FURTHER TROUBLES APPEAR DAILY

Prominent Commissary Officer Also Accused of Deplorable Immorality—Lieutenant Sweet Is Prosecuted for Intemperance.

MANILA, March 31.—

Interest in the capture of Aguinaldo is well-nigh overshadowed in Manila by sensational developments, present and prospective, of the commissary department. How widely these extend has not yet been ascertained, but enough is known to justify the belief that they are far-reaching.

Captain Frederick J. Barrows of the Thirtieth Volunteer Infantry, quartermaster of the Detachment of Southern Luzon, together with seven commissary sergeants, several civilian clerks, a prominent government contractor, the assistant manager of the Hotel Oriente, the proprietors of three of the largest bakeries in Manila, a number of storekeepers and a number of other persons have been arrested. The investigation has scarcely begun, but thousands of sacks of flour, a quantity of bacon and wagonloads of other goods, all bearing government marks, have been found in the possession of unauthorized persons.

Contractor Tom Greenhaus. It is alleged that the contractor in question, who has been doing a business approximating \$100,000 per month, has spent huge sums in entertaining officers. A prominent commissary officer is accused of leading a scandalously immoral life. It is asserted that large quantities of stores have been lost or stolen in transit and also that there is a shortage in the commissary depot.

New scandals are developed daily. Illicit transactions have been traced back to June, 1899, and it is possible that there are others of earlier date. The exorbitant tariff on provisions makes the surreptitious removal of supplies immensely profitable. It is understood that other United States officers may be arrested.

Lieutenant Philip K. Sweet of the Forty-third Volunteer Infantry is prosecuting the investigation under the direction of Colonel Wilder, chief of police.

NOT KNOWN AT WASHINGTON.

WASHINGTON, March 31.—It was said at the War Department that absolutely nothing had been heard of by the government regarding the alleged unearthing of crooked work on the part of army quartermasters and others in Luzon and the arrest of a number of persons in and out of the army for stealing property of the government or receiving stolen government property. General Condon said furthermore that the government had no intimation of any sort that such developments might be expected. He was inclined, for this reason, to think the frauds against the government could hardly be so serious as reported, though admitting this opinion was based wholly on the lack of advice from the government.

FOUR MILLIONS IN FINES

They Might Be Collected as Result of Illegal Sitting of Congress.

(Copyright, 1901, by Publishing Co.) LONDON, March 31.—(New York World Cablegram—Special Telegram.)—An extraordinary constitutional difficulty in relation to the position of the government in the Ho. Commons who hold their appointment from the crown. These ministers were reappointed by the king, but the attorney general has discovered that under the statute they are not expressly absolved from submitting themselves for re-election to their constituents. Consequently they have been sitting illegally since the king's accession and each of them is liable to a fine of \$2,500 for each time he has voted on measures since the meeting of Parliament. Their aggregate liability is about \$4,000,000.

Any citizen acting as a common informer may proceed in the supreme court against them and if successful would get half the amount of the fine imposed. This procedure was adopted against Bradlaugh when he sat without being sworn, and he was made bankrupt.

Attorney General Finlay introduced a bill last Monday to legalize the position of the ministers, describing it as purely a formal measure and explaining its provisions in a letter to the reporters. Even members opposite failed to catch the drift of his remarks. When the text of the bill was issued Thursday, prior to its second reading, which was hurriedly passed on Monday, its true purpose and object was discovered by the Irish members, preventing its being smuggled through without discussion, as the ministers had hoped to do.

The whole transaction is a grave scandal, but the changes in the cabinet, which the former would be easily frustrated by the ministers, who could delay a decision until the bill, which is retroactive, has passed.

BRIDE'S THANKS TO THE POPE

Leo XIII Receives Touching Letter from the Princess of the Asturias.

(Copyright, 1901, by Press Publishing Co.) ROME, March 31.—(New York World Cablegram—Special Telegram.)—Pope Leo XIII has received a touching letter of thanks from the princess of Asturias, the count of Caserta's bride, for the pontiff's paternal interest in the royal love match, the realization of which was in a great measure due to his kind offices. When the marriage in question, the prince reached his highest pitch the queen regent, alarmed and in her distress asked for the pope's advice, declaring her willingness to oppose the marriage if he considered such a step necessary for political reasons.

But the princess of the Asturias had already written to the pope, imploring his aid and protection against the political machinations which threatened to wreck her happiness. Leo XIII touched by the simple earnestness of the young princess, wrote back to the queen regent, advising her on no account to interfere with the marriage, which had evidently been made in heaven.

The pope, when they will be received by the pope, whom they will again thank for having contributed to their happiness. These interesting details are from a prelate of the secretary of state.

The duke and the duchess board with him, though they sleep in Duchess Consuelo's house, which, owing to a large bequest she has inherited from her brother, she has now given up the idea of letting.

GAGE COUNTY GIVES THANKS

Beatrice Citizens Rejoice that Nebraska Has Two Republican Senators.

BEATRICE, Neb., March 31.—(Special.)—The election of J. H. Millard of Omaha and Governor Dietrich as senators from Nebraska gives satisfaction in Gage county, which is the second county in Nebraska in republican majority, and the following expressions were made in a Bee reporter: "W. S. Filson, chairman of the Central Committee—The result is satisfactory to me. For six weeks I have urged that measures and not men be the watchword of the republican members of the legislature. Gage county republicans, with the exception of a limited few, who have aimed to control matters within this county, are with me in this matter."

