

Kodol Dyspepsia Cure

Digests what you eat.

We would like to call your attention to the following letter:

Dear Sirs—I have been suffering from dyspepsia for 21 years. Whenever I would take a strong diet I would bloat up in the stomach. I would suffer great pains in the head and stomach and would be obliged to take to my bed and remain sometimes for a day and night. Nothing I took did me any good until last winter when some one advised my husband to get for me a bottle of KODOL DYSPEPSIA CURE, which he did. I used several bottles of it and I am happy to say I can eat any kind of strong diet. I please. I can sleep well at night and I feel like another person altogether. I cannot give Kodol Dyspepsia Cure too much praise, and I will highly recommend it to all sufferers of dyspepsia.—Mrs. Peter Kluge, Hopewell, Pa.

It can't help but do you good

There is a very simple reason why Kodol Dyspepsia Cure invariably cures the worst cases of indigestion even after everything else fails, and that is because it is the only preparation known that contains all the digestants and completely digests what you eat.

Kodol Dyspepsia Cure
Prepared only by F. O. Dewitt & Co., Chicago. The 21 bottle contains 21 times the dose size.

PLAN FOR SPRING ROUNDUP

Stock Growers' Association Fixes Schedule for May and June.

ORGANIZATION PROVES ITS VALUE

Detectives Put Over Two Hundred Thousand Dollars into Pockets of Owners, Through Finding of Estrays.

RAPID CITY, S. D., April 12.—(Special.)—Rapid City people have done themselves noble at the annual meeting of the Western South Dakota Stock Growers' association. Every feature of the program was carried out and the prizes offered for various contests were paid. The meeting was the best attended in the ten years of its organization. It was shown by the various reports that the association is now indispensable to the cattle industry of the Black Hills.

The association detectives and the detective force of the Wyoming Stock Growers' association, who are employed at the markets to look out for stolen stock, have added over \$200,000 to the pockets of the individual owners of stock, owing to the finding of estrays. Over 6,000 head were found and the returns sent to the owners. The association requests that a bill of sale be given by the owners of all stock sold, which will greatly lessen the work of the stock inspectors. A bill of sale from the southern cattlemen to the northern buyers would also lessen the troubles of the stock inspectors of the two different sections of the country.

The new feature of outdoor sports, inaugurated by the Rapid City people at this meeting of the association, was a pleasant thing and it will be continued at the future meetings. The following program has been arranged by the association for the spring roundup:

1. Roundup begins May 25 at American creek, then down the Missouri to mouth of White river, then meeting Willard Franklin's wagon, then to White Clay Fork; then down Yellow Medicine to Missouri river; then up Missouri to mouth of Bad river; then up Bad river till meeting No. 1 wagon.
2. Franklin's wagon, beginning work at east end of Rosebud reservation, working all of reservation to forks of White river, meeting No. 1.
3. Beginning at 5 o'clock May 25 on Cut Meat district, beginning at 5 o'clock on Cut Meat creek, working both sides to mouth of Cut Meat creek; then to Ironwood creek; then to Little White creek; then to Redtail camp on Black Pipe; then to Sullivan's wagon, working down north side of Black Pipe; then to Tom Larvie springs; then to head of Cottonwood creek; then to Pine Creek; then to head of Cottonwood creek; then to mouth of Cut Meat; working both sides of Little White river to mouth; meeting Franklin's wagon at Forks; then up Big White river to Bartlett's ranch on White river. E. W. Thode, foreman.
4. Will be a continuation of No. 3; work on White river, then on Willow creek to head of Cave creek. I. J. M. Brown, foreman.
5. Begins at White Willow, after No. 3 reaches there, working all the range between the head of Cave creek and Bad river; then west to mouth of Sage creek, then to some river, then down the Cheyenne to mouth of Deep creek. Willard Franklin, foreman.
6. Begin at forks of Bad river, after No. 5 reaches there, working down Bad river to mouth of Sage creek, then to some river, then down the Cheyenne to mouth of Deep creek. Willard Franklin, foreman.
7. Begins at forks of Bad river, after No. 5 reaches there, working all the range between the head of Cave creek and Bad river. Jack Jordan, foreman.

