taxes thereon, nor collected any rent therefrom.'

With the object of securing from Lynch an admission that he still held the land, although it was supposed to have been sold to Davis, Mr. Lunger wrote a letter to J. J. Dineen of Brookville, Kan. This letter was written from Kansas City and fictitiously signed "W. T. Crow," and the writer expressed a desire to purchase the northwest quarter of section 29, which was familiar to Mr. Dineen. The letter to Dineen found its way to Lynch, who replied to it under date of December 19, 1900.

Lynch Answers the Decoy.

Lynch wrote to his prospective purchaser as follows: "Your letter of the 19th ult. addressed to J. J. Dineen relative to land owned by me south of Dorrance, being the N. W. 29-14-11, has just been referred to me. I have the confract still and the land is for sale at $2,000. * * * The land is worth $15 per acre if it is worth a cent. My rental share from it for the past two years has been upward of $400."

Officials Ignore the Charges.

Mr. Lunger, with the documentary evidence of the peculiar transactions in regard to section 29, visited President Burt recently for the purpose of informing him in the matter, but that official refused to take up the case, referring his visitor to Judge W. D. Cornish, the head of the land department. Mr. Lunger then went to New York to see Judge Cornish. He told the judge about the Lynch transaction and about many other alleged irregularities in the Omaha office of the land department, but the judge declined to look at the documents offered in proof of the story related by his visitor. Judge Cornish is said to have dismissed Lunger with a cold, but polite "Thank you."

"In 1898 I brought the Lynch matter and other irregularities to the attention of President Burt," says Mr. Lunger, "and he told me that I did my duty and that no harm could come to me from my actions. At that time he acted on my information and made it necessary for Lynch to put up the deal with Davis, through Voorhis, in order to retain possession of the land from which he was drawing rental. Now, when I am prepared to show President Burt the evidence of the fictitious deal with Davis, by which Lynch retains possession of the land, he refuses to hear me."

Mr. Lunger has a mass of letters, affidavits and records showing peculiar transactions of the land department, but he declares that it is impossible to interest the head officials in the matter at this time.

Other Serious Charges.

Lunger also claims to have in his possession notes taken by local land agents from farmers for leases of which the company has no record, the proceeds of the notes being retained by the agents, although McAllaster says he is cognizant of the facts. He says also that C. E. Wantland is earning large sums from the sales he is making—$18,000 being his commissions in 1900—and is dividing the money with the land department officials. He gives the details of Wantland's methods of operating and makes serious and specific charges against other field agents of the department.

Lunger obtained his appointment to the place in the Union Pacific land department through Congressman Lytle of Illinois in 1889.

Burt Too Busy to Talk.

Yesterday afternoon, after waiting fifty minutes, a reporter, with the statement by Mr. Lunger, was given an audience by Horace G. Burt, president of the Union Pacific. He refused to read the statement and referred the reporter to Mr. McAllaster, superintendent of the land department. When a copy of the statement was handed to Mr. Burt he said: "I don't want to read that; life is too short. You show that to Mr. McAllaster of the land department; he knows all about that matter. You show it to him. Are we to be tried in The Omaha Bee?"

Mr. Burt was given the answer that the instructions were that the statement be presented to him so that in case he desired to make any answer he might do so, with this question: "You do not care to make any statement, then?"

"No. You go down and show that to Mr. McAllaster. He can give the information in regard to it and I think he will, too." This last was almost lost as the president retired to his private office.

KIOWA AND COMANCHE LANDS

(Continued from First Page.)

draw the first 3,000 numbers at the Wichita registration will have the same assurance. Those who draw numbers much in excess of these figures will know that at the opening all lands will be exhausted before their numbers are reached and that it is useless for them to remain. Instead of being defeated after a vexatious contest of several years, their fate will be determined before the opening.

Applicants will be permitted to travel freely over and become familiar with the lands to be opened so as to qualify them to intelligently and advisedly make selections on each day after the opening days; for instance, on the first day those who hold the numbers from 1 to 300 inclusive; on the second day those who hold the numbers from 301 to 600 inclusive, and so on until all lands have been selected. One who draws the number 3,000 will know that his right of selection must be exercised on the tenth day and that it is not necessary for him to be present at the opening until then. This plan will remove every incentive for crowding or bartering for places in line at both registration and opening.

Fortunate Early Numbers.

When the opening begins, a person holding the smallest number drawn will have all the lands included in the opening from which to make his selection, and a person holding the number 3,000 will have all the lands to select from which have not been selected by those holding prior numbers. Each day of the opening those holding numbers assigned to that day will make selections in the order of their numbers, and if when any number is reached the claimant does not appear, that number will be passed and the next number will be called, and so on until the end of that day's list is reached, when the names which have been passed during the day will be called again in their order and claimants permitted to make selection, those not appearing then losing their right.

