Meeting of Cattle Growers' Association at Rapid City.

OFFICERS ELECTED, COMMITTEES NAMED

Cowboys Indulge in Lively Sport of Conquering Frenzied Ponies and Hoping and Hiding Wild Range Steers.

RAPID CITY, S. D., April 11.—(Special.)

The meeting of the Western South Dakota Stock Growers' association in this city Tuesday was the most successful ever held. At first thought it would seem that a rainy day would spoil everything but the business part of the meeting.

The parade in the forenoon was good. The cowboy band made good music and Sweeney's hot biscuits from the roundup stove provided the fun.

A large number of cowboys rode their ponies, but the bicycle part of the parade was left out on account of the rain.

At 1:30 p. m. the business meeting of the association was called to order in the Harney office, which had been seated with a couple of hundred chairs.

John R. Brennan, agent at Pine Ridge, was called for and responded in a few words.

Upon motion the roll call and reading of minutes were dispensed with.

A call for W. E. Skinner of Chicago was responded to by that gentleman, and he took advantage of the opportunity to invite all to attend the Second International Live Stock exposition in Chicago next fall.

The executive committee's report was then read. There have been 235,000 range cattle inspected, of which 5,500 were South Dakota cattle.

The financial report showed a balance last year of \$741.53. The expenditures this year have been \$14,843.33, leaving \$233.42 in the treasury.

A considerable amount of money has been expended in range detection and prosecutions in all States.

The following gentlemen were then named as executive committee: J. Q. Anderson, J. M. Brown, W. H. Reed, W. C. Irwin, J. C. Craig, Albert Taddiken, Edward Stenger, J. A. Dawson, E. H. Johnson, C. K. Howard, F. H. Stewart, C. M. Lamson, G. E. Irwin, J. P. Irwin, J. M. Williams, J. D. Patton and J. W. Stetter.

A resolution was passed requesting our senators and representatives to use their best endeavors to secure proper legislation for the state of South Dakota over Indian reservations in the state.

A resolution was also passed extending thanks to K. C. Moorehouse, retiring general freight agent of the Elkhorn, for courtesies extended.

The following resolution was also passed: Resolved, That section 3 of our bylaws shall be changed to read: "The annual meeting shall be held on the first Tuesday of April at 10 o'clock a. m. in Rapid City, at such place as the executive committee shall determine."

A motion to adjourn then carried and all unfinished business was left to the executive committee.

Wild Cowboy Recreation. Then began the cowboy sports, and it was wonderful how the large crowd remained so good-natured, tramping about in the mud and rain.

The steers were too much for the best of the cowboys to rope; five of them getting away. Great interest centered about

ENGLISH ATHLETES REPLY

Agree to New York as Place for International Track Games

BALK ON LENGTHENING PROGRAM

Reject Pole Vault and Two Hundred and Twenty Yard High Hurdle and Agree to Eight-Fat Under Protest

LONDON, April 11.—The reply of Oxford and Cambridge to the challenge of Harvard and Yale for a series of track games this summer, which was sent to them last night, is to accept New York as the place of meeting and that the program should be the same as in 1899, except that the three-mile run is changed into a two-mile run.

Only those eligible to enter the international sports of 1901 are eligible to take part in the new series. But the English athletes have rejected the proposal to increase the program from nine to eleven events on the ground that the pole vault and 220 yards' high hurdles are not in vogue in the Oxford and Cambridge sports and that the putting the weight from which events Harvard and Yale suggested that they be chosen to increase the program has only been reluctantly included in the Oxford and Cambridge sports.

It is also pointed out that an increased program would make a more numerous and heavier expense and that it would be more satisfactory to have a return meeting with exactly the same events as decided at the Queen's club in 1899.

Date Held to Agree Upon. Regarding the date the reply says that a date at the end of July is just possible, but it is very difficult. July 15 is impossible owing to the proximity to the term, the inter-university cricket match and the Henley regatta.

A full team therefore could not possibly leave until after July 8. It is hoped on this account and also on account of the extreme heat in New York during the month of July that a date at the end of September will be acceptable to Harvard and Yale.

C. N. Jackson, treasurer of the Oxford Athletic club, when questioned regarding the more recent cable dispatches saying that a September date is impossible for Harvard and Yale, said to a representative of the Associated Press:

"This constitutes the real difficulty, though I trust it is not fatal. Nothing further can be decided until the Oxford-Cambridge committee meet again, which will occur as soon as the Harvard-Yale letter arrives."

