

Digests what you Eat Dyspepsia Cure

A healthy stomach, capable of digesting a good, square meal, is a great blessing. It keeps the body strong by insuring plenty of nourishment. In fact, it means perfect health. But something must be done when the stomach is so tired that it can't digest what you eat, for undigested food poisons the blood.

We can recommend a preparation that completely digests all classes of foods—that is KODOL, DYSPEPSIA CURE. It gives the stomach perfect rest and allows you to eat and enjoy the variety of food that is necessary for maintaining health. It never fails to cure indigestion, after everything else has failed. It is pleasant to take and can be used in all conditions.

"For many years I suffered from chronic indigestion, and it seemed as though nothing was going to do me any good. On the advice of a friend I commenced using Kodol Dyspepsia Cure. It gave me immediate relief and I continued its use, until now I feel that I am cured."—Henry E. Cramer, Wendelville, N. Y.

GENERAL'S SON LEADS MOB

Young Marajo Captains Demonstrative Crowd Near Monterey.

NOW IMPRISONED IN FATHER'S HOUSE

Government Sends Five Hundred Soldiers to Assist in Surrounding and Suppressing the Rioters.

LAHEDEO, Tex., April 8.—Reliable reports of a serious riot occurring yesterday at Llanana, Mexico, a station on the Mexican Central railroad, seventy miles from Monterey, have been received.

It appears that the government of Mexico has had suspicion about a reported revolutionary occurrence at that place and yesterday morning the military stationed there arrested four citizens. When they were taken to the depot, enroute to Monterey, a mob, headed by Francisco Marajo, a son of the famous General Marajo, appeared at the station. In the excitement that followed one of the prisoners escaped.

When the train left the leaders of the mob repaired to General Marajo's estate, where they are at present surrounded. As soon as the government heard of the disturbance 500 soldiers from Monterey were dispatched to the scene by special train.

IN FAVOR OF THE RAILROAD

Justice White Decides Case Involving Long and Short Haul Clause.

WASHINGTON, April 8.—In the United States supreme court today an opinion was handed down by Justice White involving the long and short haul clause of the interstate commerce law. The principal decision was rendered in the case of the East Tennessee & Georgia Railroad company and the charge was to the effect that a lower rate was charged on freight carried to Nashville than was charged on freight to Chattanooga, the latter being the first point being greater than to the latter.

The decisions of the Interstate Commerce commission, the circuit court and the circuit court of appeals were all antagonistic to the railroad company, though on different grounds. The opinion of Justice White reversed all these decisions and was in favor of the railroad company. The decisions in the other similar cases were on the same lines.

In the other cases decided were proceedings against the Clyde Steamship company, while the fourth was against the Western Atlantic Railroad company. In the latter case the charge of discrimination was made with reference to the rates from Cincinnati to Atlanta as against other places on the line of the road between the two points. In one of the Clyde cases rates on the Georgia railroad are involved and in the other case the rates on the West Point & Western railroad of Alabama.

In his opinion in the case of the East Tennessee & Georgia case Justice White said that the decision of the circuit court was not in accord with the finding of facts by the commission.

The decision of the supreme court was that "the decree of the circuit court of appeals should be affirmed, and the case remanded to the circuit court with instructions to set aside its decree adjudging that the order of the commission be enforced and to dismiss the application made for that purpose with costs, the whole to be without prejudice to the right of the commission to proceed upon the evidence already introduced before it upon such further pleadings and evidence as it may allow to be made or introduced, to hear and determine the matter in controversy according to law."

In the case of the Clyde Steamship company the decree of the circuit court of appeals and of the circuit court were modified.

PICTURESQUE EGG ROLLERS

Children Gather on White House Grounds to Indulge in Easter Sport.

WASHINGTON, April 8.—The picturesque egg rolling of the children of Washington occurred in the White House grounds today.

The gathering of the multitude of youngsters of all ages, sizes and colors in the large terrace grounds back of the White House each year for their Easter frolic is the sight of Washington. Last Easter 25,000 persons witnessed the festival and this morning's gathering indicated that fully as many would be present today.

The Marine band, which usually furnishes music for the children upon these occasions, was away on a tour of the country, and in order not to deprive the children of this feature of their day the Fourth artillery band at Fort Monroe was ordered here and played throughout the day. Mrs. McKinley, whose love for children is well known, enjoys these frolics intensely and today spent most of her time at the window or on the White House veranda, watching the little folks' sport.

Falls on Trial Trip

WASHINGTON, April 8.—Secretary Long was informed today that the torpedo boat Perry, built by the Union Iron works of San Francisco, failed to meet contract speed requirements on its recent official trial.