No one will be permitted to effect a settlement until after he has selected his land and made the entry. It will not be possible to have more than one claimant for the same tract, and every claimant after making his selection and entry will have the full assurance that if he honestly complies with the homestead laws he will receive the full title to the land. He will not have to cope with an adverse claimant or meet a vexatious contest.

MONTEREY, Cal., April 11.—George Q. Cannon slept several hours today and is resting easy tonight. Dr. Cliff says Mr. Cannon's condition is truly perplexing, although most critical. BURLINGTON NOW SECURED

Morgan-Hill Interests Get Enough Stock to Assure Transfer.

STOCKHOLDERS MAY EXCHANGE HOLDINGS

Northern Pacific and Great Northern Will Guarantee the Three Per Cents Offered for Old Shares.

NEW YORK, April 11.—The Commercial Advertiser says: James J. Hill left New York for his home in St. Paul. He had intended going last Tuesday, but new phases of the Burlington deal detained him. It is authoritatively stated that the Morgan-Hill interests now own enough of the Chicago, Burlington & Quincy stock to secure the successful consummation of the deal in that road whereby it will pass to the control of the Northern Pacific and Great Northern.

The Burlington stockholders will have an opportunity of exchanging their holdings for new 3 per cent bonds, guaranteed by the Northern Pacific and Great Northern. A large portion of these stockholders have already signified their willingness to accept the Morgan-Hill offer, and as soon as Mr. Morgan cables his approval of the final details an official announcement of the terms of the deal will be issued from the office of J. P. Morgan & Co.

President Hill will leave St. Paul within the next few days for the Pacific coast, where he will make an inspection of the new terminals which are being prepared for the connection between the Great Northern and the new Oriental Steamship line. Mr. Hill expects to have two of his new steamships running this year.

FOR CLEVELAND ENCAMPMENT

Central Passenger Association Adopts Eight Rules Governing the Cut Rates.

CHICAGO, April 11.—Rules and regulations governing the transportation by the lines in the Central Passenger association during the Grand Army encampment at Cleveland, September 10 to 14, have been adopted. In several respects they are different from the regulations which have governed Grand Army encampments in the past. The lines were unanimously in favor of a straight 1-cent fare rate from all association territory.

The rules adopted are as follows:

1. Bands shall be required to pay one-half the rate charged the post with which they travel and shall be required to travel in both directions on a solid ticket and in band uniform.

2. Committees to locate quarters shall consist of not more than three persons from each post and shall travel to Cleveland and return on solid tickets; shall be required to pay one-half the rate charged their respective posts and shall be allowed but one trip for the purpose of locating quarters.

3. No line shall evade these provisions by cash contributions or by any other kind of concession not provided for herein, by assurances to committees, posts or individuals.

4. Only ironclad signature form of ticket shall be used and required from connecting lines, except within a 100-mile circuit of Cleveland, where the open form shall be good.

5. Tickets good for continuous passage only and on date of sale shall be sold from September 8 to 12 inclusive, good for return without deposit to September 15.

6. Ironclad tickets shall be good for return to October 8, provided deposit is made with joint agency by noon on September 15, and upon payment of a fee of 50 cents.

7. Arrangements for handling baggage are referred to general baggage agents of lines centering in Cleveland, and with a request for early action.

8. No sleeping cars shall be stored for occupancy during the encampment.

GRADING CREWS INTERFERE

Oregon Short Line Men Crowd San Pedro Gang Off Some of the Earth.

SALT LAKE CITY, Utah, April 11.—Vice President Bancroft of the Oregon Short Line said today that about 125 men were at work laying iron at the end of the track in Nevada and that the work was going on without interruption. Nearly a mile of track was laid yesterday, progress being slightly delayed by necessary bridge work.

Attorney C. O. Whittemore of the San Pedro, Los Angeles & Salt Lake company returned from the end of the track today. He says his road has a force on the ground preparing the grade and that additional help is being sent to the front. He says that no physical force has been used by his company, but that his men have been compelled by superior numbers to give way to the Oregon Short Line force, which is laying track on the grade prepared by his men. He has instructions from the general offices of the Los Angeles & San Pedro railroad to spare no necessary expense in protecting the interests of the company.

Speaking on the question of legal rights Mr. Whittemore said: "The Short Line went into a contest with us before the United States land office of Nevada to determine the ownership of the Lincoln county grade, and when the decision went against them they undertook to gain by force what was denied them by law."