Mayor Jackson—The people of Nebraska are to be congratulated on the result finally reached in the long drawn-out contest for the United States senators. Mr. Millard and Governor Dietrich have a well-earned reputation as men of marked ability along many lines, and in the business world particularly they stand in the highest esteem. I predict that the action of these gentlemen will prove to be a wise one for all the people of our state."

Two secret revolutionary printing presses were seized in connection with the arrest. Altogether 3,000 arrests have been made. It is reported that some of the ministers now wear steel cuirasses."

The ministry of education is considering, as a means of diminishing the number of university students, a proposal to admit anyone qualified to enter the universities to examination for university diplomas, whether they ever attended the university or not. This, however, would hardly be a satisfactory solution of the difficulties, which result from restrictions of university freedom. Sixty-nine students, who were arrested during the recent riots, have been released.

It is reported that severe riots have occurred during the last few days at Kiev, but were quelled by the military authorities. No further particulars are available.

OHIO ELECTION IMPORTANT

Forsaker and Nash, Johnson and Jones All Affected by Result to Be Had at Polls.

CINCINNATI, March 31.—Municipal and township elections will be held all over Ohio tomorrow. The most notable exception is that of Cincinnati, where a full ticket was elected one year ago for three years.

Considerable interest, however, is taken here in the suburban elections, as these places have persistently opposed annexation. These local elections have quite a bearing on state and national politics, in which are such candidates for re-election.

The registration that is selected next November will choose a successor to Senator Forsaker. At the same election Governor Nash will be a candidate for a second term and special interest is being taken at Columbus on this account. Taylor, a former deputy attorney general for the state at Columbus, H. C. Taylor is a personal friend of Governor Nash and presented the name of Nash at the state convention two years ago, when he was nominated. On the result at Columbus tomorrow will be a referendum on the proposed personal friend of Governor Nash and presented the name of Nash at the state convention two years ago, when he was nominated.

WILL ACCEPT SENATORSHIP

Governor Dietrich Stays as Fiance the Assertion that He Will Resign New Office.

LINCOLN, March 31.—(Special Telegram.)—Relative to the numerous conflicting reports that have been circulated relative to the probable course he will pursue in accepting the senatorship, Governor Dietrich tonight made the following statement: "The assertion that I will resign the senatorship to which I have been elected is absolutely false and entirely without foundation or reason. I accept the position and in all probability I shall resign the governorship within a short time."

YORK REPUBLICANS APPLAUD

Recognize the Patriotism, Wisdom and Party Loyalty of Personal Sacrifice.

YORK, Neb., March 31.—(Special.)—The election of Charles H. Dietrich and Joseph H. Millard of Omaha as senators meets with general approval of leading republicans of York county, though many expressed themselves as it being too bad to send away a good governor. Republican sentiment has become disgusted with the senatorial deadlock and were predicting the defeat of republicans in case of an election. The patriotism, wisdom and party loyalty of E. Rosewater, who received the largest number of votes for choice from north of the Platte, and who held the key to the situation, in withdrawing after making such a splendid fight, disposes the statements of his opponents that he was always for Rosewater and that he was selfish and would rule of ruin. His loyalty to the republican party showed that he preferred party success to mere personal gratification, and many who were prejudiced by denunciations of his opponents are now giving his praise.

THREE PLUNGE OVER CLIFF

Mrs. Patterson, Her Daughter and a Friend Slip from Lofly Mountain.

POUGHKEEPSIE, N. Y., March 31.—Between 5 and 6 o'clock this evening Mrs. Daniel Patterson, wife of a mechanic, her 12-year-old daughter and Nellie Chase, aged 14, all living in Cold Spring, went for a walk.

They stopped on Table Rock, halfway up Break Neck mountain, to watch the forest fires burning on Crown's Nest mountain, across the river.

Suddenly the Patterson child slipped and fell over the cliff. The mother sprang forward to save the child and also fell over the rock. Nellie Chase became greatly excited as she saw her friends go over and she, too, fell after them. Table Rock is 200 feet above tide water and the side of the mountain under it is very steep. Nellie Chase fell in the branches of a large tree and was unhurt. The Patterson girl was found a few feet away with a broken arm and a cut and bruised body. Mrs. Patterson was found further down the mountain, dead. She had fallen at least ten feet and was dashed to death on the rocky side of the hill.

Despondent Wife Fires Her Clothing, but Joins in Hymn at Death Bed.

SYRACUSE, N. Y., March 31.—A special to the Post-Standard from Canastota says: Last night William Welch and his wife, Mary, quarreled. This morning the woman, brooding over her trouble, saturated her clothing with coal oil, and going out to the house to avoid setting fire to it, applied a match to her dress. People coming from church discovered her burning almost beyond hope. Her still conscious, she was carried to the house, but physicians could do nothing. Neighbors then gathered at the bedside and sang hymns until Mrs. Welch died. Although the flesh was burned from her face, she feebly joined in the singing until she lost consciousness.

BALK LOOKS SERIOUS AWHILE

Inability to Agree on Amounts Furnishes a Stubborn Midnight Outlook.

LINCOLN, March 31.—(Special Telegram.)—The legislative day of Thursday was stretched out over Sunday, with better than a fair probability of its lasting well into Monday. The difficulty is owing to the failure to agree on amounts for the constitutional amendments, and the sugar bounty claims. The senate had disallowed some items adopted by the house, and the conference committee added to the bill some items turned down in both houses. Everything else is out of the way, and as soon as this matter can be adjusted, the bill enrolled the body will be ready to finally adjourn. The house this morning adopted the report of the conference committee and has waited all day on the senate.