Under the contract the vessel was required to develop a speed of twenty-nine knots an hour, but the best it could do on its trial run was 28.2 knots per hour. The action of the department has not yet been determined, but the vessel probably will be accepted subject to a slight deduction from the contract price.

EXHIBIT MUSCULAR SKILL

Educational Classes of the Young Men's Christian Association Close the Season.

The closing of the educational classes which have been conducted by the Young Men's Christian association during the winter under the direction of Prof. W. V. Lockwood was celebrated Monday night by an athletic exhibition and banquet.

The program that followed the closing of the athletic exhibition was given in the gymnasium. The exercises were entertaining, a number of exhibitions of muscular and athletic skill being given by the expert athletes belonging to the association. At 8:30 the banquet was held in the association canteen. The menu was an elaborate one, but was enjoyed nevertheless as heartily as though the courses had been many in number and varied in cuisines.

Following the dinner an interesting program of toasts was rendered. W. P. Harford presided as toastmaster and in his introductory remarks congratulated the association upon the success attained by its educational department during the winter season. The number of students, he said, showed a healthy increase and the grade of work accomplished was of the highest. Responses to toasts were made as follows: "The Association Student," J. L. Coffey; "The Association Teacher," Edward McLeod; "The Student and Business Success," George M. Tibbs; "Educational Dividends," C. G. Pearce. The other numbers on the program was an exhibition by J. A. Zaebel and a violin solo by Carl Lamp.

FRAME THE CHALLENGE

American Trap Team Decides Conditions of International Shoot.

SENDS \$500 TO THE ENGLISH SECRETARY

Binds the Match by Putting to One-Fifth of Total Aids—Thinks the Brits Will Agree.

NEW YORK, April 8.—At a meeting held in the Astor house today the terms of the challenge issued by the American amateur trap shooters to the American team of England, Ireland and Scotland were agreed upon and a draft for \$500 was forwarded, along with the conditions of the match, to R. H. Gale, honorable secretary and treasurer of the Middlesex Gun club, England.

The \$500 is to bind the match, which will be for \$2,500 a side, the remainder of the money to be put up in Mr. Gale's hands in June.

Hon. Thomas A. Marshall, mayor of Keituburg presided at the meeting, which was attended by all of the team chosen to represent the United States, of which Mayor Marshall will be the captain. The other members are R. O. Hoyle, Dayton, F. S. Parmelee, Omaha; Fred Gilbert, Spirit Lake, Ia.; C. W. Budd, Des Moines; W. R. Crosby, O'Fallon, Ill.; Chauncey Powers, Decatur, Ill.; Jack Fanning, Jersey City, J. A. R. Elliott, Kansas City, and R. R. Merrill, Milwaukee.

In addition to these there will be three substitutes, namely: E. B. Tripp, Indianapolis; C. Von Lengerke, Chicago, and Clarence C. Nauman of San Francisco, Cal. Paul North of Cleveland, who while in England recently, saw instrumental in bringing about such a match, was also present at the meeting and it was decided that the team should leave New York for England July 27, and after having a week's practice in England that the match should be begun on August 12 and continued from day to day until decided. The teams are to be of ten men a side, any ten Americans against any ten men from England, Ireland and Scotland. Any number of substitutes may be put in on each side, but no change will be permitted during any one contest.

Best Three in Five

The match is to be decided in the best three out of five contests, each of which is to be 100 inanimate targets per man, or 1,500 targets per team, to be shot on a range of 200 yards. The shooting is to be conducted in squads of six men, three from each team, the fourth squad to be made up of one man from each team and four subs, two from each side. The Americans are to use one barrel only and are to be allowed the use of shot, strick measure No. 1108 Dixon or American Shooting Association measure. The Englishmen are to have the use of both barrels and L. B. S. A. rules to govern, change of any shot. Any length of shell and any gauge is allowed to be used, but twelve-gauge guns only to be used. It is the general opinion of those present at the meeting that these conditions will be acceptable to the British gunners and the Americans are confident that they will return to this country victorious.

FARMER BURNS WILL WRESTLE

Sends Robinson Word He Will Meet Frank Coleman This Month.

Eddie Robinson is in receipt of a telegram from Farmer Burns, the famous wrestler, agreeing to meet him in a match in the Omaha favorite, in this city the last day of this month. It is probable the match will take place about April 25.

At the time of the Coleman-Steals match Farmer Burns was the challenger, but the winner, Coleman, after easily defeating Steals, agreed to take on Burns at 25 pounds. After the match Burns was forwarded to the hospital and his manager, Coleman, stated that the articles would be signed and sent on to Omaha. The match is sure to attract more than ordinary interest among the varieties of local sports. Coleman has been engaged in heretofore and has shown a good command of such scientific skill on the mat that not even the wide-spread fame of his competitor will frighten him.

