Graham, Who Takes the Box from

Freeland in the Sixth, Wins the Admiration of the Local Pans.

Lincoln, April 19.—(Special Telegram.)
—The Omaha league base ball team won an easy victory here this afternoon in the first game of a series with the University of Nebraska team, the score being 5 to 1. Townsend, the first man up to the plate for the 'varsity, made a lucky hit far out in the field and scored a home run. Fresland held the students down to short and ineffective hits after that, but in the sixth inning was succeeded by Graham, who played a star game and won the admiration of the local fans. The home run by Nebraska's pitcher was the only sensational feature of the game.

The Omaha men had the students at their mercy at all points and possibly could have piled up a greater number of runs if they had tried to do so, Score:

REMARKABLE SUCCESS.

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really applied afmost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeding ground for catarrh. The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years tha the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine

radical cure for catarrh. It may be found in any drug store, sole under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed

principally of antiseptic ingredients, Eucal yptol, Guaiacol, Sanguinaria, Hydrastin and similar catarrh specifics.

Dr. Ainslee in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon thirty or forty patients with remark able satisfactory results. They clear the 33; head and throat more effectually and last-

Dr. J. A. Noble of San Francisco says:

"Most of the present-day prune trade has been built up by physicians' recommendations. The California Prune is nature's finest laxative and tonic. There is combined the delicious taste of fruit, the highest nutritive value

of any food, and the greatest health-giving qualities of any fruit or food. When people learn this, and learn also that prunes can be served at one-third the cost of meats and breadstuffs. and at one-twentieth of the cost of medicines they will have learned a valuable lesson.

If you ask your own doctor, or take Dr. Noble's advice and eat prunes every day in some form as fruit, dessert, or confection, you will acquire a knowledge of a taste that you never dreamed the California Prune possessed. The time is not far off when the California Prune will rank meats and bread in the larder because of its superior value, more delicious taste and greater economy.

The Association issues a book containing 100 recipes for preparing prunes in every way, which were obtained by a prize contest participated in by the very best cooks and chefs of California. This book together with a "Prune Primer," which will delight the little folks, will be sent free on request.

KING COUNTERFEITER'S END

Jehn Albert Skoog, Wanted by Two Governments, Lies Helpless in Hospital.

SHOOTS HIMSELF WHILE BEING PURSUED

Fries Passing Bogus Money Once To-Often and is Run Down by Greater New York's Police.

NEW YORK, April 16 .- It came out to night that a man supposed to be Albert Jensen, who attempted to commit suicide by twice shooting himself in the head while being pursued by a crowd in West street yesterday, is not Jensen at all, and is wanted by the government authorities in this country and Sweden. He is in reality John Albert Skoog, a Swede, 35 years old, born in Stockholm and the son of a prom-

ment and wealthy family. He early began a criminal career and is pronounced by officers of the United States secret service one of the most expert counterfeiters alive. In March of 1897 he escaped from the penitentiary at Jollet, Ill. while serving a sentence there for making and passing counterfeit \$20 bills, and Chief Hazen of the secret service department has a bench warrant for Skoog's arrest which has been issued from the United States circuit court for the northern dis-

trict of Illinois. Wanted for Sweden Crimes.

Skoog is wanted in Sweden for making and passing a large number of counterfeit notes, such as are issued by the Bank of Sweden. This work was done early in 1899. Skoog having gone to Sweden at once after his escape from Joliet. Skoog was identified at the Hudson street hospital by Chief Hazen. Yesterday the man attempted to pass counterfeit 50-kroner notes on the Bank of Copenhagen at a banking house on ower Broadway. The notes, although dated 1897, were crisp and new. They were apparently good, however, and were accepted. skoog being paid American money in exhange. A few moments after Skoog left another man entered and presented some similar notes. This looked suspicious and and started to walk away.

Word Policeman Scares Him.

"Stay here or I'll call a policeman." an official of the banking house said to him. At the mention of the word policeman.

The people of All Saints' church will dine at Mctropolitan hall this evening and dance line will be included in after dinner. There will be no charge of any kind and all members of the parish will be welcome.

The members of the Commercial club are called to meet at the club rooms at so o'clock Friday night to discuss with the promoters the building of a direct line of railroad from Omaha to Emporia, Kan.

At the mention of the word policeman.

Skoog turned and fled down Broadway, followed by two policemen and a large crowd. Policeman Brady caught up with him in West street. Soog in the meantime had drawn a pistol and as Brady came up to solve the club rooms at so o'clock Friday night to discuss with the promoters the building of a direct line of railroad from Omaha to Emporia, Kan. At the mention of the word "policeman,

cover, which was thought likely, it is th intention to return him to Joliet.

Fruitful Raid Follows. One of the biggest raids in the history of the secret service was made tonight by Chief Hazen, as the result of the arrest of Skoog. Chief Hazen, after talking with Skoog today and after following a clue which he found in Skoog's pocket, went to a building in Grand avenue, Brooklyn, and arrested Emile Mobert, a Swede. One of the most complete counterfeiting plants ever found was found in the house. The plate for the 50-kroner notes and 100-kroner notes of the Bank of Copenhagen were among the tools. They were buried among the plates for making a £20 bill on the Bank of Scotland, which the secret service of Great Britain has been trying to run