On the other hand, the Oregon Short Line people insist that the new company has no legal right to the grade in question. No action has been taken in the nature of injunction proceedings or bringing the question before the courts.

SCENIC ROUTES ARE UNITED

Lines Through Colorado Gorges Take Title of the Denver & Rio Grande Western.

DENVER, April 11.—The Republican today says: The Denver & Rio Grande Western is said to be the name under which the consolidation of the Denver & Rio Grande and the Rio Grande Western will be known. It is reported that the two roads will be operated as one road and that George Coppell, chairman of the Denver & Rio Grande board of directors, will be in charge of the consolidated lines.

Just what foundation there is for this report is not known and it is probable that nothing will be certain until after the formal purchase of the Rio Grande Western at the stockholders' meeting of the Denver & Rio Grande in Denver May 15.

TAKES IN BRAINERD BRANCH

Northern Pacific Asks to Increase International's Stock to Make Absorption Possible.

ST. PAUL, Minn., April 11.—The Northern Pacific Railroad company will apply to the state authorities for permission to increase the stock of the Minnesota & International Railway company, of which C. S. Mellen is president, from $100,000 to $500,000. The purpose is to absorb the Brainerd & Northern Railroad company.

It is the intention of the Northern Pacific to merge the two roads into one, to be known hereafter as the Minnesota & International Railroad company. The total mileage of the combined roads will be 123 miles, but this will be rapidly increased as the road is pushed northward.

SOUTHERN PACIFIC SUES HIM

Wants W. C. Connor to Comply with Contract to Sell Dallas Terminal Road.

DALLAS, Tex., April 11.—Suit was brought in the United States court here by the Southern Pacific system against Mayor W. C. Connor, the plaintiff alleging that Connor made a contract with it to sell the Dallas, Fort Worth & Gulf railroad, better known as the Dallas Terminal road, inside of sixty or ninety days. The plaintiff sues for a specific compliance with the contract.

Mr. Connor says of the suit: "I gave the late C. P. Huntington an option to purchase a certain amount of stock of the Dallas, Fort Worth & Gulf company, conditioned upon his furnishing the money and financing the building of a line between Dallas and Fort Worth and paying a certain amount for the stock.

"The conditions of the option have never been complied with in any way. This is a suit for a specific performance of that option and agreement. The time within which the Southern Pacific was to carry it out has long since passed and the Southern Pacific has no right under that option now."

FOR GRAND ISLAND ROAD

W. N. Marshall of the Nickel Plate Secured as Assistant Freight and Passenger Agent.

ST. JOSEPH, Mo., April 11.—General Manager Raymond Dupuy of the St. Joseph & Grand Island railway today announced the appointment of W. N. Marshall as assistant general freight and passenger agent, with headquarters in Kansas City. Mr. Marshall for some time has been the general agent of the Nickel Plate at Kansas City.

Terminal Railway Is Sold.

LOUISVILLE April 11.—The New Albany, Indiana, Belt Line & Terminal railway, six miles long and extending along the New Albany river front, connecting the Louisville, Evansville & St. Louis railroad tracks with the Kentucky & Indiana bridge across the Ohio river, was today bid in by Judge A. P. Humphrey, counsel for the Southern railway. The upset price was $50,000. There was no other bid.

Recalls Guernsey Route Surveyors.

CHICAGO, April 11.—The Burlington has recalled its corps of surveyors which have been selecting a route from Guernsey, Wyo., to Salt Lake City. "This action," says the Evening Post today, "is taken as showing that the managing authorities of the Burlington system have had an intimation that the control of the road has practically passed to other hands, or is likely to do so."

TELLS OF RIPLEY'S STATEMENT

J. W. Ferguson Says Defendant Asserted that Goebel Would Never Serve.

FRANKFORT, Ky., April 11.—When the trial of Garnett D. Ripley was resumed today the defendant came into court accompanied by his wife and looking cheerful. The court granted an order on the Western Union telegraph office at Eminence to produce all the telegrams sent and received by Ripley last year. J. W. Ferguson, a laborer who worked for Ripley last year, said that he had been in meetings at Frankfort and heard Ripley say that while Goebel might be declared governor, he would never serve. Ripley also said Goebel should have been killed when he killed Sanford. Ferguson added, and applied vile epithets in referring to Goebel.

Judge W. H. Yost, who assisted ex-Governor Bradley as counsel for ex-Governor Taylor last year, corroborated the testimony given yesterday afternoon. On January 5, the day the crowd of mountain men were here, he saw Bradley in conversation with a man. He did not hear what the first party said, but heard Bradley say: "It was a damnable outrage. If anything of that kind is to occur I will go with Goebel into the state house myself."