TERRIBLE TERRY IN TOWN. Looks Like a Real Gentleman Instead of a Little Professional Bragger.

Terry McGovern, champion featherweight and bantamweight pugilist of the world, carried in Omaha yesterday while en route from New York to San Francisco. He was accompanied by Mrs. McGovern, Sam H. Harris, his manager, Mrs. Harris, August Ziegfeld, Joe Humphreys and Danny Dougherty, all of New York.

McGovern was the center of attention wherever he went while in the city. At the Millard hotel the billiard room was crowded while Terry and some of his friends indulged in a game of billiards.

McGovern was naturally attracted in a well-fitting suit and Sunday and said he wanted 1,000 men to come out and hear why he left the Presbyterian church of Dell Rapids.

The opera house was crowded. Numbers of women were present. He opened service with prayer and song, and made a bitter attack upon the members of the Presbyterian church.

IOWA MAN WORKS BANKS. Obtains Money on Three Drafts That Were Soon Dishonored.

DEADWOOD, S. D., April 11.—(Special.)—Chief of Police Grimshaw last night arrested Charles J. Braun of Perry, Ia. He is charged with having obtained money under false pretenses. Braun is a member of the First National bank and made a draft on the First Bank of Perry, Ia., for \$250.

The cashier was asked to advance him \$50 until his draft could be heard from, which was done. In a short time a note came from the Bank of Perry saying the Braun was not known there. It has been ascertained that he made drafts on the bank at Perry, O'Neill and at Chadron, giving different names. The drafts at each place called for the same sum as that made at the Deadwood bank.

The three former are familiar with the details of the crime and Moody will testify as to the general reputation of Tier in the Hills for the last twenty-five years. D., April 11.—(Special.)—The Sioux Falls Elks will probably send a delegation to the dedication on the evening of April 19 of the new \$35,000 home erected by the Elks of Council Bluffs, Ia. Those who are contemplating a trip to Council Bluffs are John T. Cogan and John C. Farley, citizens of Sioux Falls. If the Sioux Falls delegation makes the trip the members will likely stop over in Sioux City on their return to attend a minstrel performance to be given by the Elks of that city.

LOOMIS TELLS THE SECRET

Says President Castro of Venezuela Wanted Great Nations to Clash.

MINISTER HIMSELF WILL NOT RETURN

Says He Has Served Four Years. Steered Affairs Past the Danger Point and Now Quits.

SAN JUAN, P. R., April 11.—Mr. Loomis called for the United States this afternoon by the boat to the liner Caracas. He emphatically declined to disclose the nature of his report to President McKinley, but judging from casual remarks which he let fall, he is quite antagonistic to President Castro.

"President Castro told the Venezuelans," said Mr. Loomis, "that they and the Europeans in Trinidad are at liberty to seize claims in the Orinoco. It was evidently his intention to embarrass the United States government and force it to make armed demonstration, such as would possibly lead to trouble with foreign nations, owing to the large German and English interests on the coast.

The Venezuelan Constitutional convention elected Castro provisional president until the autumn, when there will be an election for an eight-year term. General Andrade will not be president, but his friends are working and a revolution is possible in the course of a year. He is now at Caracas awaiting developments.

The situation is so far as the United States government is concerned has passed the acute point. Such difficulties as existed can be settled diplomatically.

LONDON, April 11.—At a general meeting of the North Collieries company, limited, held today, the directors have just made further representation to the foreign office, claiming damages for the illegal action of the Venezuelan judges respecting the company's properties in that country.

Through the British minister at Caracas the Foreign office had already rescued the mines and machinery of the North Collieries company from an embargo made possible by the Venezuelan court's decision of justice through trumped-up cases. The company now wants reimbursement for the expense forced upon it and anticipates that the government would present the claim in a manner to secure satisfaction.

They relieve temporarily the inflammation in the throat and nose, and enable you to breathe more easily and freely, but the continual rush of impure blood to these parts keeps up the irritation and ultimately produces ulceration of the glands, when the breath becomes exceedingly offensive and the soft tissues of the nose are frequently destroyed. The catarrhal inflammation extends over the entire surface of the mucous membrane, or inner skin; the stomach, kidneys and lungs are often involved, while the whole system is affected by the rapid absorption of poisonous matter into the blood, and the disease that you had hoped to cure with simple local remedies, assumes a dangerous form.