FOUND GUILTY OF CONTEMPT

Judge Dickinson Decides that Council Bluffs Suburban and President Wattles Violated Injunction.

Judge Dickinson yesterday found the Omaha, Council Bluffs and Suburban Railway company and its president, Gordon W. Wattles, guilty of contempt of court for violating an injunction issued by Judge Keyser last December 15. The "good roads" people see in it a valuable adjunct to the improvement of the public highways throughout the United States.

The "good roads" people see in it a valuable adjunct to the improvement of the public highways throughout the United States.

Messrs. Wattles, Millard and Dimmock and the Omaha, Council Bluffs and Suburban Railway company were charged with having violated a restraining order issued by Judge Keyser on December 15 last. The order was issued in the case of the East Omaha Land company against the Omaha, Council Bluffs and Suburban Railway company and restrained each and all of the officers of the railway company from removing certain tracks and machinery previously constructed by it in East Omaha and Council Bluffs. It was alleged that the tracks of the railway company on Avenue C in Council Bluffs were removed subsequent to and in violation of the order of the court.

Mr. Millard submitted an affidavit, in which he said that he was merely a nominal officer of the railway company and paid no attention to the order of the court when it was served on him for the reason that he believed the active officer of the company who was also a party to the action would attend to the matter. He denied he knew anything of or had anything to do with the work that was done in Council Bluffs in violation of the court's order.

Mr. Wattles made affidavit that the restraining order was served on him on Saturday night, December 15, just before his departure on an eastern trip, and that he sent the order, together with other papers in the case, to Mr. Dimmock, the manager of the company, at Council Bluffs. He also sent to Mr. Dimmock a letter calling his attention to the restraining order and directing him to consult the company's attorney about it at once and act upon such advice as the attorney gave him.

Mr. Dimmock made affidavit that the letter written to him by Mr. Wattles and all the papers accompanying it, including the restraining order, were delivered to him on Sunday, December 16, but, being under the impression that the old papers that the president of the company was returning to him for safe keeping, he had them placed in the vault of his office without looking at them carefully. The work of tearing up the tracks in Council Bluffs was done in violation of the court's order issued on December 15, and continued until the following Wednesday at noon, when the general manager was first informed of the order issued by the district court of Douglas county, and then it was stopped. Dimmock swears that he did not know anything of the order and the copy of the order of the court sent to him with it until Saturday, December 22.

The attorneys for the land company submitted a number of affidavits to substantiate their charge that Dimmock had knowledge of the restraining order issued by Judge Keyser at the time he ordered the tracks on Avenue C torn up. They argued that Mr. Wattles, as president of the company, was guilty of contempt because he had not made the proper effort to prevent the company from violating the order issued by Judge Keyser. No attempt was made by the lawyers to convict Mr. Millard, for the reason that he was clearly blameless in the matter. In the case of Mr. Dimmock, who resides in Iowa, there was no attempt to establish the jurisdiction of the court. Judge Dickinson said that he might fine the company \$200 and Mr. Wattles \$25, and their attorney, Mr. Connell, expressed his willingness to settle, but the other side was not satisfied. Messrs. Greene and Kinisler, who represented the land company, insisted that the company should be required to replace the track it had torn up in violation of the injunction of the court. A question was raised as to the power of the court to order the track relaid, and the case went over to next Tuesday morning, when the point will be argued to the court.

SIoux FALLS, S. D., April 12.—(Special.)—South Dakota will, during the coming summer, be the scene of a rush for newly opened government land which, in proportion to what all our readers need, is a counterpart of the rush for the lands of the Kiowa and Comanche reservations in Indian Territory, when they are opened to settlement the latter part of the summer.

The eastern portion of what is now the Rosebud reservation, situated in the southern part of the state along the Nebraska border and west of the Missouri river, will be opened. An amendment to the last Indian appropriation bill authorized the secretary of the interior to detail an Indian inspector to get the Indians consent.

Major James McLaughlin, the best known of the Indian inspectors now in the service of the government, has arrived at Rosebud agency to open negotiations with the Indians for the sale of the land to the government. The land proposed to be opened to settlement is situated within the borders of Gregory county. A small portion of the county, formerly a part of the Great Sioux reservation, was opened to settlement in 1890 at the same time the 11,900,000 acres of which it was a part were opened. Entries will be made at the United States land office at Chamberlain, S. D., the land being in the Chamberlain district.

