

MAY CAUSE A RATE WAR

Burlington Route Announces Independent Western Tourist Rates.

THEY WILL PROBABLY FOLLOW

Union Pacific Maintains a Conservative Position, but Will Most Likely Meet the Burlington Figures for Summer Jaunts.

The announcements from the Western Passenger association of the independent action of the Burlington in making western tourist rates for this summer were received at the headquarters of the various roads in this city yesterday morning.

The attitude of the Union Pacific is still a matter of doubt, though that road is supposed to hold a conservative position.

The Burlington offers a special round trip from points in the territory of the Western Passenger association to Denver, Colorado Springs and Pueblo, July 1 to 9 and September 1 to 9.

A general proposition is also made of one fare for the round trip, plus \$2, between June 15 to 30, July 10 to August 31 inclusive, to Colorado and Utah points.

And the prices we intend to sell them at on Saturday will create the greatest sensation the city has ever known.

WEBSTER IN FAVOR OF ART

Real Estate Men Listen to an Address on How to Improve Omaha.

At the meeting of the Real Estate exchange yesterday a telegram was received from Senator Millard expressing regret at his failure to be present.

President Green introduced John L. Webster, who addressed the exchange.

Mr. Webster talked upon how to make Omaha a more desirable city to live in.

"Many people already think that Omaha is a desirable city to live in, while others think that it may be made better.

"Let us pay more attention to the beautiful in nature. In Europe they tear down houses to beautify the city and plant trees along the streets.

"Then we should provide places of entertainment for visitors. Get better hotels. We have good ones of their class, but we should improve the class.

"One of the things to be avoided is a disappointment to visitors. Pay more attention to art, not only in architecture, but in all things."

A note of thanks was extended to Mr. Webster for his address.

Appointment of the north forty-four feet of the east half of lot 2, block 23, at the next meeting was requested.

On motion of E. A. Benson a committee of three was appointed to urge the planting of trees on Arbor day.

C. S. Benawa brought up the question of the June festival and urged all members of the exchange to purchase tickets.
