IRISH PRESS CONDEMNS INCOME TAX unteers ordered home for discharge before

Also Scores Increased Sugar Duty as Imposition on Nation that Has Condemned the Cause

of It.

LONDON, April 19.-Taken as a whole, the comments of the country on the proposais of the chancellor of the exchequer in the budget statement presented yesterday cannot be regarded as unfavorable. The outstanding feature of the public's recep.lon of the budget is the outery from the coal districts, and in a lesser degree. The regular troops in the Philippines from the businesses affected by the will be brought home gradually and the sugar tax. In cost centers the export duty regarded as confirming the idea in some radical quarters that the government is riding for a fail, but the well informed consider it possible that the chanceller of the | United States. exchequer will be induced to exempt from the new duty all contracts made prior to today, thus relieving the pressure on the middlemen, who have bought or sold coal for future delivery. This, it is believed, will go far to reconcile the coal trade generally to the new imposition. In the meanwhile, however, the opposition of the coal owners is augmenting hourly. The chambers of commerce in the coal districts are protesting in vigorous terms. The Cardiff exporters scent ruin and their markets being captured by American and German coal. The manufacturers, on the other hand, flatter themselves that the effect of the tax will be to lower prices and lessen competition in iron and steel.

Sugar Goes Up.

The grocers advanced sugar a halfpenny per pound this morning in London. British American and British press will enable the advantage. refined sugars were very strong and jumped Chinese general to profit by the excellent 2 shillings to 2 shillings 6 pence a hundredweight.

and preserve makers advanced prices 4 pedition before its arrival. This writer as- line will benefit this territory more than shillings and 6 pence and 2 shillings and 6 pence per hundredweight, respectively. have done immense damage to the cause of time." The Scotch sugar refiners put on 3 shillings

to 4 shillings and have abolished discounts. There was practically no business today on the Greenock Sugar exchange, owing to the extensive buying prior to the budget announcements. The president of the Refiners' association expresses the opinion that the tax will work out beneficially. A steamer with a cargo of continental sugar arrived at Greenock last evening after

the custom house was closed and was refused permission to unload. The duty on its cargo amounts to £2,000. The importers imposed when the steamer arrived and therefore they will contest payment of the

The budget had little general effect on the Stock exchange here today, apart from weakening consols. This premier security opened half a point lower at 94%, but later recovered somewhat. The price today is be held tomorrow. General Chaffee, with the lowest since 1892. Business became brisk and the market indulged in a game of ping-pong, with consols for balls.

There is reason to believe that the best financial circles approve of borrowing on consols. There is some expectation of the new loan coming tomorrow. The market talk auggests that the issue price will be 941/2 and already dealings have occurred at 1/2 to % premium.

Coal Business at Standstill.

The export coal business at the Cardiff docks was at a standstill today. Merchants refused to ship and take the responsibility of the new tax while the colliery owners repudiate any liability. The Scotch ex- fill sixteen pages of the Gazette. rters of coal are of the opinion that the United States is bound to capture the West Indian coal market. The ship owners of Glasgow anticipate that a portion of the duty will come out of their pockets. The comments of the afternoon newspapers here follow the lead of the morning papers generally in anticipating that the more active agitation will soon pass off.

The Irish newspapers condemn the income tax feature of the budget, and they think the sugar duty will press specially hard on Ireland, owing to the general poverty of the people. The Dublin Independent remarks: "The imperial tax gatherer will thereby be enabled to draw out of Ireland General Bruce Hamilton are made major an additional £500,000 for the South African generals. Colonel Robert G. Broadwood and war, which as a nation we have emphatically condemned.

Cripple Creek Passenger Train and Light Engine Meet, Injuring Several Persons.

FLORENCE, Colo., April 19 .- A headend collision between a passenger train and a light engine occurred on the Florence & Cripple Creek road today near Russell seven miles north of this city. Six persons were injured. They are:

Hugh Conway of Canyon City, fireman on passenger train, left foot crushed. James MacLaren, engineer on passenger train, several cuts about head, neck and shoulders.

Engineer Mason, cut about face. John Brown, conductor on passenger train, back badly wrenched.

F. W. Perry of Denver, chest crushed. Charles T. Sprague, newspaper man from Atlanta, Ga., nose broken and cut about bead.

The accident occurred on a sharp curve. A light engine was coming from Cripple Creek and was trying to make the siding at Oro Junction. As the passenger train was running at a speed of about ten miles an hour, both engines were entirely demolished.

Commercial Club Decides in Favor of Kansas & Southern Line.

URGES BIG ISSUE OF COUNTY BONDS

Construction of New Road Indorsed by Local Business Men and

Visitors from City of Emporin, Kansas.

