In a dispatch Sir Alfred Milner reviews the situation in South Africa and says he had hoped some definite point would be reached at which it would be possible to the war and forecast of administrative reconstruction which must succeed it.

'But I am reluctantly forced to the conclusion that there will be no such dividing line," continues Sir Alfred Milner, "and I have not the slightest doubt of the ultimate result, but I foresee that the work will be slower, more difficult, more harassing and more expensive than was at one time anticipated.

WRESTLER BURNS IN TOWN Champion Middleweight Wrestler

Local Pavorite, Saturday Night.

Comes to Meet Frank Coleman,

Farmer Burns, middleweight champion wrestler of the world, arrived in the city yesterday morning. Saturday night at the Trocadero he will meet Frank Coleman, the local favorite, at catch-weights, and Prof. Coleman will do his best to wrest the championship from his opponent.

The match promises to be first-rate in every particular, and admirers of the wrestling game are looking forward to it with a good deal of interest. It is the most important match Coleman has ever engaged in. During the last two years that he has been a resident of Omaha he has defeated all comers, and is touted by many of his local admirers as being invincible. Coleman expects to win his match with Burns, the is in splendid shape and has no hesitancy in declaring that he will put up the battle of his life Baturday night.

Burns and Coleman met on the mat about two years ago in a handleap match. Burns agreed to throw Coleman and another wrestler twice in an hour's time. He succeeded in landing Coleman twice and his partner once, but he couldn't throw Coleman's partner the second time. Because of this match Coleman and Burns are not strangers to each other. The local man believes his experience in the former match will be valuable to him now because of his having gained a familiarity with some of Burns' maneuvers.

Coleman is tackling an especially big proposition, for the reason that he is taking on Burns at catch-weights, thereby giving the champion the advantage of the weight. Coleman will weigh in at 158 pounds, and Burns will probably go him ten pounds better. Coleman's confidence in his own ability and his desire to get in the championship class, however, caused him to agree to the handleap in favor of his opponent.

Nobleman was at long odds. The start was good and Caviar and The Unknown raced head and head to the wire, Caviar winning by a nose, The Unknown beating Nobleman a head for the place.

Miss Blarney seemed to like the soft going and won the first race handliy. Miss Charlie, an outsider, galloped home in the second event at five furiongs. IOWA REGATTA AT MANAWA

Frecutive Committee of State Rowing Association Sets Date.

TWO DAYS IN JULY FOR AQUATIC SPORTS

Sailing, Rowing, Swimming, Tub Races and Other Events to Draw Crowds to Council Bluffs-Officials Are Delighted.

The annual regatta of the lowe State Rowing association will be at Lake Manawa, Council Bluffs, July 18 and 17. This was decided upon yesterday afternoon at the meeting of the executive committee of the association in Council Bluffs.

J. R. Lindsay of Dubuque, president of the association, was unable to be present, and was represented by D. D. Myers of that city. The other members of the committee in attendance were: W. H. McCullough of Cedar Rapids, secretary; E. C. Currier of Sloux City, ensign; R. A. Belding of Burlington and E. A. Blood of Sioux City. Secretary Fenion of the local association had a special car waiting, and the members

of the committee were on their arrival taken to Lake Manawa, where they were entertained at the club house. The steam launch of the motor company was placed at their disposal and a trip of inspection was taken over the lake. The members of the committee expressed themselves as much pleased with the lake and unbesttatingly decided in favor of holding the regatta there this year. The formal action of selecting Council Bluffs as the place to hold the regatta this year was taken at a meeting held on the return to the city.

The regatta will be Tuesday and Wednes day, July 16 and 17. The association races will consist of the following events: Senior and junior fours, senior and junior doubles and senior and junior singles. The junior races will be rowed off on the first day and the senior events on the second day. Other Aquatic Sports.

The two days' sport will be rounded out with a program to be arranged by the local association. These events will comprise sailing, rowing, swimming and tub races, and possibly other aquatic sports. Medals will be offered as prizes in all of the association races.

These cities are represented in the Iowa State Rowing association: Dubuque, Sloux City, Burlington, Ottumwa, Cedar Rapids, Waterloo, Storm Lake, Clear Lake and Council Bluffs.

This is the first year that Council Bluffs has secured the association regatta and the members of the local club are much pleased, and will put forth every effort to make it a great success. The regatta is expected to bring a large number of visitors to this city. the railroads having been in the habit of running excursions wherever the event has been held. Last year the regatta was held at Waterloo and the excursion from Des Moines alone brought about 2,000 people to that city.

Secretary McCullough Pleased. W. H. McCuliough, secretary of the state association, said: "I am much pleased to see the regatta come this year to Council Bluffs, and I feel sure that the committee's action will meet with general satisfaction in the cities represented in the association. Lake Manawa is a beautiful piece of water, and a prettier place could hardly have been selected for the two days' meeting of the 'men behind the oars.' The local club has nice quarters, and I understand it intends building a new house this summer, so the members will be in splendid abape to take care of their guests. The lake is easy of access, and with fine weather there is nothing to prevent this year's regatta from being a great success. I feel sure that it will not be the fault of the ocal club if it is not.

The members of the committee were en tertained at a smoker and luncheon last evening in the league rooms at the Grand hotel by the members of the Council Bluffs Boat club.

SCOURING YOUR SCALP

Will Remove the Loose Dandruff. Iw your hair is rbittle and thinning you have dandruff. The merely scouring of the scalp of the loose scales won't cure dandruff, because dandruff is nothing but scales or scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair, where it saps the vitality, causing falling hair and in time baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ, and the only preparation that can do it is the new scientific discovery Newbro's Herpicide. In fact, no other hair preparation claims to kill the dandruff germ-al of them wil clean the scalp; soap and water will do that, but only Newbro Herpicide gets at the root of the trouble and kills the dandruff germ.
