an interest and are evincing a desire to vote. While it is admitted that the contest will be a lively one it is contended on all sides that the republican ticket will win and

that good government in the schools will be maintained as soon as the newly elected board takes hold and selects another superintendent.

New Warehouse Under Way. Christie Bros. secured a permit from the building inspector yesterday for the erection of a two-story frame storehouse at Twenty-eighth and I streets. This structure, which is now under way, will be used for the storage of hay and grain. It will be a building of good size and will take some time in building, as it will be constructed of substantial materials. Magic City Gossip. Mrs. Orton of Carson, Ia., is the guest of Mrs. Ralph Sage. Dr. J. M. Glasgow is at an Omaha hospital in a precarious condition. Mrs. P. A. Wells, 514 North Twenty-fifth street, has returned from Kansas City. The annual meeting of the congregation of the Presbyterian church will be Monday night. Twin boys have been born to Mr. and Mrs. W. J. Wilson, Twenty-third and P streets. Frank Taylor, one of the popular young men of South Omaha, is starting on sailing in the west. The funeral of Mrs. Peter Mitchell will be at Twenty-seventh and I streets, this afternoon. Rev. C. N. Dawson will officiate. H. C. Bostwick, cashier of the South Omaha National bank, cables that he has

sailed for home. He will return to this city about April 15.

Fashions for the Season

Hints by Mary Lamb. 3779 Fancy Waist, \$2 to 42 in. bust. Woman's Waist; to be Made With or Without the Fitted Lining. No 3779.—The waist finished with soft jabot-like revers is always graceful and very generally becoming. The smart example shown is similar to slender figures and those that incline to stoutness, a virtue not always found in a single design. The full soft front, with the outlining revers, tends to conceal the lines of the wearer rather than to emphasize them, and whether she desires to conceal flesh or to apparently increase it will be found to serve her well. The original is made of figured Louisiana with trimming of Cluny lace, but all the soft silks, albatros, plain and embroidered challo, velvet crepe and similar soft wool materials are entirely suitable when the waist is lined, while cotton and linen fabrics are equally good when the lining is omitted. The foundation is a lining fitted to the figure and which includes under-arm gorges that are covered smoothly with the material. The back is plain and smooth across the shoulders and is drawn down in gathers at the waist line. The fronts are slightly full at the shoulders and are finished with soft revers that give a tapering effect. The center front, or plastron, is soft and full and is attached to the right side of the lining and hooked over the left. The sleeves are in bishop style with moderately deep cuffs and the neck is finished with a stock collar. When the waist is made unlined beneath the revers and hooked to the left. To make this waist for a woman of medium size 4 1/2 yards of material 21 inches wide, 4 yards 27 inches wide, 2 1/2 yards 22 inches wide, or 2 yards 44 inches wide, will be required. The pattern No. 3779 is cut in sizes for a 32, 34, 36, 38, 40 and 42-inch bust measure. For the accommodation of The Bee's readers these patterns, which usually retail at from 25 to 30 cents, will be furnished at a nominal price, 10 cents, which covers all expense. In order to get any pattern enclose 10 cents, give number and name of pattern wanted and bust measure. Allow about ten days from date of your letter before replying to look for the pattern. Address Pattern Department, Omaha Bee, Omaha, Neb.

EXCELLENT SACRED CONCERT

Large Crowds at Temple Israel Fair Despite the Weather. The entertainment last night at the Temple Israel fair was a sacred concert of unusual excellence. The Temple Israel quartet was assisted in the concert by Mrs. Martin Cahn of Chicago, Sigmond Landsberg and Charles Steckelberg. An eloquent address was delivered by Rev. Edward Frederick Trefz on "The Miracle of Song." "Lead Kindly Light" and Schneckner's "Lord, Thou Art My Confidence" were sung by the quartet. Mrs. Martin Cahn, soprano, sang two numbers, "Show Me Thy Ways, O Lord," and "O Divine Redeemer," both of which numbers were well received. A violin solo by Charles Steckelberg, "Prize Song from Master Singers," a piano solo by Sigmond Landsberg and a duet for piano and violin by the two men named completed the program. The concert was well attended in spite of the disagreeable weather and was one of the most delightful musical entertainments ever given in Omaha. Mrs. Cahn has won many admirers in Omaha this week and her singing has been one of the notable features of the fair. The fair will close this evening with a grand ball.