If the sentiment of the Commercial club as expressed at a meeting of that organization last night, prevails throughout Douglas county, \$250,000 of bonds will be voted to aid the construction of the Kansas & Southern railroad from Omaha to Emporia, Kan., a distance of 250 miles. Last night's meeting was for the purpose of hearing and acting upon the report of the special committee appointed by the club on April 12 to investigate the propo-

sition of the railroad company. Euclid Martin was made chairman of he meeting and he appounced that before the report of the committee was presented the club would be pleased to hear of a quorum of seventy was accepted. P. G from the business men of Emporia who had come to Omaha in the interest of the

proposed railroad. J. E. Evans, president of the Emporia Business Men's association, was called upon and responded by expressing his apgood authority, that Governor Allen, now preciation of the hospitable reception given the Kansans by the people of Omaha. G. H. Gates were elected as his assistants. He said he was not among the speakers that if the Porto Rico tariff is removed of the Emporia delegation, but there were next July, as reported, the import duties several in the party who could present from foreign countries into Porto Rico the railroad proposition fairly and he would leave the talking to them. Mr. Evans then introduced E. W. Cunningham, judge of the supreme court of Kansas.

Judge Cunningham Speaks

Judge Cunningham began by declaring his advice relative to the government of the pleasure in making the acquaintance of Nebraska men. "We in Kansas," said he, bave been strangers to Nebraska, its people and its institutions, while naturally we should always have been as close to you in our relations as we are geographically. Kansas and Nebraska were born together, and despite the fact that their interests are identical, they have drifted apart. Here we have a territory 400 miles wide and 400 miles the other way-taking the two states together-and it is the best piece of ground God ever made and threw out onto the world. We in Kansas know the people of Colorado, of Missouri, of Illinois and of states still further east, but we are strangers to the people of Nebraska. This is not as it should be. The histories of Kansas and Nebraska are synchronous and their destinies are one. The two states should be firmly united for grand larceny and they were sentenced to

the best development of both. "Nothing can unite the two communities penitentiary, but on account of an erlike the bonds of iron over which pass the roneous instruction to the jury the case messengers of commerce, and for that was reversed and remanded by the sureason alone we should have this proposed preme court. The cases have cost this railroad between Omaha and Emporia. You county \$2,000. The state was represented I respect this will, now that it is known may not know what Emporia is. I want by a number of witnesses who had pur-to say that it is a growing and thriving chased some of the stolen property. It is the center of the great cuttle-ruising in- EXAMINER TAKES CHARGE enjoying the liberty and the promised gendustry of our state. You have in Omaha one of the great cattle markets of the country and we want this market opened

to us by this proposed railroad. Wants Relief from Monopoly.

"In shipping to the east we have but one road, the Santa Fe, and while it is a good road we do not like the idea of the monopoly. With a direct line into Omaha we will be freed from paying tribute to Kansas City and your city may expect to receive a large portion of our business that now goes to the Missouri town. When you have tapped Emporia you will have tapped the entire cattle industry of Kansas. You will have tapped also an im mense new territory for your jobbers, not only in Kansas, but in states as far south as the gulf, which are reached directly from Emporla by the Missouri, Kansas &

Texas railroad." William Allen White, editor of the Em poria Gazette, the next speaker, said: "Emporta is here for the purpose of chloro forming the octopus by interesting Omaha if possible, in an undertaking that will relieve us from the oppression of a railroad monopoly. We are here for the purpose of twisting the tail of the meteor of commerce that is shoeting westward and turning its course to the south. This city of Omaha, being nearest to the grain raising fields of Nebraska and Kansas should be the great grain clearing point of the west. It can best take its rightful position in this respect by promoting the construction of a railroad that gives it an advantage over Kansas City as a grain

market. Senator Lee R. Wright, a prominent stock raiser of Kansas, pointed out many advantages to be derived by Omaha by the the court condemned them and ordered the construction of the proposed road. He said sheriff to destroy them within forty-eight that Omaha would get a large portion of hours. Sheriff Strong and Deputy Cumthe cattle shipments from Kansas if the road was built.

Report of the Committee.

Chairman Martin thanked the Kansans for their presence, and then called for the report of the committee, which was submitted by A. L. Reed as follows:

Your committee appointed at a meeting April 12 at the Commercial club-s, with instructions to consult with rooms, with instructions to consult with
the gentlemen representing the Kansas &
Southern Railroad company, and to secure
from them a proposition as to the construction of the proposed railroad from
Omaha to Emporia, begs leave to report.
That it has held three meetings with said
gentiemen and that it now submits to this
meeting the written proposition of the
Kansas & Southern Railroad company
hereto attached. Your committee reports
that in its belief and judgment the proposed railroad would be a good line for
Omaha, giving connections, as it would at
Emporia, with the Missouri, Kansas &
Texas railroad and the Santa Fe, both of
which lines run to the Gulf, and giving us
a direct route into a country from which which lines run to the Gulf, and giving us a direct route into a country from which we are today practically excluded. Your committee further reports that it has examined into the responsibility of the gentlemen promoting this proposed railroad and that they are all people of good standing, some of them of large means, and their proposition should be treated with respect. Your committee believes that Douglas country can well afford to vote some aid to this enterprise. Respectfully submitted.