Three Wait to Kill.

Bradley then told them that he had been told that three men were waiting to kill Goebel as he entered the yard. Bradley and Yost then hunted up Charles Finley and others and told them what they had heard. Finley said nothing of the sort was intended or would occur. After the shooting Judge Yost said on one occasion Ripley complained of an indignity he had received at the hands of Taylor, and Ripley also related to him the conversation with Taylor related by Governor Bradley yesterday, in which Taylor had told him that Goebel would not live twenty-four hours longer. Judge Yost said he advised Ripley against repeating the statement.

It is said that at the close of the evidence for the prosecution the defendant will go on the stand himself and still further corroborate Bradley and Yost and make other equally sensational statements.

FIRE RECORD.

Farmer's Barn and Stock.

FORT DODGE, Ia., April 11.—(Special.)—The barn of Isaac Bird, a farmer living five miles south of this city, was burned last night, with all its contents. Bird lost six horses, all his cattle, pigs and machinery. David Francis, a brother-in-law of Bird, was badly burned about the face while endeavoring to save the stock. Bird's total loss is $2,000, partly covered by insurance. The house was saved with great difficulty, being on fire at one time.

Barnesville Hosiery Company.

BARNESVILLE, O., April 11.—Fire resulted in the complete destruction of the new plant of the Barnesville Hosiery company. The loss is estimated at $60,000 on building and stock, with $35,000 insurance. The origin of the fire is not known.

Reports Loss of Cattle.

DEADWOOD, S. D., April 11.—(Special.)—Albert Malterner of Deadwood has returned from Lakeside, Neb., where he owns a large cattle ranch. He states that during the last blizzard one man lost 100 cattle out of a herd of 400. Many cattle were driven against barb wire fences in the blinding storm and were trampled to death. Most of the cattle perished from want of food. The grass in that vicinity is now two inches high.

Resume Civil Government.

BOISE, Idaho, April 11.—Governor Hunt today issued a proclamation abolishing martial law in Shoshone county. Martial law was proclaimed May 4, 1899, following the riots of April 29. WREATH FOR WASHINGTON

French Ambassador Places Flowers on Tomb of the First President.

CADETS TOUR THE HISTORIC PREMISES

Are Shown Over the Grounds of Mt. Vernon Residence and Into Room Occupied by Lafayette.

WASHINGTON, April 11.—There was a touching scene at Mount Vernon today when M. Cambon, the French ambassador, accompanied by the officers and cadets of the French training ship Duguay Trouin and other distinguished guests, placed a wreath of flowers on the tomb of Washington.

The occasion was commented on as being particularly indicative of the continued fraternal feeling existing between the two great republics of Europe and America.

After a brief ceremonial at the tomb the guests spent some time in looking at the main objects of interest in the mansion which Washington occupied while a resident of Mount Vernon and in straying around the spacious grounds surrounding it. In the mansion particular attention was paid to the room in which Washington died and to that in which the Marquis de Lafayette slept while a guest at Mount Vernon. Several group pictures were taken, one of them while the party surrounded the tomb and others in different parts of the grounds.

The party, which comprised seventy persons, and included a number of ladies, went down the river on the president's yacht, Sylph, returning to the city at 6 o'clock. Lunch was served on the homeward trip. At the navy yard, from which place the party embarked, they were welcomed by Commandant Silas Terry and the officers on duty there, and conducted aboard the vessel, the same courtesy being shown them on their return. The officers and cadets of the French ship returned to Baltimore, where their ship awaits them.

HONEST BUT IRREGULAR

Special Auditor Reports that Bookkeeping System in Philippines Needs Some Revising.

WASHINGTON, April 11.—A letter from A. L. Lawshe, auditor of the Philippines, has been received at the War department and certain portions of it have been sent to the postmaster general for his information.

The letter relates largely to the methods of keeping accounts, which are not approved by Mr. Lawshe and which have not been in accordance with the forms prescribed. Mr. Lawshe took four expert clerks when he went to the Philippines and these are going over the accounts. It is said at the department that there is no intimation of any fraud or wrongdoing, but that a system of bookkeeping is in vogue which lacks the business methods necessary to secure the best results.

The transmission of this letter to the postmaster general gave rise to reports that irregularities and frauds have been developed in the Philippines' postal service. Postmaster General Smith today gave an emphatic denial to the reports.

"The accounts as filed here," said Mr. Smith, "are certainly ample. They account satisfactorily for everything. As to irregularities, there is absolutely no word of foundation for such a story. Not long ago one of the most experienced inspectors in the postal service was sent to the Philippines and he made a thorough inspection of every detail of the work there. His report paid a high tribute to the condition of affairs. The reports from there show a handsome surplus, a showing that I only wish the service in the United States could make. There is nothing whatever to substantiate such reports."