There will be any number of men backing Coleman for the match, but it is probable that he will win with an abundance of help.

ROYAL VICTOR VICTORIOUS

T. P. Hayes' Brown Colt Wins Tennessee Derby from Scharr's Lady Schorr.

MEMPHIS, April 8.—Before 15,000 persons T. P. Hayes' brown colt, Royal Victor, won the Tennessee Derby this afternoon at Montgomery park from John P. Schorr's bay filly, Lady Schorr, with George Long's bay colt, Galahad, third. The time was 1:57, a very creditable performance.

The Schorr stable had named three starters, but Alvin Beck and Joe Frey were scratched and Farmer Bennett was added to keep Lady Schorr company. Sultan, the winner of the American Derby, was also scratched, leaving only six contestants. The Schorr pair were held at the prohibitive odds of 1 to 2, while 3 to 1 was offered against Royal Victor. After two false starts, the horses went away to an excellent start, with Royal Victor a head in front of Farmer Bennett and the others well out of the race. Royal Victor was a length away, made the running to the stretch. At this point Winkler, the jockey, Hayes' colt up to the leaders and in the run came the challenged Lady Schorr. In the stretch the latter went to the wheel, but his efforts were of no avail. Royal Victor, well ridden by Winkler, was finally beaten by three parts of a length. Galahad made up a lot of ground in the stretch and finished second in the first race, the local track record of 1:49 2/5 was beaten by Royal Victor who beat a host of 14 1/2. The second event, for 2-year-olds at four and a half furlongs, was won by Lord Rotschild's Lady Bird. The third race developed a good 2-year-old in Braunigan, who won at a pace in 1:28 2/5. Only two favorites were successful.

GREAT SCORE IN FIVE BACK

C. Conrad Discounts the State Record at that Game by Several Points.

C. Conrad made a remarkable score in five back at Clark's all-Florida night. Conrad and Knapp composed the team which defeated the team of H. W. Emery for the state championship at small ball games. Last night the game was five back, ten runs, their total score being 37, against the team of J. L. Powell. Conrad's splendid performance came in the second game, in which he scored 14 runs, succeeded in striking out 2, and he discounted the state record at five back by a large margin. Conrad's score was 37, at Clark's all-night heretofore has been 35 and was held by Charles French. The highest possible score in five back is 40.

The series will continue until all of the small ball games are exhausted, and the team winning the greater number of games will be crowned the state championship and carry away a purse of \$200. The game will be the game Monday night.

The woman's first attracted her to it, of her beginning, of the tremendous work that is to be done, and the little support that it is receiving and of a few of the results of her efforts. She explained the plan and purpose of the girls' industrial classes and the hope through them to overcome the conditions now existing in their so-called homes and to cultivate in them the taste for domestic affairs, of which they know nothing. She spoke of the necessity of a bath and fumigating room, that many of the children who came to the classes might be put in a condition that would at least not repulse the women who came to assist with the instruction, of the necessity of an inclosed public playground that might be kept clean and so serve the double purpose of playground and object lesson in cleanliness.

She also touched upon the women and girls that she can seldom reach only while they are confined in the city jail, frequently as many as thirty of them at a time. Upon investigation she was told by the authorities accustomed to dealing with them that these girls knew nothing of home life and in consequence cannot be homesick. Mrs. Borsheim of Love and Pearl Williams told of the work at Thirteenth and William streets, giving a brief sketch of the effective work that is being done there.

MASTER SPECIALIST.

I do not treat all diseases, but cure all that I treat. I treat men only and cure them to stay cured. On account of its frightful hideousness, Contagious Blood Poison is commonly called the king of all venereal diseases. It may be hereditary or contracted. Once the system is tainted with it, the disease may manifest itself in the form of scrofula, eczema, rheumatic pains, stiff or swollen joints, eruptions of copper-colored sores, boils, little livers in the mouth of the tongue, sore throat, swollen tonsils, falling out of the hair or eyebrows, and finally a leprous-like decay of the flesh and bones. If you have any of these or similar symptoms, you are cordially invited to call at our offices immediately. If your fears are unfounded the burden will quickly be removed from your mind; but if your constitution is infected you will be told so plainly and shown how to get rid of it. My special treatment for blood poison is practically the result of my life work and is endorsed by the best physicians of America and Europe. It contains no dangerous drugs or injurious medicines of any kind. It costs to the very bottom of the disease and forces out every particle of impurity. Soon every sign and symptom disappears completely and forever. The blood, the tissue, the flesh, the bones and the whole system are cleansed, purified and restored to perfect health, and the patient prepared anew for the duties and pleasures of life.

WE ALSO CURE TO STAY CURED. Varicocele, Stricture, Nervo-Sexual Debility, Rupture, Kidney and Urinary Diseases,