A. L. REED

MACARTHUR WILL RELEASE PRISONERS

Proposes to Signalize Aguinaldo's Capitulation by Freeing One Thousand Upon Their Taking Oath of Allegiance.

MANILA, April 19.-The following is Aguinaldo's address to the Filipino people, made public this evening:

"I believe I am not in error in presuming that the unhappy fate to which my adverse fortune has led me is not a surprise to those who have been familiar with the progress of the war. The lessons taught with a full meaning, and which have recently come to my knowledge suggest with irresistible force that a complete termination of hostilities and lasting peace are not only desirable, but absolutely essential to the welfare of the Philippine islands. The Filipinos have never been dismayed at their weakness, nor have they faltered in following the path pointed out by their forti-

tude and courage. "The time has come, however, in which they find their advance along this path to be impeded by an irresistible force which, while it restrains them, yet enlightens their minds and opens to them another course, presenting them the cause of peace. This cause has been joyfully embraced by the majority of my fellow countrymen, who braska against Charles Lewis and John have already united around the glorious sovereign banner of the United States. In upon a charge of burglary, brought in a this banner they repose their trust and verdict of petit larceny. They were ar-reated in July, 1898, and bound over to people will attain all those promised liber-

the October term of district court. At ties which they are beginning to enjoy. Insurgents Should Heed.

"The country has declared unmistakably in favor of peace. So be it. There has been enough blood, enough tears and enough desclation. This wish cannot be ignored by the men still in arms if they are animated by a desire to serve our noble people, which

Proclaim to the world that I cannot refuse eral large institutions of learning and the Judge Morris sentenced the defendants to to heed the voice of a people longing for families yearning to see their dear ones

erosity of the great American nation. "By acknowledging and accepting the sovereignty of the United States throughout the Philippine archipelago, as I now do, and without any reservation whatsoever. I believe that I am serving thee, my beloved country. May happiness be thine." To signalize this important step in the of the defunct Lemars National bank. In pacification of the country General Mac-Arthur orders the release, on swearing allegiance to the United States, of 1,000 in-

surgent prisoners. Root Has Another Copy. WASHINGTON, April 19 .- Coincident with the issue of the manifesto at Manila city the last few days. The last day the Secretary Root made public the copy rebank was open for business they presented ceived from General MacArthur. This came two certificates of deposit, one for \$3,500, to hand on April 10 and differs slightly in the other for \$1,500, from Ward. Cashier phraseology from that made public in Koots refused to cash these, as there was Manila. General MacArthur informed the no record of them in the books of the department at that time that the manifesto bank, the only trace of them being the had been prepared by Aguinaldo, with the place where they had been taken out of the assistance only of the two staff officers who were with him at the time he was captured. Secretary Root declined to be interviewed on the subject of the manifesto further than OFFICERS DESTROY LIOUOR to say that it was dignified in tone and

admirably constructed. GOOD EFFECT IS EXPECTED

dministration Believes Aguinaldo's TECUMSER, Neb., April 19 .- (Special.)-Address Will Have Proper In-The cases against two of the wholesale fluence on Filipinos.

> WASHINGTON, April 19.-It is believed by the administration that the manifesto Aguinaldo will have a decidedly good effect in the Philippines and in this country. It will take some time for its dissemination among the Filipinos, but it is expected to be of considerable service and to make more rapid the change in the situation which set in some time ago and has become quite marked of late.

> Especial gratification is felt at the unreserved tone of the document and the full acceptance it indicates of American rule. This, it is felt, will bring to the support of the government many Filipinos who, wishing peace, have hesitated to assist the Taft commission. In this country it is expected to reduce the criticism of the administration and to cause less discussion of the general policy of the war in the islands and more consideration of the important matter of the best administration to be evolved for their government. It is to this work that the Taft commis-

five boys were buried by a cave-in. Four sion is now bending all its energies. Aguinaldo, now that he has accepted American sovereignty, probably will given more liberty than he has enjoyed hitherto. His services will be used as far barehanded The other four dug in the as possible in the pacification of the island. The extent, however, to which he will be permitted his freedom is for General Mac-Arthur to determine, with the assistance of the Taft commission, for the aim of the home government here will be to rest largely upon the views held by its repre-