A GOD-SEND TO ALL HUMANITY.

Remarkable Invention of an Ohioan that Guarantees Perfect Health, Strength and Beauty to Every User, and Cures without Drugs All Nervous Disease, Rheumatism, La Grippe, Neuralgia, Blood and Kidney Troubles, Weakness, and the Most Obstinate Diseases, by Nature's Methods of Steaming the Poisons Out of the System.

Ministers and Those Who Have Used It Declare It to Be the Most Remarkable Invigorant Ever Produced, Better Than Any Treatment at Hot Springs, Sanitariums or Health Resorts.

A prominent business man of Cincinnati has invented a Vapor Bath Cabinet that has proven a blessing to every man, woman and child who has used it, and as many of our readers may not know of its real comfort and blessing, we illustrate it in this issue.

Our recent investigation of this remarkable invention was so very satisfactory we have no hesitancy in indorsing the same as just what all our readers need.

It is an air-tight inclosure, a rubber-walled room, in which one comfortably rests on a chair, and with only the head outside, enjoys at home, for 2 cents each all the benefits of the famous Turkish, Hot Vapor, Hot Air or Medicated Vapor Bath, with no possibility of taking cold.

Bloomington, writes that the Cabinet did him more good than two years' doctoring, entirely cured him of catarrh, gravel, kidney trouble and dropsy, with which he had long been afflicted.

Hundreds of Ministers write, praising this Cabinet. Rev. H. C. Roemer, Everett, Kan., says: "It is a blessing, made me full of life and vigor, should be in use in every family." Rev. J. C. Richardson, N. Fifth St., Roxbury, Mass., was greatly benefited by its use. And recommends it highly, as also does Prof. R. E. P. Kline, of Ottawa University, who says: "I feel it a great blessing, and Christian should not without it." Hon. V. C. Hay, St. Joe, Mo., writes: "Physicians gave me up to die, was persuaded by friends to try this Cabinet, and it cured me. I can not praise it enough." Rev. Baker Smith, D. D., Fairmont, N. J., says: "Your Cabinet rids the body of aches and pain, and as cleanliness is next to godliness, it merits high recommendation." A Congressman John J. Leutz, Hon. Chamberlain of Denver, John T. Brown, Editor of "Christian Guide," Rev. C. M. Keith, Editor of "Holiness Advocate," as well as hundreds of clergymen, bankers, lawyers, physicians and influential people, recommend it highly.

Physicians are unanimous in claiming that colds, la grippe, fever, smallpox, consumption, kidney trouble, Bright's disease, cancer—in fact, all diseases, are cured by this Cabinet.

Marvelous Eliminator Power
This Cabinet that no disease can gain a foothold in your body if you take these hot vapors, is the most wonderful of all inventions ever brought out in a very instructive little book issued by the makers. To

Cure Blood and Skin Diseases
This Cabinet has marvelous power. Dr. Shepard, of Brooklyn, states that he has never failed to draw out the deadly poison of such diseases as Eczema, Psoriasis, etc., by this Vapor Bath, proving that it is the most wonderful blood purifier known. If people instead of filling their systems with more poisons by taking drugs and nostrums, would get into a Vapor Bath Cabinet and steam out these poisons, and assist nature to act, they would have pure blood in a skin as clear and smooth as the most fastidious could desire.

The Important Feature
of this Cabinet is that it gives a hot vapor bath that opens the millions of pores all over the body, stimulating the sweat glands, drawing out all the impure acids, acids and effete matter, which, if retained, overwork the heart, kidneys, lungs, and cause disease, debility and sluggishness. Asthma, hay fever, rheumatism, indigestion, feeling and complexion. The first bath makes you feel like a new being; 10 days you are cured.

With the Cabinet, if desired, is a Head and Complexion Steamer to which the face, hair and neck are given the same vapor treatment as the body, producing the most wonderful results: removes pimples, blackheads, freckles, cures Catarrh, Asthma and Bronchitis.