TO BE SAMOAN ARBITRATOR

King Oscar of Norway and Sweden Will Pass on Various Claims.

WASHINGTON, April 11.—King Oscar of Norway and Sweden has accepted the post of arbitrator on the Samoan claims of the United States, Great Britain and Germany, although it has been made known that his illness thus far has prevented his giving active consideration to the subject. The German case has been made up and is now at Stockholm. The United States case is about completed. The British claims probably are in Stockholm by this time, although final word has not come to that effect.

King Oscar will have entire charge, not only of determining the amount, but of the more important determination of what claims arose as a necessary result of the military operations during the last uprising in Samoa.

STILL INDEMNITY QUESTION

No Appreciable Change in Negotiations of Foreign Minister at Pekin.

WASHINGTON, April 11.—There were no developments over night in the situation at Pekin so far as the State department is informed. The troublesome subject of indemnities is still engaging the attention of the ministers here and not much progress is being made toward a final settlement. Incidentally, exchanges are going on between the various foreign officers in a rather irregular manner and it is possible that they will eventuate in the arrangement of a basis of settlement. Some such course as this was found necessary to secure the original agreement upon which the ministers are now in negotiation with the Chinese envoys, the ministers themselves having failed to arrange a base for the negotiations.

ADMIT SPANISH WAR VETERANS

Hereafter the Loyal Legion Will Include Them in Its Eligibles.

WASHINGTON, April 11.—The military order of the Loyal Legion adjourned today to meet in San Francisco, succeeding the 9th day of April, 1905. Most of the session was devoted to the consideration of the amendments to the constitution, all the amendments recommended by the committee being adopted. The most important of these broadens the scope of membership and is particularly designed to admit veterans of the Spanish-American war, who possess the other qualifications. It makes eligible to membership of the first class those who served in the civil war.

The inscription on the cup is as follows: "Presented to Hon. George D. Meiklejohn on his retirement as assistant secretary of war by his friends in the War department, April 11, 1901."

Forest Reserve Supervisor Resigns.

DEADWOOD, S. D., April 11.—(Special.)—Supervisor Hamaker of the forest reserve of the Black Hills has resigned his position and has gone to Colorado on other business. He resigned for the reason that the department at Washington would not give the necessary money with which to operate the work in the Hills. Mr. Hamaker was compelled to pay for his office and stenographer from his own salary. No appointment has been made to fill the vacancy. C. W. Garbut of Sheridan, Wyo., has arrived in Deadwood to take charge of the office for the time being. He is the superintendent of forest reserves. The position of forest supervisor of the Black Hills reserve is an important one.

Prohibit Foot Ball and Dancing.

MARINETTE, Wis., April 11.—The school board last night decided to prohibit foot ball in the public schools. Resolutions were passed prohibiting the game on any of the school grounds in the city. The action was the result of popular prejudice against the game. The team has been one of the strongest in Wisconsin. A resolution prohibiting dancing in the public schools was also adopted.

Harrison Monument Fund Grows.

INDIANAPOLIS, April 11.—The movement toward erecting a monument to the memory of General Harrison in this city has been revived by Senator Fairbanks, who will head the subscription list with a contribution of $1,000. General John W. Foster, who was secretary of state during the Harrison administration, will also contribute $1,000.

Convicted of Murder.

WICHITA, Kan., April 11.—A special to the Eagle from Oklahoma City says: W. M. Yoder was found guilty today of the murder of A. J. Eyeck in August, 1899. Nerves Need Fuel

To feed the vital fires or they lose the power to regulate and control the body. Unnatural stimulants won't do. Like an air blast on dying embers they cause a sudden flash of heat—then all is dead. Give the nerves plenty of fuel, and the worry and fretting, the headaches, the nervousness, loss of sleep, deranged digestion, neuralgia, rheumatism and heart troubles, that burn up the brain substance and destroy the nerve-force, will disappear forever. Don't wait till the fires are burned out. Begin now.

"I was so nervous and restless that I could get little sleep, and the headaches were something dreadful. Pains would start in the temples and travel down the chords at the back of my neck to chest and arms. Doctors gave no relief, but Dr. Miles' Nervine cured me."
MRS. A. H. WIEMAN, German Valley, Ills.

Dr. Miles' Nervine

creates a good appetite, stimulates digestion, quiets nervous irritation, gives refreshing sleep and sends plenty of fresh blood to the furnaces of the brain and nerves.