O. C. Smith, Mt. Healthy, O., writes: "Since using the Cabinet, my catarrh, Asthma and Hay Fever, with which I have been afflicted since childhood, has never returned. Worth \$100 to me. I have sold hundreds of these Cabinets. Every one was delighted. My wife finds it excellent for her ills."

Whatever Will Hasten Perpiration
every one knows is beneficial, but other methods are crude and indolgent when compared to the convenient and marvelous curative power of this Cabinet, known as the new Quaker.

Quaker Folding Thermal Bath Cabinet. We find it to be a genuine Cabinet, with a real door, opening wide, as shown in cut. When closed it is air-tight, handsomely made of best, most durable, water-proof goods, rubber lined. A heavy steel frame supports it, making it a strong

Makers Guarantee Results.
They assert positively, and their statements are backed by a vast amount of testimony from persons of influence that this Cabinet will cure nervous debility, Debility, Purify the Blood, Beautify the Skin and Cure Rheumatism. They offer \$500 reward for a case not relieved. Cures the most obstinate cases of Women's troubles, Catarrh, Pimples, Freckles, Gout, Rheumatism, Eczema, Scalded Feet, Dropsy, Throat and Skin Diseases, Liver and Kidney Troubles. It will

Cure the Worst Cold
with one bath, breaks up all symptoms of Grippe, Fever, Pneumonia, Consumption, Asthma, and is really a household necessity. Gives the most

Cleaning and Refreshing Bath
known, and all those enjoying health should use it at least once or twice a week, for its great value is its marvelous power to draw out of the system all impurities that cause disease, and for this reason is truly a Godsend to all humanity.

HOW TO GET ONE.
All our readers who want to enjoy perfect health, prevent disease, or are afflicted, should have one of these remarkable Cabinets. Space prevents a detailed description, but it will bear out the most exacting demand for durability and curative properties.

Write the only makers, The World Mfg. Co., 305 World Building, Cincinnati, O., and ask them to send you their valuable illustrated Book FREE, describing this invention and these remarkable Baths. The price of the Cabinet is wonderfully low, only \$5.00, complete, with heater, directions and formulas. Also Prof. Germ's \$2.00 book, health and beauty, free. Head attachments, if desired, \$1.00 extra, and it is indeed difficult to imagine where one could invest that amount of money in anything else that guarantees so much health, strength and vigor.

DON'T FAIL TO WRITE TODAY
for full information; or, better still, order a Cabinet; you won't be disappointed, as the makers guarantee every Cabinet, and agree to refund your money after 30 days' use if not just as represented.

We know them to do as they agree, they are reliable and responsible; capital \$100,000.

The Cabinet is just as represented, and will be shipped promptly. You can remit safely by express, P. O. money order, bank draft, or certified check.

Don't fail to send for booklet, any way.

This Cabinet is a wonderful sale. More than 20,000 were sold last month by agents, and the firm offers special inducements to both men and women upon request, and our knowledge many are making from \$100 to \$150 every month, and expenses. Don't fail to write them.

MUST MAKE ROADS GOOD

Otherwise Rural Sections Will Lose the Benefits of Free Mail Delivery.

WASHINGTON, April 12.—(Special Telegram.)—The extension of rural free delivery and the modified regulations being prepared to govern the establishment of the service will no doubt be an important adjunct to the "good roads" movement. One of the prerequisites to the establishment of rural delivery is that roads in the territory to be covered shall be in good condition in order that mail service may not be interrupted. An important addition to the regulations in this connection has been found necessary on account of the bad condition of roads in a number of western and northwestern states, where, during the past spring, delivery of mail on many routes has been interrupted from one to seven days. This condition of affairs is found to exist in northwestern states more than any other section, although full reports have not been received.

In a list of routes where mail service was interrupted owing to bad condition of roads it is shown that there are forty such cases in Iowa, seven in Minnesota, five in Wisconsin, several in Illinois and isolated cases in northern states. These routes were established at a season of year when the roads were easily traversable and no consideration was given by the agent to the possibility of the roads deteriorating to such an extent as to interfere with the delivery of mails. It is announced at the Postoffice department that the people on the routes affected will be notified at once that unless the roads are so improved as to obviate a recurrence of the condition
